Subject: A Palmer slides 4.02.24 HBCC comments agenda items support

Attached is a brief PowerPoint presentation in support of several agenda items listed for the City Council meeting, Tuesday, April 2, 2024. My hat is off to our elected officials and all staff regarding the volume and efficacy in addressing both day-to-day issues and matters of volatile public concern.

It is my intention to sign up to speak during the General Comments session but may not address each of these if further time restriction is needed to address a large volume of speakers. I have no complaints on that practice! However, I wanted to provide these slides -- without speaker notes -- just as one resident's POV.

Thank you,
