Transmittal Letter

CITY OF HUNTINGTON BEACH

2000 Main Street, Huntington Beach, CA 92648

CITY MANAGER'S OFFICE

Honorable Mayor and Members of the City Council:

I am pleased to present the FY 2026/27 Requested Budget for the City of Huntington Beach. This budget reflects a deliberate and measured approach to navigating ongoing fiscal pressures while continuing to align resources with the City's long-term priorities, consistent with the City Charter:

"We, the people of the City of Huntington Beach, State of California believe fiscal responsibility and the prudent stewardship of public funds is essential for confidence in government, that ethics and integrity are the foundation of public trust and that just governance is built upon these values."

Huntington Beach was ranked No. 34 overall in WalletHub's Best-Run Cities in America study and No. 1 for quality of city services. The City's "AAA" credit rating, most recently affirmed by Fitch Ratings on September 8, 2025, provides independent confirmation of the financial discipline and stewardship demonstrated by the City Council, leadership team, and staff.

In recent years, the City has successfully managed a series of escalating cost pressures, including employee compensation and insurance increases, inflationary impacts on operations and capital programs, and rising CalPERS pension obligations. While these efforts have preserved core services, they have also highlighted the need for a more structured and sustained approach to aligning ongoing resources with ongoing commitments.

The FY 2026/27 Requested Budget is balanced and totals \$590.0 million across all funds. This represents a \$33.3 million, or 6.0 percent increase, over the FY 2025/26 Adopted All Funds Budget of \$556.6 million. Although the budget is balanced for the coming year, current expenditure trends continue to exceed recurring revenue growth, reinforcing the need for continued discipline and long-term planning.

To balance the Requested FY 2026/27 budget, the City implemented a series of targeted actions, including personnel adjustments, deferring and reducing transfers to other funds, and prioritizing equipment replacement funding. In addition, fund balance was used to close the remaining gap. These actions are intended as transitional measures rather than permanent solutions.

To support this approach, a formal fund balance policy will be proposed with the Adopted Budget to guide the strategic and appropriate use of reserves. The City will also continue to implement managed hiring practices to ensure staffing decisions remain aligned with available resources and organizational priorities. Together, these actions represent a more structured framework for stabilizing operations and reducing reliance on one-time solutions.

This budget represents a shift from short-term balancing strategies toward a more proactive and deliberate effort to address longer-term financial alignment. The approach prioritizes maintaining essential service levels while creating the capacity to evaluate operational efficiencies, funding

strategies, and potential adjustments over time. Importantly, this year’s requested budget does not assume deep reductions in service levels that would significantly impact the community or the organization.

Requested FY 2026/27 General Fund expenditures total \$327.3 million and are supported by equivalent resources. The Requested General Fund Budget represents a \$27.8 million, or 9.3 percent increase compared to the FY 2025/26 adopted of \$299.4 million.

The General Fund remains the City’s primary operating fund, supporting core municipal services such as public safety, parks, recreation, and libraries. It accounts for discretionary revenues and expenditures, while other funds support enterprise operations, internal service functions, capital improvement projects, and legally restricted special revenue sources.

General Fund Revenue Highlights

The following are highlights of major General Fund Revenues:

- Property Tax, the City’s largest General Fund revenue source, remains strong and is projected to increase by \$3.1 million, or 2.7% for total expected revenue of \$116.9 million. This growth is primarily driven by increases in assessed property values.
- Sales Tax, the City’s second largest General Fund revenue source, is projected to decrease by \$0.3 million. This trend became noticeable in FY 2024/25 and is expected to continue into FY 2026/27, driven in part by weaker automobile sales and lower related sales tax activity. Broader economic conditions may also be contributing, including relatively high consumer loan rates, tariff uncertainty and possible supply chain effects, continued pressure on vehicle prices, and softer consumer sentiment, all of which can reduce willingness to make large purchases.
- Use of Money and Property is projected to increase by \$3.6 million from the prior year. This increase is mainly due to higher pooled cash interest earnings, along with lease income, beach concessions, and revenues from the Fourth of July celebration.

- Revenue from Other Agencies is projected to increase \$2.0 million. This increase is driven largely by the Voluntary Rate Range Program (VRRP), which allows CalOptima Health to secure additional Medi-Cal dollars for the City and other California public agencies. Other increases include fire strike team reimbursements, a County recycling payment, vehicle license fee revenues, and Tidelands revenues.
- Non-Operating Revenue is projected to increase by \$17.2 million. The incorporation of identifying the use of fund balance accounts for \$15.6 million, and the other \$1.6 million is primarily due to one-time revenues from the Waterfront settlement.
- Charges for Current Services are projected to increase by \$0.9 million from the prior year. This increase is mainly due to higher anticipated building plan reviews, expedited plan reviews, fire company inspections, and a change in allocation within the Water and Sewer enterprise funds.
- Franchise Fees are projected to decrease by \$0.5 million, due largely to continued declines in cable television subscriptions as more residents shift to streaming services, reducing cable franchise revenues.

Revenue projections are based on conservative assumptions to ensure the City has adequate financial resources to meet obligations and complete the programs approved by the City Council.

General Fund Expenditure Highlights

The increase in the General Fund expenditure budget of \$27.8 million is primarily driven by personnel costs, which account for \$20.6 million of the total increase. This growth is largely attributable to \$8.8 million in increased CalPERS costs, \$7.2 million from the removal of budgeted vacancy savings, \$2.9 million in overtime, and the remaining \$1.7 million includes increased salary compensations, payouts, and employee benefits.

The top five non-personnel cost drivers contributing to the overall increase include the following:

- State of California expenses increased by \$1.4 million, primarily due to costs associated with the VRRP administered through CalOptima, which will be fully offset by increased revenues.
- Other Professional Services increased by \$1.0 million, largely due to investments in economic development initiatives, higher costs for contracted dispatch services, and psychological consulting services for public safety personnel.
- Other Contract Services increased by \$700 thousand, driven mainly by cyclical election costs and increased animal control service costs.
- Janitorial Contract Services increased by \$650 thousand to maintain current service levels and address rising contract costs across City facilities.
- General Supplies increased by \$650 thousand, primarily due to a cost shift of AXON body-worn cameras, tasers, and evidence-related supplies from the Equipment Replacement Fund to the operating budget.

City Staffing Levels

Changes in the personnel budget include eliminating 13.0 Full-Time Equivalent (FTE) vacant positions, unfunding 15.0 vacant police officer positions, and adding 1.0 Lieutenant.

As part of the FY 2026/27 budget balancing strategy, the City proposes to eliminate the following vacant positions: 1.0 Senior Fire Prevention Inspector, 1.0 Deputy Community Prosecutor, 1.0 Public Affairs Officer, 1.0 Senior Code Enforcement Officer, 1.0 Senior GIS Analyst, 0.5 Senior Administrative Assistant in Finance, 1.0 Information Technology Manager, 1.0 Principal Librarian, 1.0 Community & Library Services Coordinator, 1.5 Library Services Assistants, 1.0 Senior Public Works Maintenance Worker, 1.0 Senior Mechanic, and 1.0 Lead Fleet Maintenance Mechanic. These reductions lower ongoing personnel costs while aiming to preserve essential City services. In addition, 8.0 vacant Police Officer positions and 1.0 vacant Police Communications Operator that were previously unfunded are being formally removed from the City’s authorized staffing levels to better align the FTE count with current operational funding.

Other changes in reported staffing include reclassifications, the reassignment of personnel between departments, and the implementation of a new budgeting methodology that allocates payroll costs directly to improve the accuracy of forecasted budget values.

Chart of City Staffing Levels-All Funds

Protecting the Community

Public safety remains the City’s highest priority, reflecting its commitment to protecting the community and maintaining essential services. This priority is demonstrated by the allocation of 53 cents of every General Fund dollar toward public safety. With more than half of the General Fund budget committed to the Police and Fire Departments, the City has dedicated a significant share of its resources, totaling \$172.5 million, to these core services to help ensure the safety and protection of the community.

Police

The FY 2026/27 Requested Budget for the Police Department includes an additional \$650k for body-worn cameras, tasers, training, and supplies, as well as approximately \$233k for helicopter related equipment. In addition, the General Fund equipment budget totals \$1.5 million and includes 5 administrative vehicles, 5 patrol vehicles, 1 motorcycle, drones, vests, gas masks, rifles, and communication gear.

Fire

The FY 2026/27 Requested Budget for the Fire Department includes an additional \$1.4 million for payments to VRRP and CalOptima, which will be fully offset by increased revenues, and \$428k for higher professional services costs, primarily related to the dispatch contract with the City of Anaheim. In addition, the General Fund equipment budget totals \$1.5 million and includes PPE-related items, the remaining partial funding for marine safety rescue boats renovations, vests, tools, a Honda side-by-side ATV, a trailer, and a dispatch console.

Fiscal Responsibility and Transparency

The City continues to do an outstanding job of financial planning and reporting in a transparent and open manner. In 2025, the City was recognized by the Government Finance Officers Association (GFOA) with the Certificate of Achievement for Excellence in Financial Reporting for the City’s Annual Comprehensive Financial Report (ACFR). The Certificate of Achievement is the highest form

of recognition in governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management.

The City also received the GFOA Distinguished Budget Presentation Award for the FY 2025/26 Budget and the Popular Annual Financial Reporting Award for the City's Popular Annual Financial Report (PAFR). To receive these prestigious awards, the City's budget document, PAFR and ACFR are required to satisfy rigorous nationally recognized guidelines. Governments who receive all three recognitions are named a Triple Crown Winner, and the City of Huntington Beach recently received this special designation.

Per Charter Section 401(c), the City Manager must "prepare and submit to the City Council at the end of each fiscal year, a complete report on the finances of the City, and annually or more frequently, a current report of the principal administrative activities of the City." The FY 2026/27 Requested Budget fulfills this requirement as both a financial report and a report that details the goals, accomplishments, and ongoing initiatives of the City.

Conclusion

The adoption of the City's budget is one of the most important responsibilities of the City Council, as it sets the financial and operational direction for the year ahead.

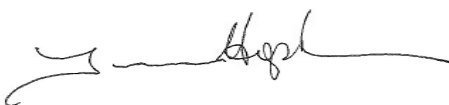

The FY 2026/27 Requested Budget reflects a period of transition. While the City continues to experience rising costs, particularly in personnel, pensions, and operations, this budget takes deliberate steps to address these pressures while maintaining essential services for the community. The approach this year emphasizes discipline, prioritization, and the thoughtful use of available resources.

This budget also represents a shift toward a more structured path forward. Temporary measures have been used where necessary, but the focus is on creating a sustainable framework that better aligns ongoing revenues with ongoing expenditures over time. This includes the continued use of managed hiring, the proposed development of a formal fund balance policy, and ongoing evaluation of service delivery and operational efficiencies.

The City enters this fiscal year with strong fundamentals, including a highly capable workforce, a history of sound financial management, and the continued support and leadership of the City Council. These strengths position the City well to navigate current pressures while making informed decisions for the future.

I appreciate the City Council's continued leadership and commitment to fiscal stewardship. Working together, we will continue to address these challenges in a measured and responsible way while preserving the services that our community relies on.

Sincerely,

Travis Hopkins
City Manager

Community Profile

Community Profile

History

Founded in the late 1880s, Huntington Beach was incorporated as a Charter City in 1909. Huntington Beach has a Council/Manager form of government wherein seven City Council members are elected to four-year terms, and the Mayor is filled on a rotating basis from the incumbent Council Members. The City Attorney, City Clerk and City Treasurer positions are also elected and serve four-year terms.

In August 2011, the unincorporated oceanfront community of Sunset Beach was officially annexed by the City of Huntington Beach. Sunset Beach is a small beachfront community with approximately 1,000 residents and 1.5 square miles of land. Beachfront properties with high property values make this community a valuable addition to the City. Sunset Beach features one of the widest and most pristine beaches in Southern California and is home to the historic Sunset Beach Arts Festival.

Location

Huntington Beach is located on the shore of the Pacific Ocean in northwestern Orange County. Huntington Beach is bordered by the cities of Westminster to the northwest, Fountain Valley to the northeast, Costa Mesa to the east, Newport Beach to the southeast, and Seal Beach to the west. The City is positioned for the global market at 18 miles southeast of the Port of Long Beach and Los Angeles Harbor, 35 miles southeast of Los Angeles, and 95 miles northwest of San Diego.

Lifestyle

The City of Huntington Beach is located on the Orange County coast. With a population of 196,276 residents, it is known as Surf City due to its abundance of beaches; the sunny, warm Mediterranean climate; and its casual lifestyle. With over 10 miles of coastline to boast of, Huntington Beach plays host to over 15 million visitors annually.

City residents earn an annual median household income of \$122,319 which is higher than the Median household income for the State of California and 5 percent higher than Orange County. In addition, almost half of its residents, or 46 percent, have a college education. The City ranks #1 in the nation for “Quality of City Services” and #34 for “Best-Run City in America” by WalletHub (June 2025) and is considered one of the top three “Best Cities to Live In” by the Orange County Register for the past eight consecutive years. Huntington Beach was also ranked #11 in the nation for “Best Places to Raise a Family” by WalletHub (June 2025).

Huntington Beach is home to a thriving beach community, consistently ranked in the top 21 best beaches in the State of California. A world-class Central Library with four branch libraries, many picturesque parks including the 343-acre Central Park, numerous cultural and sporting events, and a variety of restaurants from casual to fine dining make Huntington Beach an ideal location to live, work, visit and play.

Fourth of July Celebration

A proud tradition since 1904, the City’s most iconic event- the Fourth of July Fireworks Show and Parade- has over 500,000 in-person attendees at this multi-day event and is known as “the largest Independence Day Celebration west of the Mississippi.”

The annual events include a Surf City 5K fun run, a parade including floats, bands, equestrian units and local dignitaries, Fireworks at the Pier, a home decorating contest, and a neighborhood bicycle parade.

Sports Events

Huntington Beach is also home to national events such as the U.S. Open of Surfing which is held in August each year. The event includes the best in surfing, skateboarding and BMX competitions. This event attracts 500,000 visitors annually and is the world’s largest action sports festival. In February, the annual Surf City USA

Marathon attracts over 9,200 runners from all over to participate in this Boston-Qualifying course in addition to the half-marathon and 5K events held on the same day. In May the Association of Volleyball Professionals (AVP) holds an annual Huntington Beach Open Pro Series volleyball tournament with 2026 being the 24th straight year for this event in the City.

