Subject: Oppose item 24-400 IRC Motion
Date: Tuesday, June 4, 2024 8:40:18 AM

I oppose the IRC motion on Voter ID because the IRC committee looks like a rubber stamp committee for the creating soap box issues for some of the city council members. The minutes of the 5/15 and 4/17 meeting are not available. What is the rush to take action on something that does not yet have public transparency?

On deeper investigation, taking a position on the legislation pending before the state is really just a political attack on a candidate, Dave Min, for the congressional district that serves Huntington Beach. The action is a purely political action. Why should the city council of Huntington Beach get involved in such political positions?

What is the IRC, the Intergovernmental Relations Committee? It seems to be a rubber stamp committee serving Vander Mark, Burns, and Strickland.

On the Huntington beach webpage on committees, it seems that there are no active members <https://huntingtonbeach.legistar.com/Departments.aspx>
Why is the webpage not up to date?

However, there are Minutes of the IRC. Here is a link to minutes of IRC

No minutes for 5/15 or 4/17 meeting on 6/4/2024.

For March 20, Feb 21, and Jan 17, Vander Mark, Burns, Present, Strickland absent and minutes can be viewed.
