

Central Library Fiber Optic Installation CC-1722

Central Library Fiber Optic Installation

- Provides a direct fiber optic connection between City Hall and the Central Library
- Fiber and Communications Master Plan
- Connects to City's existing fiber optic network along Goldenwest Street
- Estimated Cost: \$145,000
- FY 2022/23 budget: \$107,000 – Infrastructure Funds
- Project cost increases due to increases in labor & materials since original budget was developed