The Pacific Airshow

Huntington Beach is also the destination for the Pacific Airshow – the only beachfront air show on the West Coast. Held in September/October, it includes the CF Snowbirds, USAF F-22 Raptor Demonstration Team, and the USAF Thunderbirds, among many others. This unique airshow has gained tremendous popularity since premiering in October 2016 and now attracts a crowd of over 1.2 million from around the world to view the three-day event which includes live music performed at the beach and over-the-water aerobatic demonstrations.

Joint Youth Training Center

The City’s Police and Fire Departments broke ground on a new Joint Youth Training Center which replaces the existing 50-year-old Search & Rescue structure. This state-of-the-art training center will be home to the City’s Fire & Police Explorer Program and provide a much-needed space to train the City’s future public safety leaders. The Explorer

programs are vital in teaching the City’s youth not only the technical skills necessary to pursue a career in public safety, but also leadership and character building that will benefit the youth regardless of what career path they choose to pursue.

Infrastructure Report Card

The City prepared an infrastructure Report Card that serves as a high-level summary to highlight the current condition of the City’s infrastructure. This report card assigned grades (A–F) to various infrastructure categories communicating the status of each and identifying priorities for improvement. Resident participation was sought through the Outreach and Communications Committee that is made up of 100 Huntington Beach residents who acted

as ambassadors in the process through their networks. This promotes resident participation, education, and awareness of the project both during the assessments and after the final report is released.

One Stop Shop

The City is in the process of developing a “One Stop Shop” to facilitate the permitting process. The new “One Stop Shop” will provide applicants with direct and efficient permitting guidance through a dedicated team of Streamline Surf City Specialists. The Streamline Surf City team aims to make the permitting process more efficient so that businesses and residents experience quicker and easier access in acquiring permits for business licenses, short-term rentals and building permits.

Education

The Huntington Beach community is proud of its educational system that provides learning opportunities for nearly 50,000 students of all ages. Huntington Beach holds education as one of its top priorities, with 35 elementary schools and five high schools located in the City. The City's schools frequently receive local, state, and federal awards and honors, including recognition as California Distinguished Schools and National Blue Ribbon Schools. Together, more than 50 public and private schools offer elementary, middle, high school and adult education to the residents of Huntington Beach. Further educational opportunities are offered in close proximity at Orange Coast College, the University of California, Irvine, and California State Universities at Long Beach and Fullerton. Golden West and Coastline Community Colleges are located within the City.

Business & Economy

Huntington Beach is one of the leading commercial and industrial centers in Southern California. As the fourth largest city in Orange County, and the 23rd largest in California in terms of population, there are over 105,400 people employed by public and private entities in Huntington Beach.

The Huntington Beach business community is well-diversified with no single industry or business dominating the local economy. Local businesses include aerospace and high technology, manufacturing, computer hardware and software, financial and business services, hotel and tourism, and large-scale retailers.

Industrial

With a strong commitment to industrial activities, the City has 1,128 acres of land zoned for industrial use. There are three general industrial areas: the Northwest Industrial Area, the Gothard Industrial Corridor, and the Southeast Industrial Area. The Gothard Industrial Corridor represents unique opportunities for “incubator” industries, or first-generation businesses.

Commercial

Huntington Beach has approximately 570 acres zoned for commercial use and 638 acres zoned for mixed use that includes additional commercial areas. The major concentration of commercial use in Huntington Beach is located along Beach Boulevard, Brookhurst Street, Edinger and Warner Avenues, and at many major intersections, with numerous locations scheduled and primed for development.

Beyond the beach, the City of Huntington Beach boasts top-class restaurants, shopping, hotels, resorts, spas and a thriving downtown district. With more than 30 neighborhood and regional shopping centers, the City has nearly eight million square feet of retail shopping space to satisfy every dining and shopping need. The City, Chamber of Commerce, and Visit Huntington Beach advertise the community to encourage visitors and residents to support the local economy by shopping in town. Huntington Beach demographics bring impressive buying power to a wide variety of retail and service businesses.

Facts and Figures

Population: 196,276 (2025 Estimate)

- Fourth largest City (by population) in Orange County
- 23rd largest in California

Land Area: 28 Square Miles

- Fourth largest City (by land area) in Orange County
- 78th largest in California

Median Family Household \ Income: \$122,319

City Facilities

- 10 miles of beaches
- 1,850 foot long pier
- 79 parks
- 3 community centers
- 343.2 acre Central Park
- Senior Center
- 45 acre Sports Complex which includes:
 - 4 turf fields
 - 8 baseball & softball fields
 - 7 soccer fields batting cages
 - 2 playgrounds
 - 2 concession stands

Strategic Plan

STRATEGIC PLAN FRAMEWORK

On June 8, 2023, the City Council held a Strategic Plan Workshop where Council Members identified their major goals and priorities for the Fiscal Year 2023-2027 Strategic Plan. The Strategic Plan framework is built around 6 key elements that are rooted in the City's Service Vision statement. Furthermore, the Strategic Plan is accomplished through the successful implementation of 8 goals and 23 strategies over the next four years.

STRATEGIC PLAN GOALS

(Listed in no particular order)

HIGH PERFORMING ORGANIZATION

An engaged City workforce committed to responsive and exceptional public service for all

FISCAL STABILITY

Available funding to support a high-quality level of programs, services & capital investments

PUBLIC ENGAGEMENT

A community that has easy access to clear, accurate & timely City information

PUBLIC SAFETY

Ensure the safety and protection of all community members, both efficiently and effectively

HOMELESSNESS

A continuum of care that reduces homelessness rates and maintains quality of life for the entire community

INFRASTRUCTURE INVESTMENT

Maintain and upgrade infrastructure that supports the community's day-to-day needs

HOUSING

Proactive programs to address diverse housing matters within the City's jurisdiction

ECONOMIC DEVELOPMENT

Greater business retention, investments and job growth in Huntington Beach

Contribution to Private Agency	84,423	155,854	165,179	332,253	369,674
Payments to Other Governments	4,458,053	7,634,530	8,951,184	6,520,117	7,553,707
Interdepartmental Charges	9,028,907	9,480,353	9,446,712	8,761,494	9,087,668
Expense Allowances	792,071	785,812	779,238	763,512	822,097
Other Expenses	4,104,330	2,062,067	4,792,945	3,685,703	3,824,970
Capital Expenditures	39,029,400	44,837,149	43,237,538	74,063,469	76,046,464
Non-Operating Expenses	159,947,132	156,716,335	119,218,460	96,649,837	96,818,945
Total Expenditures *	\$ 548,202,681	\$ 569,277,791	\$ 555,781,805	\$ 556,646,112	\$ 589,984,308

*Starting in FY 2026/27, the increase in non-operating revenues reflects a new methodology that utilizes the fund balance to achieve a net-zero budget. Under this approach, the fund balance is categorized as an available resource within total revenue. While this methodology contributes to the overall revenue figures, the core revenue from other sources remains the primary driver of the budget's baseline growth.

Revenues and Expenditures Summary General Fund

	FY 2022/23 Actual	FY 2023/24 Actual	FY 2024/25 Actual	FY 2025/26 Adopted	FY 2026/27 Proposed
Revenues

Fund Descriptions

General Fund

General Fund (Fund 100)

The General Fund is the City's single largest fund type and is used to account for unrestricted revenues. The City's General Fund is the main operating fund for non-restricted revenues such as general taxes and fees. Appropriations may be made from the General Fund for City activities. This fund is used to account for basic City services such as police, fire, recreation, planning and general administration and includes all financial resources except those required to be accounted for in another fund.

Special Revenue Funds

Air Quality Management District (AQMD) (Fund 201)

Expenditures are restricted to emission reduction projects, programs, or vehicle purchases. Revenues to this fund are from a subvention from vehicle license fees from the State.

Fourth of July Parade (Fund 204)

This fund was used for the annual citywide 4th of July Celebration which included a parade, run/fitness expo, festival, and fireworks. Revenues were generated from a variety of sources including fees, ticket sales, sponsorships, merchandise sales, and a portion of parking revenues. Beginning in FY 2023/24 all activities associated with the Fourth of July Parade are accounted for in the General Fund.

Traffic Impact (Fund 206)

Expenditures are restricted to roadway capacity projects or other projects that affect the performance of the street system to offset the impacts of new development. Revenues are from development impact fees levied on new development in the City.

Gas Tax (Fund 207)

Monies in the fund are from the City share of State Highway Users Tax (HUT). Use of funds is restricted to maintenance, rehabilitation, and construction of elements within the street right-of-way as allowed under the Street and Highway Code.

Park Acquisition & Development (Fund 209)

The funds collected from Parkland Acquisition and Park Facilities Development Impact Fee shall be used to fund the "costs of providing the acquisition, relocation and expansion of parkland and park facilities development, attributable to new residential and nonresidential construction." Therefore, the expenses represent all costs and professional design consultant costs. Specifically, the fees may be used as follows: 1) the acquisition of additional property for the expansion of

parkland and community facilities development; 2) the construction of new parks and park facilities and community use facilities; 3) the funding of a master plan to identify capital facilities to serve new parkland and park facilities and community use facilities development; 4) the cost of financing, projects identified in the City's General Plan, the Master Facilities Plan included in the Nexus Report, the City's Capital Improvement Plan, the adopted annual City of Huntington Beach Budget, or City Council approved park acquisition and development projects.

Drainage (Fund 211)

Expenditures are restricted to storm sewer projects to mitigate the impacts of development. Revenues are from development impact fees levied on new development in the City.

Narcotics Forfeiture - Federal (Fund 212)

The Police Department participates in the Orange County Regional Narcotics Suppression Program with a sergeant and detective assigned to the task force. The overtime for the sergeant and detective is paid from this fund which is funded through an Equitable Sharing Agreement.

Measure M (Fund 213)

Measure M2 Turn-back funds are restricted to Right of Way expenditures on those streets listed in the Master Plan of Highways. A portion of the County's sales tax funds the program.

Narcotics Forfeiture - State (Fund 214)

Asset Forfeiture funds come from the seizure and eventual forfeiture of property and/or currency used in criminal activities. The State forfeitures are divided into two funds with Fund 214 receiving 85% of the revenue and the remaining 15% is allocated to Fund 971.

Traffic Congestion Relief Prop 42 (Fund 219)

Revenues are from the City's share of State Highway Users Tax (HUT). Use of funds is restricted to maintenance, rehab and construction of elements within the street right-of-way as established by Assembly Bill 2928.

Gun Range Settlement (Fund 225)

This fund was established with monies received as part of a settlement agreement with various cities and agencies that used the former Gun Range facility located in Huntington Central Park. This fund is restricted for re-use and development of the site per the settlement agreement. No additional revenues will be added to the fund.

Quimby Fund (Fund 226)

The source of revenues for this fund is from park-in-lieu fees generated from new development projects requiring tract maps or parcel divisions. The Quimby Act, within the Subdivision Map Act,

authorizes the City to require the dedication of land or to impose fees for park or recreational purposes as a condition of approval of a tentative or parcel subdivision map.

Police Facilities Development Impact Fees (Fund 227)

The funds collected from the Police Facilities Development Impact Fee are used to fund the costs of providing police services attributable to new residential and nonresidential construction and shall include: 1) the cost of providing the acquisition, construction, furnishing of new buildings; 2) purchase of new specialty equipment and vehicles; 3) development of a Master Plan to identify capital facilities; and 4) the cost financing, projects identified in the City's General Plan, The Master Facilities Plan included in the Nexus Report, the City's Capital Improvement Plan, or City Council approved development projects.

Park Development Impact Fee – Residential (Fund 228)

The funds collected from Parkland Acquisition and Park Facilities Development Impact Fee are used to fund the "costs of providing the acquisition, relocation and expansion of parkland and park facilities development, attributable to new residential and nonresidential construction." Therefore, the expenses represent all costs and professional design consultant costs. Specifically, the fees may be used as follows: 1) the acquisition of additional property for the expansion of parkland and community facilities development; 2) the construction of new parks and park facilities and community use facilities; 3) the funding of a master plan to identify capital facilities to serve new parkland and park facilities and community use facilities development; 4) the cost of financing, projects identified in the City's General Plan, the Master Facilities Plan included in the Nexus Report, the City's Capital Improvement Plan, the adopted annual City of Huntington Beach Budget, or City Council approved park acquisition and development projects.

Library Development Impact Fee (Fund 229)

Funds collected from the Library Development Impact Fees can be used to purchase library materials or to plan for additional or new library spaces and facilities. The Library uses the fund to expand collections at all locations, as allowed under the Municipal Code Chapter 17.67. The Library also plans to begin the development of a Library Facilities Master Plan to look at the need for additional and new library space, as allowed by the Municipal Code Chapter 17.67.

Fire Facilities Development Impact Fees (Fund 231)

The funds collected from the Fire Facilities Development Impact Fees are used to fund the costs of providing additional fire suppression/medic facilities, vehicles and specialty equipment attributable to new residential and nonresidential construction and shall include: 1) the acquisition of additional property for Fire Department facilities; 2) the construction of new facilities for Fire Department services; 3) the furnishing of new buildings or facilities for Fire Department services; 4) the purchase of new specialty equipment and vehicles for Fire Department services; 5) the funding of a Master Plan to identify capital facilities to serve new Fire Department development; and 6) the cost of financing projects identified in the City's General Plan, the Master Facilities Plan included in the Nexus Report, the City's Capital Improvement Plan, or City Council approved development projects.

Housing Residual Receipts (Fund 233)

Pursuant to Redevelopment Dissolution, the City receives former Redevelopment Housing Residual Receipt payments, rehabilitation loan processing, subordinations, demand, and conveyance fees. The funds are used for required housing compliance services and other items.

Disability Access Fund (Fund 234)

Legislative requirement from AB 1379 requires the City retain 90% of the fees collected, beginning on and after January 1, 2018. The bill also requires the moneys retained by the City be deposited in a special fund, established by the City, to be used for increased Certified Access Specialist (CASp) Property Inspection training and certification, thereby making an appropriation by expanding the purposes for which the retained moneys are required to be spent.

