With regard to the above referenced council meeting, I am totally in support of the following three agenda items: Item 21, 24 and 25. Diversity, equity and inclusion are critical to maintaining our thriving Huntington Beach community. There is no place in our beautiful city for hate crimes and white supremacist activity. We cannot allow these movements to use our community to promote their hateful agenda.

Esteemed Council Members,

I'm emailing in support of agenda items 21, 24, and 25. As you know, there has been an increase in hate crimes on a national level as well as an increased social media presence of white supremacist sentiments. Just this past week, there were fliers dropped around Huntington Beach advertising a White Lives Matters demonstration. While it's quite probable that the organizer is not an HB resident, we must proactively address these issues and make sure all our residents feel safe here and know that hate speech will not be protected. As a member of the HB Human Relations Task Force, I feel particularly invested in us addressing these issues head on with dialogue and actions that illustrate what Huntington Beach is and what it is not. I'm tired of extremists hijacking our city's public image and giving us a bad reputation. I attended a Stop Asian Hate rally at Mile Square Park Saturday and many of our neighbors currently feel very unsafe, with white supremacy at the root of incidents they've experienced. Please support agenda item 21, 24 and 25. Thank you, Debbi Parrott

Hello,

I am a resident of Huntington Beach, and I am writing in support of items 21, 24, and 25 on tomorrow's city council meeting agenda. Racism in Huntington Beach needs to be addressed by our local government so that these groups no longer feel comfortable meeting or rallying in our city. It is disgusting and a stain on this city and the people who live here. Please let our voices be heard and take a stand.

Hello,

I'm a graduate from Edison High School and lifelong resident in HB. I'm writing from my student email but I currently reside here in Huntington, not Santa Barbara. I am writing because of an article I read earlier today about a potential "WLM" march downtown a week from today. I am hoping that the HB City Council can put out a unanimous statement condemning this type of behavior and provide a robust police response. During the BLM march last year, a friend of mine was hit with a rubber bullet and I feel as though, if this was the response in the face of demands for equality and justice, then surely the response will be more aggressive in the face of active hate, racism, and barbarism. Hopefully Huntington Beach, our police department, our city council, and our community can come together as one and denounce this behavior. As leaders of our community, this begins with you.

Looking forward to your response,
Logan Lovy

Hello,

My name is Thomas Meisenhelder and I am a resident of Huntington Beach.

I am writing to urge the City Council to support agenda items 21, 24, and 25. I am angered and embarrassed by the series of recent activities that have given our city the reputation of being a hotbed of racism and white supremacy. These items, if passed, will start our city on the path to clearly rejecting that identity.

We need to declare loudly and clearly that hate and racism have no home in HB and that there is no place for them here.

Thank you.

SUPPLEMENTAL COMMUNICATION

Meeting Date: 4/5/2021
Agenda Item No.: # 24 (21-292)

Mayor Carr and Members of the City Council,

My comments are as a private citizen, resident of Huntington Beach, and former member of the City's Human Relations Task Force.

I urge your support of Agenda item #21-292 Submitted by Councilmember Kalmick - The City of Huntington Beach Denounces Any Movements Promoting White Supremacy Within Its Community

Taking a clear position against white supremacy would seem to be a no-brainer. However, history and recent experience has shown that some are reluctant to speak out against racism, even when it directly and publicly incites imminent criminal activity or consists of specific threats targeted against a person or group.

How do others see Huntington Beach?

Read this current column by former California Assemblyman Warren Furutani *about Huntington Beach* in the Rafu Shimpō, the English-Japanese international daily newspaper based in Los Angeles. It represents a predominant view in the Japanese American community. Furutani writes on the "problem with this hate-mongering...is the lack of response by the Huntington Beach City Council, law enforcement..."

https://www.rafu.com/2021/04/og-san-just-below-the-surface/?fbclid=IwAR0mZwmbQzdZgxbVuQ0uXq26NmlARNwMlrx5AyLm1_ODKHmjnNGyGmw730

The KKK "white lives matter" flyers found on downtown Huntington Beach driveways on Sunday morning, April 4, use familiar rhetoric regarding "cultural genocide" and the usual inferences there is only one interpretation of American history instead of a multitude of American stories. It looked almost identical to the flyers distributed on my driveway in Huntington Beach in 1995, in a ziploc bag with a rock.

