

# Approve Cooperative Agreement C-3-2654

Orange County Transportation  
Authority for I-405 Improvement  
Project

September 5, 2023

# BACKGROUND

- Initial work for the I-405 project started in 2001 – planning and programming
- OCTA awarded design-build project to OC405 Builders January 2017
- OCTA entered into Cooperative Agreements with all of the local agencies along the project corridor in 2016 to facilitate tasks needed to complete the project and compensate agencies for expenses/efforts

# NEED/WHY/BENEFITS

- The Cooperative Agreement outlines various efforts that each party will undertake or participate in to complete the project
- The agreement also includes financial reimbursement terms and amounts for various City efforts needed to complete the project
- Prior agreement expired in April 2023
- New agreement needed to continue all aspects of prior agreement through the completion of the project in 2024

# DETAILS

- The City has already received \$682,737 for pavement mitigation costs – pavement life impacts due to freeway detours onto local streets
- The City has received \$217,605 to date for other direct staff expenses/efforts related to the project
- New agreement authorizes a maximum reimbursement amount for additional expenses of \$200,000 through the completion of the project

# RECOMMENDATION

- **Approve Cooperative Agreement C-3-2654 with OCTA and authorize the Mayor and City Attorney to execute the agreement**