Park Development Impact Fee – Non-Res (Fund 235)

The funds collected from Parkland Acquisition and Park Facilities Development Impact Fee shall be used to fund the “costs of providing the acquisition, relocation and expansion of parkland and park facilities development, attributable to new residential and nonresidential construction.” Therefore, the expenses represent all costs and professional design consultant costs. Specifically, the fees may be used as follows: 1) the acquisition of additional property for the expansion of parkland and community facilities development; 2) the construction of new parks and park facilities and community use facilities; 3) the funding of a master plan to identify capital facilities to serve new parkland and park facilities and community use facilities development; 4) the cost of financing, projects identified in the City’s General Plan, the Master Facilities Plan included in the Nexus Report, the City’s Capital Improvement Plan, the adopted annual City of Huntington Beach budget, or City Council approved park acquisition and development projects.

Public Art in Parks (Fund 236)

The funds collected from Parkland Acquisition and Park Facilities Development Impact Fee shall be used to fund the “costs of providing the acquisition, relocation and expansion of parkland and park facilities development, attributable to new residential and nonresidential construction.” The fees collected for this fund represent 2% of development impact fees received from residential development and are to be used to fund public art in City parks.

Community Development Block Grant (CDBG) (Fund 239)

The City receives Federal Grant funds from the Department of Housing and Urban Development (HUD) to be used to fund various projects as listed under the City’s Consolidated Plan. The Citizen Participation Advisory Board (CPAB) makes recommendations in March based on current year’s allocation. Any amount of carry-over and unallocated funds are regularly reviewed.

HOME (Fund 240)

HOME programs fund a wide range of activities involving affordable housing in the City including Affordable Housing Projects, TBRA programs, and Administration. The Federal funds received are based on Housing and Urban Development's (HUD) annual allocation.

Narcotics Forfeiture-Treasury (Fund 242)

This fund is used for the receipt of equitable sharing of funds seized by the US Department of Treasury and the participating agencies of IRS, ICE, CBP and USSS.

Surf City "3" Cable Channel Operations (Fund 243)

A fee for cost of public, educational and governmental (PEG) access channels are received from cable operators in the City (1% of gross cable revenues beyond the franchise fee cap). PEG funds are restricted and can only be used for capital costs including equipment (e.g. HDTV station and fiber optic acquisition and improvement projects to enable/improve broadcasting of the City Council and Planning Commission meetings among others).

American Rescue Plan Act (Fund 249)

The American Rescue Plan Act of 2023 provided a total of \$1.9 trillion in funding to assist in the recovery from the economic and health effects of the Coronavirus pandemic. The Plan provided funding to individuals, businesses, state and local governments to help mitigate the impacts of the pandemic. This fund accounts for the direct payments the City received under this legislation.

ELM Automation Funds (Fund 322)

The Enterprise Land Management (ELM) system is used by Community Development, Public Works, Fire Department, and Finance for citywide issuance of permits, building inspections, planning applications, code enforcement cases and business licenses. Revenues are received from Automation Fees charged as a percentage of all development, permit and prevention fees for Planning, Building, Public Works, and Fire and are used for replacement costs and maintenance expenditures related to the system.

Section 115 Trust (Fund 716)

This Fund, administered by the Public Agency Retirement System (PARS), sets aside funds to pre-fund the City's pension liabilities. Funding for the trust is included in the annual Requested Budget.

Energy Efficiency (Fund 807)

The City collects revenue from electric vehicle charging stations installed at various locations throughout the City through a revenue sharing agreement with ChargePoint, Inc. This revenue is used to fund energy efficiency projects.

Proposition 68 Per Capita Grant (Fund 810)

This is a non-competitive grant program that provides funding to local government agencies to support the rehabilitation, creation and improvement of local parks and to address deficiencies in neighborhoods lacking access to outdoor recreation. Funding is from the State of California through the California Department of Parks and Recreation.

Jail Training Grant (Fund 838)

This is for an annual training plan funded by the Standards and Training for Corrections (STC) through the Board of State and Community Corrections grant. This plan authorizes expenditures for training.

OCTA Grants (Fund 873)

A grant fund for roadway improvement is obtained from Orange County Transportation Authority (OCTA). Matching funds are typically budgeted in the various gas tax funds.

Used Oil Grant (Fund 960)

A federal grant fund to assist in developing and maintaining an on-going used oil and used oil filter collection/recycling program.

Highway Bridge Replacement & Rehabilitation (Fund 961)

Federal funds from the Department of Transportation to be used to replace or rehabilitate deficient highway bridges and to seismically retrofit bridges located on any public road.

Senior Mobility Program (Fund 963)

The City has an agreement with the Orange County Transportation Authority (OCTA) for the provision of senior transportation services. The funds are based on 1% of actual Measure M sales tax revenue. The agreement has been in place for many years with the current agreement expiring March 2025. The grant funds are used to cover salaries & benefits for the Transportation Coordinator, Senior Services Assistant, 25% of an Office Assistant II, as well as temporary salaries and some operating expenses.

Bridge Preventive Maintenance Program (Fund 970)

A federal grant fund used for major preventive maintenance projects on several of the City's bridges.

Asset Forfeiture 15% State (Fund 971)

Asset Forfeiture funds come from the seizure and eventual forfeiture of property and/or currency used in criminal activities. The State forfeitures are divided into two funds with Fund 214 receiving 85%

of the revenue and the remaining 15% being allocated to Fund 971. The 15% portion going to Fund 971 is to be used for funding programs to combat drug abuse and divert gang activity.

AB 109 Public Safety Realignment (Fund 979)

Public Safety Realignment was enacted in 2011 with the signing of Assembly Bill 109 which provided a portion of the Vehicle License Fees go to local law enforcement.

SLESF Grant (Fund 984)

Supplemental Law Enforcement Services Funds (SLESF) are allocated to local law enforcement agencies for front line law enforcement services and must be used to supplement existing funding.

Highway Safety Improvement Program (HSIP) (Fund 995)

A federal grant fund for traffic signal improvement projects at several locations in the City.

Hazard Mitigation Grant Program (Fund 1222)

A federal grant program to provide funding for eligible mitigation measures that reduce or eliminate long-term risk to people and property from future disasters. Hazard mitigation includes long-term solutions that reduce the impact of disasters in the future.

CalRecycle City/County CRV (Fund 1228)

This is an annual payment grant program which provides cities and counties with funds from CalRecycle's beverage container recycling program. Funding per jurisdiction is pre-determined by the State on a per capita basis. Funds shall only be used for activities related to beverage container recycling and litter reduction.

OC Recycling Market Development Zone (RMDZ) (Fund 1233)

The City is part of the Recycling Market Development Zone – this is an incentive program from the State of California (CalRecycle) and is not a grant. This program covers funds to market and develop the Zone. Funds will be used for marketing, education and outreach, Zone Works Training in Sacramento (2 x per year for 2 people), media and graphic services, and various registration at conferences.

Sustainable Business Certification Program (Fund 1234)

The CAGBN is a non-profit organization that oversees thirty-four (34) programs operated by Chambers of Commerce, cities, and counties throughout California. These programs provide support and assistance to help certify small and medium-sized business partners (SMBs) that voluntarily adopt environmentally preferable business practices. These practices include increased energy efficiency, reduced greenhouse gas emissions, water conservation, and waste reduction.

Library CalREN Reimbursement – E-rate (Fund 1246)

The Huntington Beach Public Library participates in the CENIC network for access to the CalREN High Speed broadband network, through the California State Library. The CENIC network acts on behalf of all public libraries in California to apply for E-rate discounts for telecommunication services, and to contract for the necessary telecommunication connections to access CalREN. Califa is the aggregator for all public libraries which facilitates the City's invoices and payments.

Arterial Rehab–RMRA (Fund 1247)

The Road Maintenance and Rehabilitation Account (RMRA) fund was created in FY 17–18 after the passage of SB1. This is a gas tax, in addition to the Gas Tax Fund (207) and the Prop 42 Fund (219).

OCTA-405 Widening (Fund 1254)

Orange County Transportation Authority (OCTA) paid the City a lump sum as mitigation for damage/wear-and-tear on City streets resulting from I-405 Widening Project. The funds are restricted for use on street maintenance/repair.

SB 2 Reimbursement (Fund 1267)

Grants are provided through a non-competitive process from the State of California to provide funding and technical assistance to help cities and counties prepare, adopt and implement plans and process improvements that streamline housing approvals and accelerate housing production.

CRRSAA (Fund 1273)

Federal Funds from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) may be used for a broad range of surface transportation purposes listed in Section 113(b) of Title 23 of the U.S. Code and are meant to “prevent, prepare for, and respond to Coronavirus.”

OCTA Project X (Fund 1275)

OCTA administers a variety of Measure M funding programs. Project X is one of the programs and is for Environmental Cleanup projects that help improve the overall water quality from transportation-generated pollution in Orange County.

SB 1383 Local Assistance OWR (Fund 1276)

The State of California passed legislation to reduce organic waste. The requirement for local jurisdictions includes organic collection, edible food recovery program, community outreach.

Clean California (Fund 1277)

The California Department of Transportation has a grant program to beautify and improve local streets and roads, parks, pathways and transit centers. This is accomplished by adding beautification measures and art in public spaces along with litter and debris removal.

AES Mitigation (Fund 1284)

The City entered into an agreement with AES Southland Development to amend a previous agreement related to Architectural Improvements for the AES Power Plant. As part of the amendment AES provide funds to the City for additional community benefit.

National Opioids Settlement (Fund 1285)

The City is receiving a portion of National Opioid Settlement funds based on a 2021 nationwide settlement reached against pharmaceutical distributors and manufactures. The settlement funds are to be paid over 18 years. The funds are to be used for abatement of the opioid epidemic.

Office of Traffic Safety (Fund 1288)

Office of Traffic Safety (OTS) is a special revenue fund used to account for grant funding received from the California Office of Traffic Safety. These funds are restricted to support traffic safety programs administered by the Police Department, including DUI and distracted driving enforcement, traffic safety education, and related activities. Revenues in this fund are derived from state grant reimbursements and are offset by corresponding expenditures such as overtime, training, and program costs. As a grant-funded program, the fund is non-discretionary and typically balances annually based on awarded funding and eligible expenses.

BPMP Federal (Fund 1293)

Federal funds to be used for the replacement or rehabilitation of public highway bridges over waterways, other topographical barriers, other highways, or railroads when the State and the Federal Highway Administration determine that a bridge is significantly important and qualifies under the HBP program guidelines.

OCTA Complete Streets Projects (Fund 1301)

OCTA's OrangeCounty Complete Streets Program is funded by the Southern California Association of Governments (SCAG) Surface Transportation Block Grant Program (STBG) and Congestion Mitigation Air Quality (CMQ) federal funds.

Safe Route to School (Fund 1303)

Projects through OCTA's Orange County Complete Streets Program are funded by the Southern California Association of Governments (SCAG) Surface Transportation Block Grant Program (STBG) and Congestion Mitigation Air Quality (CMAQ) federal funds. Complete street addresses a wide range of elements, such as sidewalks, bicycle lanes, bus lanes, public transportation stops, crossing opportunities, median islands, accessible pedestrian signals, curb extensions, modified vehicle travel lanes, streetscape and landscape treatments.

Capital Projects Funds**Sanitary Sewer Facilities (Fund 210)**

Expenditures are restricted to sanitary sewer capacity enhancements to mitigate the impacts of development. Revenues are from development impact fees levied on new development in the City.

Affordable Housing In-Lieu Fund (Fund 217)

In-lieu fees/payments are approved through Planning Commission CUP and an Affordable Housing Agreement. Fees are due to the City at the building permit and are used for building or creating affordable housing. The Administration of the City's three Tenant-Based Rental Assistance (TBRA) programs are used from this fund. The City is working on creating additional housing projects.

In-Lieu Parking Downtown (Fund 308)

Funds are being used for CIP related parking improvement projects (e.g., 1st & Atlanta parking lot project, Main Promenade Parking Structure Signage, as well as other operating related expenses. Revenues are paid by developers in-lieu of directly providing parking facilities to the City.

Infrastructure (Fund 314)

The Infrastructure Fund is for infrastructure related expenditures, both capital and operating expenses, and is funded primarily by a General Fund transfer. The amount of transfer is calculated each year and is based on the City Charter requirement of 15% of the general fund revenues based on a five (5) year rolling average.

Lease Capital Project Fund (Fund 321)

This Fund records activity capital lease project expenditures such as fire trucks, ambulances, fire engines, police vehicles and the 800 MHz Backbone Public Safety communication system.

Technology Fund (Fund 323)

Technology Funds are transferred from the General Fund for various technology upgrades.

Equipment Fund (Fund 324)

The Equipment Fund is for replacement of the City's vehicle fleet, machinery, technology systems and other equipment and is primarily funded by a General Fund transfer.

HCPSC Capital Improvement (Fund 325)

This fund is used to account for capital projects associated with the Huntington Central Park Sports Complex (HCPSC). HCPSC Capital Improvement is a capital projects fund established to account for the financing and construction of capital improvements related to the Huntington Central Park Sports Complex. Revenues may include development impact fees, lease revenues, grants, or other designated funding sources, and are restricted for use on facility upgrades, field improvements, infrastructure, and other capital-related enhancements within the complex. Expenditures are limited to capital project costs, including design, construction, and related improvements. The fund is non-discretionary in nature, with activity dependent on available funding sources and the timing of approved capital projects.

Debt Service Funds

Debt Service HBPFA (Fund 401)

The City has three Lease Revenue Refunding bonds that have been used to construct various capital improvements in the City. This fund is used to record inter-fund transfers and the annual debt service payments for the Huntington Beach Public Financing Authority.

Pension Liability (Fund 412)

This fund accounts for the City's annual debt service payment for the Pension Obligation Bonds. Revenues are provided by the voter-approved property tax override and transfers in from the General Fund, Enterprise Funds and Other Governmental Funds, based on each fund's allocable share of PERSable personnel costs.

Enterprise Funds

Certified Unified Program Agency (CUPA) (Fund 501)

The Hazardous Materials Disclosure Program was established in response to two nationwide high-profile accidents involving hazardous materials in 1984 and 1985. The program's primary function is to help emergency responders identify, monitor, and assist businesses using or storing hazardous materials, helping to reduce the probability of accidents involving hazardous materials. The program is coordinated through a contractual agreement with the Orange County Health Care Agency's Certified Unified Program Agency (CUPA), who invoices and collects disclosure-related fees.

Refuse Collection Service (Fund 504)

This fund is an enterprise fund for the residential refuse collection service and state mandated recycling education programs. The City's residential refuse collection charge is the fee that generates the revenue to fund the programs and services per the Revised and Restated Refuse Collection and Disposal Services Franchise Agreement between the City and Rainbow Environmental/Republic Services. Resolution 2017-26 authorizes the fee for service and designates distribution for fund expenses.

Water Enterprise (Fund 506)

An enterprise fund that provides high quality drinking water to approximately 53,000 customers in the City. Revenue to the fund comes primarily from water consumption and fixed water meter charges from monthly customer municipal utility bills. Funds are restricted for use on the operational and capital needs of the City-owned water utility.

Water Master Plan (Fund 507)

Revenue is received from a monthly capital charge on municipal utility bills and from new residential connection fees. Funds are restricted for use on projects included in the most recently adopted Water Master Plan.

Sewer Service (Fund 511)

An enterprise fund that provides for the operations, maintenance and capital needs of the City's sanitary sewer system. The funds come from user fees charged to residents and business and are restricted for these uses.

Internal Service Funds**Self-Insurance Workers Comp (Fund 551)**

This is an Internal Service Fund to track, monitor, and forecast actual and projected expenses for the City's workers compensation program. Additional funds are needed due to rising costs of workers compensation insurance premiums. Funds will come from various departments through labor distributions.

Self-Insurance General Liability (Fund 552)

This is an Internal Service Fund to track, monitor, and forecast actual and projected expenses for the City's general liability program. Additional funds are needed due to rising costs of general liability and property insurance.

Retiree Insurance Fund (Fund 702)

The Retiree Insurance Fund accounts for the contributions and payments made for the City's OPEB (Retiree Medical) plan. The total contribution made to the fund each year is determined by the City's actuary. The Retiree Medical Fund is funded through contributions from each of the City's funds (excluding certain grants) made on a pro-rata basis.

Retiree Supplemental (Fund 703)

The Retiree Supplemental Fund accounts for the contributions and payments made for the City's Retiree Supplemental plan. Contributions are made from each of the City's funds (excluding certain grant funds) on a pro-rata basis. The total contribution made to the fund each year is determined by the City's actuary.

Trust & Agency Funds**RORF (Fund 350)**

The RORF is a Private-Purpose Trust Fund for the Successor Agency created to account for the wind-down activities of the former Redevelopment Agency of the City of Huntington Beach upon

the dissolution of the Redevelopment Agency in 2012 per AB 1X 26. Revenues for this fund come from the Department of Finance approved Tax Increment Funding from Property Tax.

LMIHAF (Fund 352)

The LMIHAF is a Private–Purpose Trust Fund for the Housing Successor Agency created to account for the wind–down activities of the former housing assets of the Redevelopment Agency of the City of Huntington Beach upon the dissolution of the Redevelopment Agency in 2012 per AB 1X 26.

Debt Service Grand Coast CFD 2000–1 (Fund 405)

The CFD 2000–1 is a Community Facilities District (CFD) created in 2000 for the Grand Coast Resort (Waterfront). This is a fiduciary fund created for the purpose of collecting the special tax assessment (Mello–Roos) and paying debt service and related expenses on behalf of the CFD. The amount of special tax assessed each year and the related expenses paid is determined by Willdan Group, Inc. and the City of Huntington Beach Finance Department in late July/early August (after the start of the County’s fiscal year) and submitted to the County of Orange for levy.

Debt Service McDonnell CFD 2002–1 (Fund 408)

The CFD 2002–1 is a Community Facilities District (CFD) created in 2002 for the McDonnell Center Business Park. This is a fiduciary fund created for the purpose of collecting the special tax assessment (Mello–Roos) and paying debt service and related expenses on behalf of the CFD. The amount of special tax assessed each year and the related expenses paid is determined by Willdan Group Inc., and the City of Huntington Beach Finance Department in late July/early August (after the start of the County’s fiscal year) and submitted to the County of Orange for levy.

Debt Service Bella Terra (Fund 410)

The CFD 2003–1 is a Community Facilities District (CFD) created in 2003 for the Huntington Center (Bella Terra). This is a fiduciary fund created for the purpose of collecting the special tax assessment (Mello–Roos) and paying debt service and related expenses on behalf of the CFD. The amount of special tax assessed each year and the related expenses paid is determined by Willdan Group Inc. and the City of Huntington Beach Finance Department in late July/early August (after the start of the County’s fiscal year) and submitted to the County of Orange for levy.

WOCWB (Fund 508)

The West Orange County Water Board (WOCWB) is a joint powers authority between the Cities of Huntington Beach, Seal Beach, Westminster, and Garden Grove that own and operate the OC–9 and OC–35 potable water transmission mains. Each city provides an annual contribution for the operations, maintenance and capital needs of the Board facilities. The City of Huntington Beach is the fiscal agent for the Board.

Central Net Operations Authority (CNOA) (Fund 704)

The Central Net Operations Authority (CNOA) was formed pursuant to the provisions of Article 1, Chapter 5, Division 7 of Title I of the Government Code of the State of California (The Joint Exercise of Powers Act). The Authority is considered a public entity separate and apart from the participating agencies. The primary purpose of the Authority is to provide for the operation, upgrade, maintenance and repair of the Central Net Training Facility. The intent of the organization is to provide a formal mechanism by which the Authority can fund these activities, require non-members using the Training Facility to pay for use of the facility and, accordingly, provide the highest possible level of fire suppression, fire prevention, technical rescue, hazardous materials and emergency medical training. It is also intended to foster cooperation among the parties and serves as a vehicle for the scheduling and funding of training seminars and classes.

BID Hotel/Motel (Visit Huntington Beach) (Fund 709)

In December 2018, the City Council approved a 10-year self-imposed Business Improvement District (BID) for the Hotels and Motels within the City of 4% on top of the City's 10% TOT fees (effective 2/1/19). This fund is increasing due to the increase of the 1%. This is an estimate, it will be 4% of what the City's expected revenue amount of TOT.

BID - Downtown (Fund 710)

All Downtown merchants have a self-assessment through the Business Improvement District (BID) that the City Council approves annually, the BID was re-authorized for the timeframe of October 1 to September 30. The City collects the fees and redistributes it back to the District. The Downtown BID also has Surf City Nights and manages the Malco Agreement with the City, which is not reflected in the budget.

Parking Structure – Bella Terra (Fund 711)

City owns the parking structure in the Bella Terra retail center. The City collects a maintenance fee from the owners of the center which is used to fund maintenance and operation expenditures for the structure.

5th and PCH Parking Structure (formally the Strand) (Fund 712)

City owns the parking structure at 5th and PCH which is managed by 5th & PCH, LLC through an Operating Agreement.

Other Funds

Specific Events (Fund 101)

This fund is used by various departments to charge staff time and expenses associated with major Specific Events. Revenue for this fund comes from permits for special events. This fund also includes film permits managed by the City Manager's Office.

Donations Fund (Fund 103)

This fund is a special revenue fund established to account for donations received by the City from individuals, organizations, or other entities. These funds are restricted for specific programs, projects, or departmental uses in accordance with donor intent and applicable regulations. Revenues consist of voluntary contributions, and expenditures are limited to purposes designated by the donor, such as community programs, public safety support, recreation activities, or other City services. The fund is non-discretionary in nature, and activity is dependent on the timing and amount of donations received.

Inmate Welfare (Fund 122)

The California Penal Code Section 4025 allows for the City's Chief of Police to maintain a fund for the benefit, education, entertainment, support, and welfare of the inmates confined within the City Jail. The funds come from the intake of commissions received from the inmate pay phone service contract.

Property Tax in Lieu of Sales Tax (Fund 127)

Under Proposition 57, which was approved by voters in 2004, the State of California was authorized to issue up to \$15 billion in economic recovery bonds (ERBs) to address the State's budget shortfall. To repay the ERBs, the State pledged one-quarter cent of sales tax, which was replaced with a one-quarter cent special fund sales tax for repayment of the bonds. To keep counties and cities whole, the State replaced the diverted local sales taxes with property taxes shifted from school and community college districts, whose losses, in turn, were minimized by increased state education aid under the Proposition 98 minimum guarantee. This series of revenue exchanges is commonly referred to as the "triple flip," and continued until the ERBs were paid. In July 2016, the City of Huntington Beach received the final payment under the "triple flip," which was set aside in Fund 127 to be used for replacement of the City's Enterprise Land Management System (ELM) and acquisition and retrofit of City streetlights to LED.

Lot BB Buffer Maintenance (Fund 1287)

Lot BB Buffer Maintenance is a special revenue fund established to account for revenues and expenditures associated with the maintenance of landscaped buffer areas related to the Lot BB site. Funding is derived from agreements, leases, or assessments tied to the property, and is restricted for the upkeep of landscaping, irrigation, and related improvements that serve as a buffer between development and surrounding areas. Expenditures are limited to maintenance and operational costs necessary to preserve the condition and functionality of the buffer area. The fund is non-discretionary and activity is dependent on the terms of the associated agreements and required maintenance obligations.

Property & Evidence (Fund 216)

The Property & Evidence Fund is for unclaimed cash and the proceeds from unclaimed property which has been auctioned or salvaged.

REVENUE

CITY OF HUNTINGTON BEACH

Revenues

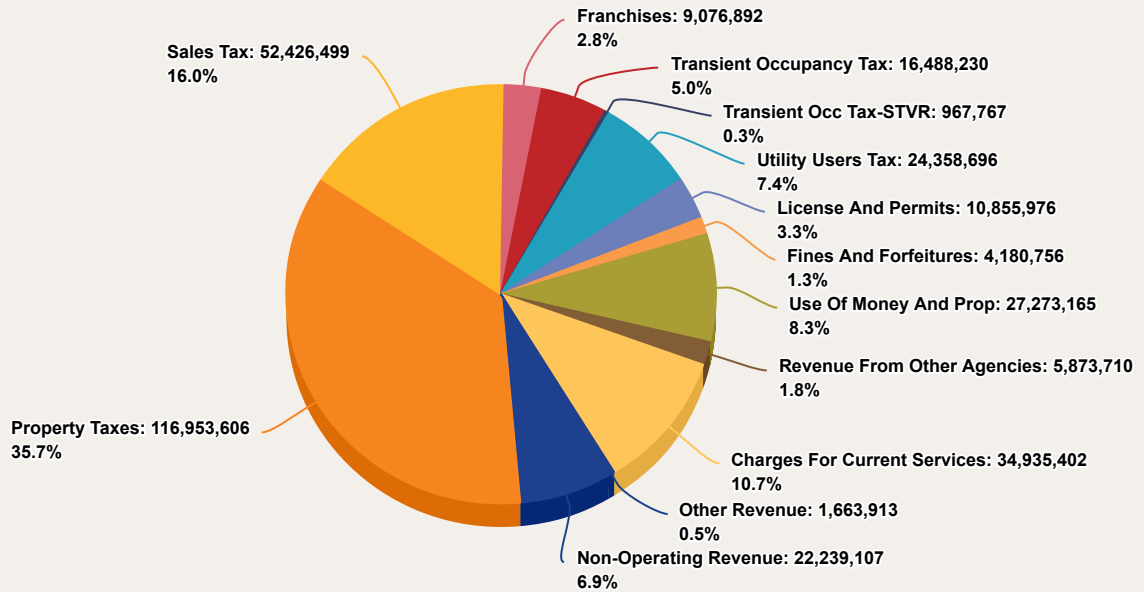

Revenue Descriptions and Assumptions

In FY 2026/27, a new methodology was implemented to utilize the fund balance as a resource for achieving a net-zero budget. Under this approach, the fund balance is categorized as revenue, bringing the total revenue from all sources to \$589,984,308. This represents a 10.6% increase from the prior year's Adopted Budget. Excluding the fund balance as a resource, the underlying revenue growth is 3.29%.

- * Other Revenue includes: In-Lieu Tax, Licenses and Permits, Fines and Forfeitures, Use of Money and Property, Revenue from Other Agencies and Other Revenue.
- ^ FY 2022/23 Actual reflects issuance of the City's Pension Obligation Bonds and corresponding pay down of 85% of the City's CalPERS unfunded liability.

General Fund Revenue: \$327.3 Million

General Fund Revenue FY 22/23 Actual through FY 26/27 Proposed

* Other Revenue includes: Licenses and Permits, Fines and Forfeitures, Use of Money and Property, Revenue from Other Agencies and Other Revenue

In FY 2026/27, a new methodology was implemented to utilize the fund balance as a resource for achieving a net-zero budget. Under this approach, the fund balance is categorized as revenue, bringing the total revenue from all sources to \$589,984,308. This represents a 10.6% increase from the prior year's Adopted Budget. Excluding the fund balance as a resource, the underlying revenue growth is 3.29%

THE PAGE INTENTIONALLY LEFT BLANK

Expenditures

Expenditure Descriptions and Assumptions

Fiscal Year 2026/27 all funds expenditures total \$589,984,308. This reflects an increase of \$33.3 million or 6.0% from the FY 2025/26 Requested Budget.

The General Fund makes up the greatest percentage of all funds expenditures at 55.5 percent, followed by Enterprise Funds at 19.6 percent. The Enterprise Funds include Trash, Water, Water Master Plan, Sewer and the Certified Unified Program Agency Fund (CUPA).

^ FY 2022/23 Actual reflects issuance of the City's Pension Obligation Bonds and corresponding pay down of 85% of the City's CalPERS unfunded liability.

General Fund Expense: \$327.3 million

CITY COUNCIL

FY 2026/27 Organizational Chart

CITY COUNCIL

Department Descriptions

The City Council is the policy setting body of the City. City Council duties include: establishing goals and policies, enacting or taking positions on state and federal legislation, adopting the City's operating and capital budgets, approving major initiatives, and appropriating the funds necessary to execute them and provide services to the City's residents, businesses, and visitors. City Council Members also participate in a wide variety of community and regional activities and spend a considerable amount of time interacting with the residents, business owners, and community stakeholders.

In 2023, the City Council adopted a 4-year strategic plan (Fiscal Year 2023-2027) to incorporate and implement short-term and long-term goals and projects effectively and efficiently. This document will be used as a frame of reference in evaluating requests for action brought before the City Council.

CITY ATTORNEY

Mike Vigliotta,
City Attorney (Appointed)

Department Descriptions

Our Mission: To provide the best possible representation to the City in all legal matters, to provide excellent, effective legal counsel and services to the City Council, and to prosecute violations of the City Charter, Municipal Code, State misdemeanors, and to zealously defend the City from civil lawsuits.

The Office of the City Attorney represents and advises the City Council and all City officials in all matters of law pertaining to the business of the City of Huntington Beach. Among other things, the City Attorney defends the City in every lawsuit, prepares and/or reviews all City Ordinances, Resolutions, contracts and other legal documents, and attends City Council meetings, Planning Commission meetings, and other City staff meetings. The City Attorney also prosecutes criminal cases arising from violation of the provisions of the City Charter or Huntington Beach Municipal Code, and such State misdemeanors as the City has the power to prosecute.

The City Attorney's Office consists of an elected City Attorney, Chief Assistant City Attorney, one Senior Deputy Community Prosecutor, a Chief Litigation Counsel, four Senior Deputy City Attorneys, a Deputy City Attorney II, four support staff, and law school externs.

CITY CLERK

FY 2026/27 Organizational Chart

CITY CLERK

Lisa Lane Barnes, City Clerk

*“No other office in municipal service has so many contacts. It serves the Mayor, the City Council, the City Manager, and **all** administrative departments, without exception. All of them call upon the office of the City Clerk, daily, for some service or information. Its work demands versatility, alertness, accuracy, and no end of patience. The public does not realize how many loose ends of city administration this office pulls together.”*
The eminent political scientist, Professor William Bennett Munro.

Department Description

The office of the City Clerk consists of an Elected City Clerk, Assistant City Clerk, two Senior Deputy Clerks, Municipal Records Manager, Records Specialist and four Passport Agents.

The office of the City Clerk exists not for itself, but to carry out the work that the public is entitled to receive.

Legal Authority and Civic Purpose of the Office of the City Clerk

The Elected City Clerk serves as the Charter–mandated, voter–authorized officer responsible for ensuring these statutory functions are carried out with accuracy and continuity.

The Office of the City Clerk is a Charter–established institution whose authority derives from the voters and from California State law. Through the City Charter, the Elections Code, the Public Records Act, the Brown Act, and the Political Reform Act, the Office of the City Clerk is legally responsible for maintaining legislative records, administering municipal elections, and ensuring public access to information. These laws define the Office’s role in protecting the integrity of local democracy by requiring neutrality, accuracy, and continuity, and they guarantee the public’s right to transparent decision making, lawful processes, and accountable government.

Organizational Structure and Core Functions

The Office of the City Clerk is structured into divisions that carry out the legal responsibilities assigned by the City Charter and California State law. Professional staff in these divisions administer legislative operations, records management, election administration, and passport acceptance. This structure ensures residents receive transparent decision making, dependable public records, and lawful democratic processes that protect their right to access information and review government actions.

Legislative Operations Division

Protects the public’s right to know how laws are made.

CITY CLERK

The Legislative Operations Division carries out statutory responsibilities requiring the City Clerk to maintain the official record of City Council proceedings, certify ordinances and resolutions, and document legislative actions. This division prepares agendas, records Council actions, maintains the official minutes, and enforces compliance with the Brown Act. Through this work, residents can see how decisions are made, track the actions taken by their elected officials, and access and examine the permanent legislative record.

Records Management Division

Protects the public’s right to access accurate and reliable public records.

Government Code § 40801 requires the City Clerk to keep all official city records, and Government Code §§ 34090 and 34090.5 authorizes the lawful retention, destruction, and electronic preservation of those records. Government Code § 12236 further requires local agencies to maintain an active records management program, while the California Public Records Act (Gov. Code § 7920.000 et seq.) guarantees public access to those records. This division preserves, organizes, and provides access to public documents so residents can verify government actions, request information, and examine the City’s historical and legal records. These statutory duties prevent the loss, alteration, or concealment of public information and uphold the public’s right to transparency.

Election Administration Division

Protects the public’s right to fair, lawful, and accessible elections.

Under the California Elections Code, the City Clerk is the local elections official responsible for administering municipal elections, managing candidate filings, processing ballot measures, and enforcing campaign disclosure laws. The Elections Code grants the City Clerk legal authority over all aspects of municipal election administration. This division provides every voter with a lawful democratic process and a transparent record of election actions.

Passport Acceptance Division

Provides federally authorized identity services that support residents’ access to international travel.

As a designated Passport Acceptance Facility under the U.S. Department of State, the Office of the City Clerk verifies identity documents and processes passport applications in compliance with federal law. This function reflects the Office’s broader legal responsibility to handle sensitive documents with accuracy, confidentiality, and integrity. This division provides a secure and reliable service to residents, ensuring lawful processing of identity documents.

CITY TREASURER

FY 2026/27 Organizational Chart

CITY TREASURER

Department Descriptions

The City Treasurer is an elected official who serves a four-year term. Pursuant to the City Charter, the City Treasurer is responsible to the electorate for overseeing the receipt, collection, disbursement, custody and safekeeping of all City funds.

The City Treasurer is accountable for the investment management of City funds. Investments are consistently reviewed for compliance with the City's approved investment policy and governmental regulations. Through prudent fiscal investment management, the City Treasurer ensures the City's cash liquidity needs are met and principal is preserved.

Additionally, the City Treasurer serves on the Boards of the Deferred Compensation Plan and the Supplemental Retirement Plan.

CITY MANAGER’S OFFICE

City Manager, Travis Hopkins

Department Description

The City of Huntington Beach operates under a Council-Manager form of government, whereby the City Manager is authorized by the City Council to oversee the City's day-to-day operations and carry out the policies set by the City Council. The City Manager provides executive supervision over the City's 12 departments and serves as the primary liaison to Council Members. The City Manager's Office consists of three divisions: Administration and City Council Support, Office of Communications, and Homelessness and Behavioral Health Services.

Administration and City Council Support

The Administration and City Council Support Division works with the City's departments to coordinate and implement Council policies and procedures; participates in labor negotiations with nine bargaining units; and coordinates strategic planning efforts, budget development, and special projects. Administration is also responsible for monitoring federal, state, and regional legislation that may impact the City and coordinates with all departments to secure outside funding sources to support major initiatives. Finally, the Administration oversees a citywide system of approximately 30 Boards, Commissions, and Committees (BCCs) and provides direct staff support to six BCCs.

The Assistant City Manager ensures the effectiveness of daily operations for assigned City departments and activities, provides management direction by expediting workflow, and ensures the achievement of departmental work programs through the coordination and facilitation of assigned executive management team members.

Office of Communications

The Office of Communications develops strategies to communicate City news, programs, and policies to the community. It generates outreach and marketing materials, including press releases, websites, public service announcements, events, and social media. The Office of Communications also maintains working relationships with media outlets and implements strategies for improved communication throughout the community. This team is also responsible for managing the operation and programming of HBTv3. This City operated cable TV station broadcasts City Council and Planning Commission meetings, as well as creative content tailored to the interests of the Huntington Beach community.

Homelessness & Behavioral Health Services

Homelessness & Behavioral Health Services offers supportive services focused on individuals experiencing homelessness and/or behavioral health crises. This Division is responsible for

CITY MANAGER'S OFFICE

coordinating the City's comprehensive system of care that includes the Homeless Task Force, Navigation Center, and City social workers. The Division also collaborates with community and faith-based organizations to enhance the City's System of Care through volunteers, donations, and supportive services.

COMMUNITY DEVELOPMENT

FY 2026/27 Organizational Chart

COMMUNITY DEVELOPMENT

Department Descriptions

The purpose of the Community Development Department is to serve exceptionally and inspire pride in our Huntington Beach community. The main functions of the Community Development Department are to:

1. Promote a high-quality built environment by planning for future growth and development of the City while ensuring development proposals conform to the City's vision and implementing documents.
2. Ensure that current construction is safe and in alignment with the City's vision and complies with all Federal, State and local regulations.
3. Enhance inclusive prosperity by promoting attainable housing, preserving quality neighborhoods, providing necessary public services and facilities, and creating job opportunities by growing the local economy.

The Community Development Department is comprised of two primary areas: Development Services and Community Enhancement. Development Services consist of the following divisions: Planning, Building and the Permit Center. Community Enhancement includes Housing, Code Enforcement, Economic Development, and Real Estate Services.

The Department maintains operations in a team-oriented manner with humility, social awareness, passion for service, and integrity through the provision of services that reflect the goals of the City Council and community while ensuring the health, safety, and welfare of the public.

Land Sea Condos on Edinger Avenue

Administration Division

The Administration Division provides back-end support to the department as well as front-end concierge service to the public. The day-to-day operations of the department are largely driven by the Administration Division. Budgeting, payroll, evaluations, training, recruitments, communications, reports, contract administration, data analysis, forms, public notices, purchasing, etc. are all functions of the Administration Division.

COMMUNITY DEVELOPMENT

Planning Commission

The Planning Commission is a quasi-judicial decision-making body with authority over development proposals that require discretionary permits. Each City Council member makes an individual appointment to the Planning Commission. The Planning Commission meets twice a month. The City’s budget accounts for the Planning Commission as its own separate division to account for meeting expenses as well as provide educational and conference/workshop opportunities for Planning Commissioners.

Development Services

Development Services is responsible for a myriad of services that promote a quality-built environment including the following divisions: Planning, Permit Center, and Building.

Planning Division

The Planning Division is responsible for Entitlement Processing (i.e. Current Planning) and Policy and Ordinance Development (i.e. Advance/ Long Range Planning). Current Planning is responsible for coordinating the review of development proposals to ensure compliance with the City’s General Plan and Zoning and Subdivision Ordinance as well as Federal and State regulations. This effort includes processing applications for entitlements (permits, subdivisions, variances, etc.), environmental review, and plan check services. Advance Planning involves updating the City’s General Plan, Local Coastal Program and Specific Plans. These documents contain goals and policies to manage long-term growth of the City and Coastal Zone. Planning staff work directly with residents, businesses, and developers. The Planning Division is responsible for staffing the Planning Commission, Zoning Administrator, and Design Review Board.

COMMUNITY DEVELOPMENT

Permit Center & Building Divisions

The Permit Center and Building Divisions are responsible for Permit & Plan Check and Inspection activities. Staff in this Division are responsible for processing applications for building permits to allow construction to commence, intake of plans, routing plans, reviewing plans to ensure the design is compliant with the California Building Code, conducting structural calculations, and permit issuance. A range of projects from minor residential improvements to ground up construction of major commercial endeavors come through the permit counter. Streamline Surf City is a program that was designed to provide collaboration between City specialists across multiple departments to assist residents and business owners through the permit process. The effort of Streamline Surf City is largely managed by the Permit Center.

Inspection Services ensures projects are constructed pursuant to the approved plans once a permit has been issued. The purpose of inspections is to safeguard construction in town from unsafe work, protecting the owners and occupants of buildings. Once a construction project has passed all inspections and is complete, a Certificate of Occupancy is issued for non-residential buildings and the permit is finalized for residential construction. Building Inspectors most often work directly with contractors but occasionally will interact with owners on an owner-builder situation.

Community Enhancement

Community Enhancement oversees key services that enhance the City's quality of life, including Code Enforcement, Economic Development, Housing, and Real Estate Services. These divisions work together to maintain safe neighborhoods, support local businesses, and manage the City's real estate assets.

The newly established Real Estate Services Division continued to expand efforts to ensure consistent, efficient, and compliant administration of the City's property portfolio. The Division consists of a Project Manager and a Management Analyst and is funded through offsetting reductions across other divisions within the department. This structure strengthens inter departmental collaboration and improves the management of City owned real estate.

COMMUNITY DEVELOPMENT

Code Enforcement Division

The Code Enforcement Division helps maintain a safe, attractive, and vibrant community, enhancing property values and overall quality of life. Code Enforcement Officers work daily with residents and businesses to ensure compliance with public health, safety, and land-use regulations, including housing and building codes. The Division prioritizes public education and voluntary compliance, using enforcement measures when necessary.

Economic Development Division

The Economic Development Division supports business growth through programs focused on retention, expansion, and attraction. These efforts strengthen the local economy by increasing tax base, creating jobs, and fostering community prosperity. The Division actively engages with local businesses through site visits to understand their needs and identify growth opportunities. It also promotes the business community through marketing campaigns that attract investment and drive economic activity. Collaboration with key partners, including the Chamber of Commerce, Visit Huntington Beach (VHB), the Downtown Business Improvement District (BID), educational institutions, and other stakeholders, helps leverage resources and provide businesses with essential support. Additionally, the Division manages the leasing of select City-owned properties, including the iconic Huntington Beach Pier.

Housing Division

The Housing Division oversees the affordable housing portfolio, ensuring compliance with regulatory agreements and managing loan repayments. The Division assists residents by providing information on affordable housing opportunities and housing-related services. It also administers key federal programs, including the Community Development Block Grant (CDBG), HOME Investment Partnership Program, and Tenant-Based Rental Assistance (TBRA). Additionally, the Division manages contracts for public service programs and capital improvement projects. The Housing Division is also responsible for managing Ocean View Estates, a City-owned mobile home park.

COMMUNITY DEVELOPMENT**Real Estate Services Division**

The Real Estate Services Division manages leases for City-owned properties, ensuring rent is correctly assessed, collected on time, and adjusted as needed. Responsibilities include facilitating lease extensions, renewals, and new agreements, enforcing insurance compliance, and assessing late fees when necessary.

The Division serves as a centralized resource for City departments, assisting with strategic planning for City-owned properties and providing technical support for land acquisition, easements, appraisals, property disposition, escrow processing, and title research. It also maintains the City's real estate inventory and assists in acquiring public rights-of-way for infrastructure projects and securing property for public parkland.

The City's real estate portfolio includes approximately 700 sites, with over 90 leases generating more than \$4 million in annual revenue.

COMMUNITY & LIBRARY SERVICES

COMMUNITY & LIBRARY SERVICES

Department Descriptions

The mission of the Community & Library Services Department is to provide outstanding programs, services and facilities that enhance and enrich the lives of our residents and visitors and to welcome, empower, and enrich our community by providing innovative and traditional library services that inspire and encourage transformation and growth.

The Community & Library Services Department carries out this mission by providing a full spectrum of year-round and seasonal recreational, cultural, human, and library services programs. These include special events at the City's parks, beaches, and community facilities, including major annual events, such as the U.S. Open of Surfing and the Pacific Airshow. The Department also manages the City's off-street parking lots, the Main Promenade Parking Structure, and all on-street metered parking throughout the City. The Department participates on 17 boards, commissions, committees, foundations, task forces and community groups. Traditional library services continue to provide seniors, children, and students a book and information rich environment, while our literacy programs and online presence use evolving tools to help users change their (and our) future.

Community & Library Services Administration

Administration oversees and supports the functions of the Department's four operating divisions. This includes strategic planning, supervision, budget preparation, accounts payable/ receivable, and clerical services. Administration responds to community concerns and inquiries, serves as the primary liaison to a wide variety of community groups, implements City Council policies, and ensures quality control on a department-wide basis for all of our programs and services.

Administration creates public and private partnerships with corporations, agencies, and non-profits such as the Huntington Beach Council on Aging (HBCOA), Hoag Memorial Hospital Presbyterian, Orange Coast Memorial Medical Center, and All for Kids Organization, formerly Children's Bureau of Southern California, that allow the City to provide a higher level of service and a greater number of programs. Support staff process requisitions and refunds, perform payroll and hiring functions, and assist with drafting Requests for Council Action (RCAs), Requests for Legal Services (RLS), contracts, and concession leases.

COMMUNITY & LIBRARY SERVICES

Events & Rentals Division

This Division coordinates the multi-departmental Specific Event permit process for major events like the U.S. Open of Surfing and the Pacific Airshow at the beach, Pier Plaza, parks, and other locations, as well as special permits for park use throughout Huntington Beach. This Division is also responsible for coordination and execution of the City’s annual Independence Day festivities, including oversight of the professional services event management firm and the Independence Day Task Force. As part of the Specific Events process, this division is responsible for coordinating the Citywide Pennant and Banner Program.

This Division oversees the City’s film permit process for both public and private property locations throughout Huntington Beach. City staff provides a one-stop shop experience for film productions by facilitating all aspects of the multi-departmental film permit process, thus streamlining the steps that film productions must undertake and execute most film permits within 3–5 business days.

Finally, this Division is also responsible for oversight of the City’s clubhouse facility rentals, including the Newland Barn, Lake Park Clubhouse and Barbeque facility, Harbour View Clubhouse, and Memorial Hall.

Facilities & Development Division

The Division oversees various leases, licenses, Memorandum of Understandings (MOUs) and management operating agreements for services within the City’s parks and beaches. The Division also manages park concessions and facilities, park development projects, Boy Scout and volunteer activities, as well as the Parking/Camping and Parking Meter Sections of the Division.

The Park Development Section collaborates with various City departments regarding the design, rehabilitation, and construction of new projects in City parks and beaches, as well as recreational and library facilities. Responsibilities also include authoring and managing various grants and public/private partnerships to help fund these projects, while engaging the community to keep the Parks & Recreation Master Plan up-to-date.

The Parking/Camping and Parking Meter Sections manage the Huntington Beach RV Campground, the Main Promenade Parking Structure (MPPS), the City’s attended lots south of the pier, on-street meters and off-street lots. Responsibilities include revenue collection, traffic management, staffing, facility maintenance and equipment repairs.

COMMUNITY & LIBRARY SERVICES

Library & Cultural Services Division

Library and Cultural Services oversees the operation of Huntington Beach Central Library and four branch libraries (Main Street, Oak View, Banning, and Helen Murphy), in addition to the Huntington Beach Art Center (Art Center). This Division fosters community connection through library services, cultural programming, and strategic partnerships, while also serving as a liaison to affiliated nonprofit and community support organizations.

Library Services includes Youth Services, Public Services, Literacy Services, and Technology and Support Services, working collaboratively to provide innovative programs and equitable access to resources for residents of all ages.

Youth Services offers a range of programs and learning opportunities for children and teens. Committed to promoting literacy and cultivating lifelong learners, the team provides storytimes, reading challenges, book clubs, STEAM (Science, Technology, Engineering, Arts, and Math) programs, and teen volunteer and leadership opportunities that inspire curiosity, creativity, and academic growth.

Public Services delivers customer-focused library services across all Huntington Beach Public Libraries, including research and information assistance, programs, and outreach for adults and general interest audiences. Literacy Services, offered at Central Library and Oak View Library, engages trained volunteers to support adult learners in building reading, writing, and English language skills that strengthen confidence, opportunity and lifelong learning.

Technology and Support Services advances access to information through integrated technology, digital collections, and innovative service delivery. In addition to overseeing the library's collection of physical and digital resources, the Division leads the Central Library Makerspace – a dynamic environment where community members experiment with emerging technologies, collaborate, and bring creative ideas to life.

Cultural Services leads arts and cultural programming for the community, including the annual Centered on the Center exhibition and a variety of curated and juried shows. The Art Center showcases artists across diverse mediums while offering instructional classes for children and adults, as well as collaborative programs with local schools.

COMMUNITY & LIBRARY SERVICES

Programs & Services Division

This Division is responsible for planning, coordinating, and staffing the City’s Recreation and Human Services programs. The Recreation Section manages and operates the Murdy and Edison Community Centers, as well as the City Gym and Pool. In addition, Recreation is responsible for programming the Senior Center in Central Park (Senior Center).

Recreation programs are available through the SANDS Community and Library Services Guide (SANDS) and can be found online at hbsands.org. Programs include year-round activities such as instructional classes; adult, youth, and pee-wee sports; aquatics, teen leadership programs, recreation events and programs such as the Pier Swim, the Family Campout, Breakfast with Santa, and the City Surf Contest, as well as seasonal programs such as summer camps and Camp HB.

Senior Services liaises with the HBCOA and oversees the operation of the Senior Center, as well as the management and development of senior programming and services, including recreation, transportation, meals, care management and a state-of-the-art fitness center.

In addition to health and wellness programs, the Senior Center provides outreach for homebound seniors, social activities and events, and intergenerational programming. Volunteer opportunities support the programs and services of the Senior Center while rental opportunities provide a space for gatherings and events.

Programs and Services also provides contract management for the Oak View Family Resource Center and liaises with the various collaborative partners in the Oak View area.

FINANCE

FY 2026/27 Organizational Chart

FINANCE

Department Descriptions

The Finance Department, through its three divisions, provides financial management, oversight, monitoring, and reporting for the City’s complex financial resources. The department fulfills this mission by delivering budget development and oversight, procurement and purchasing expertise, accounting and financial reporting services, as well as payroll and accounts payable functions.

Finance Administration Division

Finance Administration is responsible for the day-to-day operations of the Finance Department. The Chief Financial Officer and Assistant Chief Financial Officer oversee operations to ensure compliance with federal, state, and local laws, as well as City regulations and financial policies. The division manages the annual operating and capital budgets, long-term financial planning, the financial enterprise system, citywide cost allocations, fixed asset inventory, financial reporting, and annual audits. This division is also responsible for providing staff support to the City Council-appointed, seven-member Finance Commission, established pursuant to Chapter 2.109 of the Municipal Code.

FINANCE

Accounting Services Division

The Accounting Services Division includes General Accounting, Payroll, Accounts Payable, Financial Reporting, and Municipal Services. General Accounting maintains internal controls to safeguard City assets and implements new accounting standards. The Division also serves as the audit liaison for all departments and coordinates all financial audits. Financial Reporting prepares the Annual Comprehensive Financial Report (ACFR), Popular Annual Financial Report (PAFR), annual bond disclosures, and other financial reports. Accounts Payable processes and issues payment for all City obligations. Payroll administers employee compensation, including payroll processing, federal and state tax reporting, retirement contributions, and maintenance of payroll records.

Budget Management Division

The Budget Management Division supports the City Council and Executive Management Team in managing City resources, developing long-range financial projections, and evaluating the fiscal impact of legislative and judicial actions. The Division coordinates the preparation of the annual budget and provides quarterly revenue and expenditure reports to support budget monitoring and forecasting. It also assists with labor negotiations by providing cost projections and analyses, pursuant to Ordinance No. 4154 – Openness in Labor Negotiations. In addition, the Division oversees citywide procurement, including the competitive bidding process and vendor management, and administers office supplies, procurement cards, leasing, equipment replacement, professional services, and copy machine programs. Reprographics provides printing services, and Mail Operations manages the collection, sorting, metering, and delivery of interoffice and U.S. Postal Service mail for all City departments.

FIRE

FY 2026/27 Organizational Chart

^ Limited Term Position (1)

FIRE

Department Descriptions

The Huntington Beach Fire Department provides the highest quality fire, marine safety and emergency medical services to protect the community. A balanced approach to life safety, data driven community risk reduction and property protection supports this mission. The Department provides “all-risk” services and response for fire suppression, community risk reduction, technical rescue, hazardous materials and weapons of mass destruction, disaster preparedness, marine safety, emergency medical and ambulance transport. Fire training is provided through the regional Central Net Training Center. The FireMed paramedic subscription program reduces or eliminates out of pocket expenses for patients while offsetting the cost of delivering emergency medical services.

Fire Administration

The purpose of the Fire Administration Division is to provide management, research, clerical, financial, and records support for all Fire Department programs. Fire Administration establishes and modifies Fire Department strategies, tactics, and policies; administers the Central Net Operations Authority Training Center; and is a member of MetroNet, a seven-city Joint Powers Authority for fire and medical emergency communications. The Fire Department is also a member of the Orange County–City Hazardous Materials Emergency Response Authority.

Community Risk Reduction

The Community Risk Reduction (CRR) Division has responsibility for enforcing local, state, and federal codes to reduce the loss of life and property from preventable fires and other emergencies. This is accomplished by providing comprehensive inspections, plan review services, public education, fire investigations and public engagement. The CRR Division works closely with the business community, other City departments, and fire companies to ensure the safety of residents and response personnel and to protect the economic well-being of the City. The Division reviews and approves plans and performs inspections on all new development projects to ensure compliance with the Fire Code. CRR staff, along with Fire Operations inspectors, conduct life safety inspections to determine compliance with the Fire Code, review and approve development, life safety, and system plans to maintain compliance with the Fire Code and other regulations. Oil inspections are conducted to enforce regulations in the Huntington Beach Oil Code. The Division operates the Hazardous Materials Business Plan Program (HMBP) as a Participating Agency to the Certified Unified Program Agency (CUPA). The HMBP Program is responsible for identifying, inspecting, and monitoring 686 businesses that use and store hazardous materials. In addition, CRR Division conducts public safety outreach and performs free Home Safety Visits by requesting to install smoke alarms and CO detectors, identify unsafe fire and tripping hazards, and talk about local hazards like earthquake and drowning prevention.

FIRE

Emergency Response and Marine Safety

The Emergency Response Division provides a professionally trained and well-equipped emergency force for fire, medical, rescue, hazardous materials response and Marine Safety. This Division conducts annual life safety inspections, education programs, fire service training and apparatus, equipment and fire station maintenance. Emergency response is delivered from eight stations that are strategically located to provide for timely emergency responses. Paramedic engine companies, staffed by four personnel, are in each of the stations, Marine Safety Headquarters and the Marine Safety Training Center. This configuration provides a uniform level of life safety protection for fire and emergency medical calls to meet the rapidly increasing call volumes the City has been experiencing over a number of years. Additionally, two truck companies, two State Office of Emergency Services (OES) engines, a hazardous materials response vehicle, an Urban Search and Rescue (USAR)/light and air vehicle, Type 1 USAR, Type 1 Hazmat, Type 1 Mass Decontamination Unit, eight City operated emergency transport units and a Battalion Chief/shift commander complete the 24-hour emergency response capabilities. The Division also includes the Emergency Management and Homeland Security Office, which develops and coordinates special event management and disaster plans and programs for businesses, schools, civic groups, and the public.

The Marine Safety Division is responsible for aquatic rescue and drowning prevention along the City's coastline, with a primary focus on surf rescue operations in a dynamic and high-risk ocean environment. Building on this core mission, the Marine Safety Division delivers aquatic rescue, emergency medical services, enforcement of applicable laws, municipal codes, public education, and drowning prevention. These efforts protect life, property, and the environment. Marine Safety provides year-round coverage across the City's beaches, harbor, and offshore areas. The division is staffed by 20 permanent personnel and supported by approximately 200+ highly trained recurrent ocean lifeguards. In addition, Marine Safety maintains specialized response capabilities through its Swiftwater Rescue Team and Public Safety Dive Team, both of which are deployable 365 days a year to support complex and high-risk incidents.

HUMAN RESOURCES

Department Descriptions

The Human Resources Department delivers essential internal services to all City departments and employees. We believe that people are an organization's greatest asset and seek to hire, retain and develop quality employees to achieve the City's goals.

Human Resources Department Overview

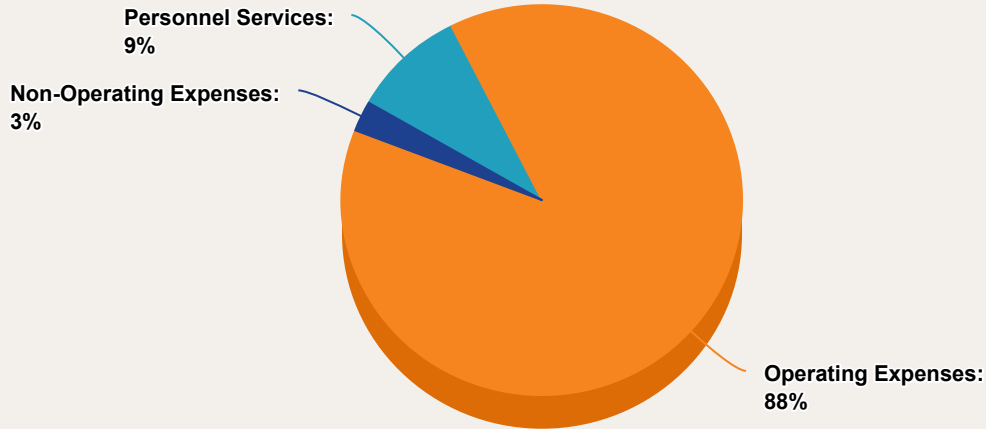

The Human Resources Department is responsible for a variety of operational functions, including recruitment and retention, employee relations, health and retirement benefits administration, disability leave and return-to-work management, and classification and compensation. Human Resources works with the City Manager's Office to build and maintain strong labor relations with the City's eight labor groups, plus the non-represented employees, and provides administrative support for the activities of the City of Huntington Beach Personnel Commission.

Human Resources oversees a comprehensive risk management program designed to minimize the City's exposure to liability and related costs, including workers' compensation and liability claims administration, citywide insurance administration, loss prevention, and employee safety. These services are provided in compliance with Federal and State labor and employment laws, the City of Huntington Beach Charter, Municipal Code, Personnel Rules & Regulations, and the collectively bargained Memoranda of Understanding.

INFORMATION TECHNOLOGY SERVICES

FY 2026/27 Organizational Chart

INFORMATION TECHNOLOGY SERVICES

Department Description

The HB-Information Technology Services (HB-ITS) Department provides essential internal services to all City departments by integrating people, processes and technology to increase efficiency and effectiveness, serving as the technology foundation that enables the City to function securely and reliably. We recognize the importance of partnering with City departments to develop technological solutions that are innovative, secure, reliable, cost effective and scalable. We believe in the concept of future proofing these solutions to ensure a sustainable working model that continues to deliver successful results.

Information Technology Services is organized into four divisions: Administration, Infrastructure Systems, Technology Engagement & Support, and Business Applications. Additional responsibilities such as administration, cyber security, Geographic Information Systems (GIS) and public safety are distributed equally throughout the department. This balanced approach ensures a comprehensive and integrated delivery of services to meet the varied needs of the city.

Information Technology Services partners with all City departments to find and implement technological solutions to best serve our organization and the community, while maintaining a robust infrastructure to support the City's day-to-day operations. Information Technology Services

INFORMATION TECHNOLOGY SERVICES

is responsible for the development, deployment, maintenance, and support of all facets of the City's technology infrastructure, including computers, software, networks, telephones, cameras, badge access, data centers, and radios.

With a few exceptions, as part of its budget, HB-ITS procures and maintains the entire City's technology infrastructure and applications, that includes most of the public safety's technology stack.

Administration

Administration oversees a spectrum of vital functions including HR management, financial/budget operations, project coordination and ensuring seamless execution of administrative tasks.

Infrastructure Systems

Infrastructure Systems maintains and secures the data, voice and wireless/wired network infrastructure. Essential functions include:

- Maintain the City's shared server hardware and provide support for servers, physical and virtual data centers, storage devices, uninterruptible power supplies, and LAN/WAN network.
- Manage a complex mesh of networking infrastructure that connects all City facilities.
- Manage various wired and wireless telecommunication systems encompassing phones, voice, and data.
- Manage an advanced hybrid cloud and physical platforms.
- Manage backup, recovery of data and offsite storage.
- Coordinate, procure and process billing for all phones, cellular phones and broadband communication.

Technology Engagement & Support

Technology Engagement & Support provides help desk/desktop and technical support for a wide variety of software and hardware appliances deployed to all City employees. Essential functions include:

- Provide technical support for all City end-user appliances.
- Conduct helpdesk troubleshooting services for internal users.
- Manage lifecycle replacement of City desktops, laptops, cell phones and other devices.
- Support computer operations for all City facilities.
- Support Citywide special and spontaneous events.

Business Applications

Business Applications is responsible for all facets of the City's enterprise applications, database administration, process automation and programming, Internal and external web services, application delivery platforms, GIS mapping services and electronic messaging applications. Essential functions include:

INFORMATION TECHNOLOGY SERVICES

- Support all City enterprise applications such as financial, payroll, human resources, timekeeping, utility billing, permit, land management, document imaging, and library systems.
- Manage the software development life cycle for citywide applications and provide development, programming, and automation for all departments.
- Develop and conduct computer application training classes for City employees, support and maintain intranet and internet websites and online applications and administer all citywide databases.
- Implement and support application delivery platforms while managing electronic messaging infrastructure and applications.
- Administer Geodatabases and GIS data portals, maintain geographic data, products and services and support desktop and mobile users of GIS applications.
- Conduct data research and input for map related content, collaborate with departments on special projects to visualize data, develop and deploy spatial and mapping applications, and create mapping products such as maps, charts, graphs, and other graphic needs.

POLICE

FY 2026/27 Organizational Chart

POLICE

Department Descriptions

The Police Department delivers professional and responsive public safety to the City's residents, visitors, schools, and businesses. These include emergency and non-emergency response to crimes, incidents, and events; crime prevention; proactive enforcement of laws; traffic related services including collision investigation, DUI enforcement and prevention, traffic safety education and traffic control; criminal investigation; community policing to reduce crime and improve quality of life in neighborhoods and the business community; homeless services including dedicated full-time outreach and engagement; and School Resource Officers to engage local children in positive activities and civic engagement.

Police Chief

The Chief of Police leads and directs the department by providing an overarching vision and establishing priorities, goals, and objectives. They are responsible for all operations and represent the agency as a member of the City Executive Team.

Office of the Assistant Chief

The Office of the Assistant Chief Division includes the Finance Unit, Human Resources Unit, Training Unit, Professional Standards Unit, and Backgrounds Unit. The Professional Standards Unit is responsible for receiving and investigating citizen and internally generated allegations of employee misconduct, auditing of police services, and the management of department policy. The Training Unit is responsible for ensuring department employees are provided with all mandated and advanced training where best practices are incorporated.

The Human Resources Unit is responsible for conducting recruitments for all positions within the Police Department, and preparing the department's bi-weekly payroll. They maintain a high level of confidentiality and demonstrate excellent communication skills as they follow up with prospective candidates. The Finance Unit is responsible for administering the Department's \$98,897,649 budget, liaison with the Information Services Department, and handling purchasing and material requisitions.

POLICE

Patrol Division

The Patrol Division is the most visible component of the Police Department and performs core law enforcement functions. It is comprised of both sworn and civilian personnel and includes Uniform Patrol, Downtown Patrol, the Canine Unit, the seasonal Beach Detail, and the DFR (Drone First Responder) Program. Five (5) lieutenants serve as area commanders assigned to geographical locations within the city.

Patrol officers are assigned to designated geographic areas, known as beats, where they respond to calls for service, document incidents and crimes, conduct self-initiated contacts, and manage critical incidents. Twelve patrol squads provide 24-hour citywide coverage.

The **Downtown Patrol Unit's** primary function is to respond to calls for service, conduct proactive enforcement, and address quality-of-life concerns within the downtown business district, Pacific City, Pier Plaza, resort hotels, and the beach areas.

The **Canine Unit** supports patrol operations through the use of specially trained dogs that track and apprehend suspects and detect narcotics. The unit enhances officer safety and serves as a valuable asset in maintaining public safety and enforcing the law.

The **Beach Detail** is a unit of officers deployed to patrol the beach during the summer months. Officers patrol the beach to ensure the safety and well-being of beachgoers. They maintain a visible presence and help prevent crime, manage large crowds, and promote a safe and enjoyable environment.

The **DFR (Drone First Responder)** Program utilizes unmanned aerial vehicles (UAVs) to assess situations before patrol officers arrive on scene. Equipped with cameras, these drones provide real-time aerial views of accidents, crimes in progress, and missing persons. The program enhances public safety, improves situational awareness, and allows for more informed decision-making and efficient allocation of resources

The Air Support Unit (ASU) is also part of the Special Operations Division. A police helicopter is a force multiplier, equaling up to 10 patrol cars on the ground. The ASU assists patrol units in vehicle/foot pursuits, area searches, surveillances, missing persons' calls, burglary incidents, locating DUI offenders, and acts as a general crime deterrent. There are six Officer Pilots, two Mechanics and one Sergeant Pilot. The unit provides contracted helicopter services to the cities of Costa Mesa,

POLICE

Irvine, and Newport Beach. They work with lifeguards in Huntington Beach and Newport Beach, locating swimmers and boats in distress and can drop lifeguards in the ocean for rescues.

The Special Operations Division is also responsible for overseeing the department's use of special teams who respond to tactical situations, as well as planned and unplanned protests or events. These teams include SWAT, CNT, Drone Team, and the MFF Team, which handles any civil unrest or unlawful gatherings.

Special Operations Division

The Special Operations Division manages the areas within the Police Department which are responsible for unique and specialized functions of law enforcement. This division is comprised of both sworn and civilian employees and includes police facilities, vehicle fleet, Capital Improvement Projects (CIP), traffic enforcement/investigations, DUI enforcement, School Resource Officers (SROs), parking enforcement, airborne/drone operations, mounted enforcement and the Homeless Task Force (HTF). Additionally, this division is tasked with planning and implementing the police department's response to all special events held throughout the City.

The Air Support Unit (ASU) is also part of the Special Operations Division. A police helicopter is a force multiplier, equaling up to 10 patrol cars on the ground. The ASU assists patrol units in vehicle/foot pursuits, area searches, surveillances, missing persons' calls, burglary incidents, locating DUI offenders, support fire department operations and acts as a general crime deterrent. There are six Officer Pilots, two Mechanics and one Sergeant Pilot. The unit provides contracted helicopter services to the cities of Costa Mesa, Irvine, and Newport Beach. They work with lifeguards in Huntington Beach and Newport Beach, locating swimmers and boats in distress and can drop lifeguards in the ocean for rescues.

The Special Operations Division is also responsible for overseeing the department's use of special teams who respond to tactical situations, as well as planned and unplanned protests or events. These teams include SWAT, CNT, Drone Team, and the Mobile Field Force (MFF) Team, which handles any civil unrest or unlawful gatherings.

Support Services Division

The Support Services Division encompasses Communications, Property/Evidence, Records, Front Desk, Community Support, Jail Bureau and volunteer program.

Communications Dispatchers play a critical role as the first, first responder any citizen encounters in an emergency. Their primary responsibilities include receiving and processing 911 calls and routine business requests for police services. To perform their duties effectively, dispatchers utilize a range of modern technologies, including Text to 911, Computer-Aided Dispatch (CAD) systems, GPS mapping for precise location tracking, and city camera feeds.

These tools enhance their ability to provide accurate, timely information to officers and ensure rapid response to emergencies.

POLICE

At the front desk, Community Services Officers serve as the face of the department, ensuring that visitors receive the assistance they need. These skilled professionals author crime and incident reports, allowing Patrol Officers to stay proactive in the field. They also help with payments, citation sign-offs, report requests and other various tasks.

The Records Bureau serves as a critical hub for law enforcement operations by ensuring real-time access to vital criminal justice information. The unit is responsible for processing bookings of all arrestees, conducting warrant checks for officers in the field, and preparing court packages to support investigations and prosecutions. Additionally, Records staff manage the distribution of police reports, teletype messages, and court documents, while also handling the entry and tracking of stolen, impounded, and repossessed vehicles. Their role is essential in maintaining operational efficiency and supporting officer safety through accurate and timely information management.

The Property and Evidence Unit plays a crucial role in law enforcement by ensuring the secure collection, storage, and disposal of evidence and other property, including items taken for safekeeping and found property. In addition to managing evidence, the unit is responsible for purchasing and issuing department equipment, ensuring officers have the necessary tools to perform their duties.

The Huntington Beach Jail is a 72-bed Type I facility that houses both misdemeanor and felony arrestees. Jail staff are responsible for maintaining the safety and security of all incarcerated persons. Staff conduct searches, process bookings, manage housing assignments, and coordinate transports to the Orange County Jail. The jail also operates a Pay-to-Stay program for sentenced individuals who qualify to serve their sentence in a city jail instead of a county jail. Additionally, staff work closely with the Orange County Crisis Assessment Team to assist with mental health evaluations when needed. Due to the nature of a custodial environment, jail personnel play a critical role in safeguarding the safety, care, and constitutional rights of those in custody while also protecting the City from significant legal and operational liability. These responsibilities require constant vigilance, sound judgment, and strict adherence to policy, as every interaction and decision directly impacts facility safety and organizational risk.

The Community Support Unit plays a vital role in strengthening the partnership between the police department and the community it serves. This unit is responsible for developing, coordinating, and overseeing citywide community engagement initiatives. The Community Support Unit also serves as the primary liaison for schools and youth-focused outreach supporting programs such as classroom reading visits, Red Ribbon Week activities, safety presentations, and seasonal events like Trunk-or-Treat. A cornerstone of the unit's success is its management of a highly active volunteer program. Volunteers donate hundreds of hours supporting department operations, assisting at events, and expanding the department's capacity to serve the public.

PUBLIC WORKS

FY 2026/27 Organizational Chart

PUBLIC WORKS

Department Descriptions

The Public Works Department delivers a wide range of services to the public as well as other City departments. The Department is responsible for the planning, construction, operation, and maintenance of City-owned infrastructure. The infrastructure includes buildings, streets, parks, landscaping, flood control, beach facilities, and utilities. Essential services such as water, sewer, drainage, and traffic control systems are operated and maintained 24 hours a day. Public Works manages approximately 30 percent of the City's total budget, including four (4) enterprise funds and 34 designated funds, as well as the citywide Capital Improvement Program (CIP). The Public Works Department has four (4) divisions that are committed to providing the highest quality of service to the community.

Administration Division

Administration provides general planning and management for the four (4) divisions, including policy direction and program evaluation. The Division also administers smart cities programs. Administrative staff coordinates interdepartmental and regional program efforts; develops and monitors the budget; assists divisions on specific tasks and projects; and prepares special reports for the City Manager, City Council, Public Works Commission/Citizens Infrastructure Advisory Board, and the public. Other functions include personnel matters, clerical coordination, record keeping, accounting, and public counter customer service. This Division also maintains the City's infrastructure record-drawings and project information.

Engineering/Transportation Division

Engineering processes and coordinates conditions of approval, plan checks, and permits required for the entitlement of private developments. Engineering oversees right-of-way permits, dock modifications, and road use. The Storm Water Quality Section inspects, monitors, and administers the storm water program for compliance with various regulations and permits governing urban runoff and storm water. The Design Engineering Section plans and designs City-funded public improvement projects such as street, sewer, water, and drainage facilities. The Construction Engineering Section provides construction management services for new public facilities such as parks, recreation centers, fire stations, and beach improvements. This section also provides construction inspections for developer installed infrastructure, landscaping, utility work, and capital improvement projects. The Transportation Section provides a safe and efficient transportation system supporting vehicular, pedestrian, transit, and bicycle activity while meeting community needs. Transportation oversees the design of all traffic control devices and pole lighting on City property, reviews development projects, provides advance transportation planning for both local and regional activities, and responds to public requests related to traffic concerns. Staff develop and manage traffic signal operations and communication systems for advanced control and monitoring, administer contracts for traffic delineation, signage, and pavement and curb markings, and provide traffic control planning for City-sponsored special events.

PUBLIC WORKS

Maintenance & Operations Division

The Maintenance & Operations Division is responsible for the maintenance and operation of citywide facilities, fleet, beach, landscaping, streets, trees, and public right-of-way infrastructure, including traffic signals and street lighting systems, along with oversight of the Solid Waste and Recycling franchise.

The Division administers a broad range of service contracts, including trash and recycling, landscape maintenance, scheduled tree trimming, harbor cleaning, park and beach restroom janitorial services, street sweeping and traffic signal and lighting maintenance. In addition, the Division conducts ongoing renovation and infrastructure improvement projects to maintain a safe, functional and aesthetically pleasing environment for residents, visitors, and employees while preserving the value of City infrastructure and equipment.

Staff respond to service requests from residents and the public, supervise contracted services, and provide operational support for special events. The Facilities Maintenance Section maintains approximately two million square feet of City-owned buildings and performs a wide range of maintenance, repair, and equipment replacement activities at the Civic Center, fire stations, libraries, recreation centers, marine safety lifeguard buildings, and the pier.

The Fleet Maintenance Section, staffed by Automotive Service Excellence (ASE) certified mechanics, provides comprehensive maintenance and repair services for nearly 1,000 City vehicles and equipment, including fire apparatus, paramedic units, police vehicles, lifeguard watercraft, street sweepers, and heavy-duty trucks.

The Signal & Lights Maintenance Section oversees the maintenance of traffic signals and lighting infrastructure, ensuring the safe and reliable operation of signalized intersections, streetlights, and lighting systems at parks, parking lots, and sports fields. These services support public safety, mobility, and visibility throughout the City.

PUBLIC WORKS

Utilities Division

The Utilities Division operates and maintains the City’s water, wastewater, and storm drain systems. Water services include groundwater and import water production, reservoir operations, water quality testing, backflow device testing program, distribution line maintenance, and water meter reading and repair services. Wastewater crews ensure City sewer lines and sewer lift stations are always operational. The storm water drainage system directs the flow of storm water and runoff into local channels and outlets using large pump stations. Sewer lift stations, drainage pump stations, and water wells are monitored constantly by sophisticated remote data acquisition and computer control systems. Water conservation education and practices are an important function of this Division.

NON-DEPARTMENTAL

Department Descriptions

The Non-Departmental series of accounts are used to account for citywide expenditures including debt service payments, equipment leases and purchases, utility costs, unemployment insurance, termination leave payouts as well as Capital Improvement Projects that do not have a correlation to any one particular department. The Finance Department manages this set of Non-Departmental accounts.

Equipment Replacement

Non-Departmental supports the funding of the City's Equipment Replacement Program. This program funds the replacement of the City's equipment and rolling stock so that the City's vehicle fleet, equipment and technology remain up-to-date and in good working condition. The FY 2026/27 Equipment Replacement budget totals \$6 million to fund the replacement of the City's aging equipment.

Infrastructure Improvements

Non-Departmental also helps to support the City's General Fund share of infrastructure spending. Per the City's Charter, Section 617, General Fund expenditures for infrastructure improvements and maintenance shall not be reduced below 15% of General Fund revenues based on a five-year rolling average. The Capital Improvement Program Section provides detailed information regarding the infrastructure projects funded by the General Fund and other funds, including grants.

Debt Service

Non-Departmental includes annual debt service payments for the City's bonded debt. The City's Charter limits General Obligation debt to 12 percent (12%) of the total assessed value of all real and personal property within Huntington Beach. The City's total net taxable assessed property value in Fiscal Year 2025/26 was approximately \$53.5 billion, resulting in a debt limit of \$6.4 billion. The City currently holds no General Obligation bonds subject to the debt limit. In addition, it is not anticipated that the City's outstanding debt will have an appreciable impact on the operating budget.

Successor Agency

The Successor Agency is responsible for overseeing the "winding down" of the City's former Redevelopment Agency. Under Assembly Bill 1X 26, AB 1484, SB 107 and the California Supreme Court's decision on December 29, 2011, all redevelopment agencies were dissolved as of February 1, 2012.

NON-DEPARTMENTAL

The State Legislature created "Successor Agencies". All assets, properties, contracts, and leases of the former Redevelopment Agency transferred to the Successor Agency in conformance with State law.

The Successor Agency continues to oversee the development of certain properties under contractual obligation until the project or obligation is completed, can be transferred to other parties, or is sold. The Successor Agency prepares a Recognized Obligation Payment Schedule (ROPS) annually (July – June) for the enforceable obligations of the former Redevelopment Agency. Pursuant to State Law, the Oversight Board now functions through the County of Orange.

Housing Authority

The City's Housing Authority assumed the housing functions and assets of the former Redevelopment Agency. It also received related rights, powers, liabilities, duties, and obligations, thereby becoming "Successor Housing Agency."

The Housing Authority administers the housing assets of the former Redevelopment Agency; manages the Inclusionary Housing Program; implements the Housing Rehabilitation Program; and manages the Ocean View Mobile Home Park. Staff monitors over 52 multifamily rental projects, consisting of 1,759 extremely low, very low, and low-income residential units and 788 moderate income residential units that have affordability covenants/affordable restrictions associated with the developments. In addition, the City has 362 ownership covenant restricted residential units related to the inclusionary housing ordinance program.

Housing focuses on the implementation of the available housing programs and policies. Staff will continue working with developers to seek out sites and potential funding such as HUD's HOME program, Inclusionary In-Lieu, and former Redevelopment funds to develop affordable rental units. The City is working with a non-profit organization, Jamboree Housing Corporation, on the development of a 43-unit senior affordable housing project at the corner of Beach Boulevard and Main Street. Construction on this permanent supportive housing project began in May 2024 and will be completed during FY 2026/27. The project serves extremely low and very low income tenants complete with supportive services and activities.

Senior Affordable Housing Project on Beach Blvd

Capital Improvement Projects

THE PAGE INTENTIONALLY LEFT BLANK

Drainage

Greer Park Improvements

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	Jim Merid	Rehabilitation	Drainage	Infrastructure Investment

Project Location

Project Description:

Provide design of stormwater drainage improvements to address potential flooding and trash/debris discharges from Greer Pond to Murdy Channel. Project would entail installing an in-line trash capture/removal device and upsizing the existing 18" pipe to a larger box culvert based on expected flow. Along with providing a study to address flooding, the City would dredge the existing lake to increase water retention capacity and modernize monitoring and pump systems for improved lake level management.

Project Need:

Project would address compliance with the State's Trash Provisions as well as address and mitigate flooding on McFadden and the immediate surrounding area by increasing the capacity of the outlet. Limited retention capacity and outdated monitoring and pump systems hinder effective water level management, increasing the risk of overflow, flooding, and operational issues.

Storm Channel C6-SC1 Repair Project

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	Eduardo Okamoto-Cerda	Rehabilitation	Drainage	Infrastructure Investment

Project Location

Project Description:

Several sections of City-owned Channel C6-SC1, from Slater to Warner Avenue, are cracking and failing. Repairs are phased due to funding constraints, with a total estimated construction cost of \$3.8 million in 2024. This is Phase 2 of the project.

Project Need:

Critical repairs are required to address severe cracking and deterioration, previously patched in 2021. Without permanent restoration, further degradation could lead to costly emergency repairs and increased flood risk.

Facilities

Central Library Restroom Restoration

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	Frank Drevdahl	Rehabilitation	Facilities	Infrastructure Investment

Project Location

Project Description:

The project is phased over two years. Year 1 includes the rehabilitation of the restrooms adjacent to the Genealogy section of Central Library to bring into compliance with the American's with Disabilities Act (ADA). Year 2 would rehabilitate the Staff/Volunteer restrooms.

Project Need:

Restrooms were built in 1974, are outdated, and not in compliance with ADA requirements.

City Clerk Records Vault Remodel

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	Juan Esquivel	Rehabilitation	Facilities	Infrastructure Investment

Project Location

Project Description:

Reconfigure HVAC and ancillary systems to reduce humidity in Records Vault. Current system is putting records at risk and creating an environment that is conducive to mold.

Project Need:

Humidity maintains at a high level in vault and is detrimental to records staff operations, including the continued development of mold in the space.

Fire Department Remodel at City Hall

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Fire	Rob Aldrich	Rehabilitation	Facilities	Public Safety

Project Location

Project Description:

Increase functionality on the 5th floor of the Fire Department that includes Fire Administration and Fire Community Risk Reduction by remodeling the department's front counter area, offices, meeting rooms for better customer service, and two newly approved administrative fire captains.

Project Need:

The front counter area, offices, meeting rooms, and layout of the Fire Department at City Hall needs updating in order to be prepared to serve customers and create more efficient usage of space.

Newland Barn Venue Improvements

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	Frank Drevdahl	Rehabilitation	Facilities	Infrastructure Investment

Project Location

Project Description:

The project includes the replacement of existing grass with artificial turf. The cement patio will also be replaced/expanded with decorative pavers in order to create more utility and a more attractive facility.

Project Need:

This facility is revenue generating with events such as weddings booked every weekend. Replacing the grass with artificial turf will create the opportunity to increase reservations by eliminating grass rejuvenation periods, rain-outs due to mud, and allow for weekday events due to turf durability.

Replace R22 AC Equipment Citywide

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	Kevin Dupras	Rehabilitation	Facilities	Infrastructure Investment

Project Location

Project Description:

Multi-year project to replace all existing Air Conditioning equipment containing R22 refrigerant at various city facility locations.

Project Need:

Federal regulation prohibits the manufacture and import of R22 refrigerant effective 1/1/2020. Equipment containing R22 is now obsolete and retrofit to a new reffridgerant is cost prohibitive. R22 is increasingly scarce and expensive.

Warner Fire Station Design

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Fire	Rob Aldrich	Rehabilitation	Facilities	Infrastructure Investment

Project Location

Project Description:

Requesting design funding for the replacement of Warner Fire Station.

Project Need:

Warner Fire Station is operating at capacity with an undersized apparatus bay, outdated layout, inadequate gender accommodations, shared fitness and apparatus space, and PPE storage that does not meet NFPA standards, with utilities showing significant wear due to the harsh marine environment. The proposed improvements include expanding the apparatus bay, adding dorms for a full-time ET unit, providing dedicated gender facilities, creating separate PPE storage and fitness areas, increasing office and storage space, and adding Marine Safety office and living space to support current and future operational needs.

Water

OC-35 Water Main Loan Repayment

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	John Poehler	Rehabilitation	Water	

Project Location

Project Description:

City of Huntington Beach’s portion of an Orange County Transportation Authority (OCTA) loan to West Orange County Water Board (WOCWB) for the OC-35 transmission main relocation project during the construction of the I-405.

Project Need:

The I-405 widening project necessitated realignment of the OC-35 transmission main. OCTA and WOCWB entered into a 10-year loan agreement to finance the project.

Water Main Replacement

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	John Poehler	Rehabilitation	Water	Infrastructure Investment

Project Location

Project Description:

Replace water mains in areas with insufficient water main size, or in areas where pipelines are at the end of their functional lifetime. The specific location of the pipelines will be determined based on pipeline age and break history.

Project Need:

The majority of the City's potable water pipelines are asbestos cement pipe which is subject to both internal and external corrosion. The replacement of these pipelines is warranted to provide a reliable potable water infrastructure.

Well 14 Drilling and Casing Project

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	John Poehler	New Construction	Water	Infrastructure Investment

Project Location

Project Description:

The Well 14 Drilling Project will provide all underground work for Well 14, including the well drilling, zone aquifer testing, and the casing installation.

Project Need:

The City's well portfolio is aging and additional well capacity is needed as Orange County Water District continues to aim for a 100% Basin Pumping Percentage.

Well 14 Storm Drain

Funding Department:	Dept. Project Mgr:	Project Type:	Category:	Strategic Plan Goal:
Public Works	John Poehler	New Construction	Water	Infrastructure Investment

Project Location

Project Description:

The project will construct a storm drain for the proposed Well 14 located in the City of Westminster. The project will construct 1,800 linear feet of 24-inch concrete sewer.

Project Need:

The proposed potable water well needs a storm drain to prevent “pump-to-waste well water” from flooding McFadden Avenue. The well operates in a “pumps-to-waste” mode on an intermittent basis during the well start up process.

FY 2026/27 Proposed Budget General Fund Balancing Strategy

Staffing and Compensation

- Reduced and Unfunded Vacant Positions: **\$5.5M**
- Account for Memorandum of Understanding (MOU) Adjustments
- Removed **\$7.2M** Budgeted Attrition
- CalPERS Pension Increased: **\$8.8M**

Operations

- Added **3%** inflation to operating costs
- Added necessary supplemental requests
 - Register of Voters Costs for Elections
 - Additional safety expenses
 - Required contract price increases

Transfers / Funding Adjustments

- General Liability transfer reduction: **\$3M**
- Retiree Supplement transfer reduction: **\$6.5M**
 - This was done in FY 2025/26 and FY 2026/27

Equipment / Infrastructure

- Equipment Replacement increase: **\$1M**
 - Reduced expenses by \$2.5M
 - FY 25/26 underfunded by \$3.5M
 - Fully funded this year
- Infrastructure Fund increase: **\$1M**

Budget Deficit

- Use of fund balance to offset **\$15.6M** deficit