Hoping that racism and those who weaponize it will go away is not a solution. Silence emboldens worse behavior. As Warren Furutani concludes in his column, taking a public stand against hate "*could thwart a potential tragedy and reveal that the haters are a small minority of people with the vast majority of every background being good folks of conscience and action.*" Be the voice of the good folks.

I urge your support of a declaration denouncing movements promoting or supporting white supremacy.

Regards,

Mary Urashima

Agenda Item 21, submitted by Mayor Carr and Councilman Dan Kalmick. It asks the City Council to denounce all hate crimes and reaffirm the City's commitment to safety and inclusivity for all.

- I hope this isn't even a debate. There is no place in our city for hate of any person due to race, ethnicity, religion, or sexual orientation!

Agenda Item 24, submitted by Councilman Dan Kalmick, and asks the City Council to denounce any movements promoting or supporting white supremacy in our city.

- Again, any need for exclusion of others in a insecure acting out, is ridiculous on its face. Caucasians are not threatened because of the color of their skin. The white power events that are going on are sad outcry for not being the omnipotent power of the past.

Agenda Item 25, submitted by Councilwoman Natalie Moser, to ask for the City to serve as a co sponsor for a virtual event being hosted by the OC Human Relations on April 11 and to direct staff to develop an outdoor event on April 18 at Central Park that is focused on diversity, equity and inclusion.

- I support education and outreach efforts.

As HB residents, we request you give all HB residents a public notice in advance of any KKK/White Lives Matter rally rumored to take place on April 11. For months, we had to endure the trump caravans disrupting the downtown area. They pounded on our car windows, threatened us and blocked traffic. The police just stood there with their hands in their pockets and did nothing. Because of the lack of control of the part of HB police, we don't go downtown anymore because it's not safe. What plans do you have in place if this KKK/White Lives Matter charade invades our city? The very idea of the KKK showing up in HB (or anywhere) is disgusting and should not be tolerated, regardless of their "1st Amendment rights." Take a stand against this and tell the police to do their job. We're tired of hateful groups invading this city without any consequences. Regards, 34 year HB residents

April 4, 2021

Dear Huntington Beach City Council Members:

When we moved to Huntington Beach in 1985 from a quiet suburb outside Philadelphia, our children were young. We researched school districts, but not the city's history of Neo-Nazism going back to the 1920s.

The white supremacy influence in the pro-Trump demonstrations held in our city in 2020 were disturbing. But a KKK rally on April 11 is scary. This announcement has come more than 10 days prior to the rally, no doubt to attract like-minded skinheads to protest in our city. I expect many klansmen all over the state, perhaps from neighboring states, to congregate at the pier area. I will not be surprised if there is a riot.

I urge our City Council to take strong and immediate action, issuing a declaration against this rally in order to prevent HB turning into another Charlottesville, and for the Police Department to enforce the law to the full extent, not only to "observe" activity.

I pray that Tito Ortiz, as a City Council member and mayor pro tem, doesn't go out to support the KKK rally. It would send an awful message for years to come.

Dear Council Members,

On April 11th, the KKK is set to use Huntington Beach as a worldwide stage to broadcast their vile racist hate and MUST be stopped! Disgusting, terrifying and threatening propaganda is being found on doorsteps around the city and community. Mayor Carr, and Council, what is your plan? Denouncements are good, but not enough.

Have you met with, directed HBPD Chief Harvey to use every ounce of power and authority at the city's disposal to prevent / end this? Are you investigating to identify the persons behind it- publicly name them and expose them, plainly denouncing their white supremacist incitement to hate and violence, and warn that there will be the harshest of legal consequences? We need you to assemble the strongest police force showing possible, and utilize all investigative powers, laws and ordinances available- against hate speech threats, incitement to violence, un-permitted unlawful assembly, blocking traffic, unlawful use of amplified sound.., all you've got.

While I urge you to pass the three proposals on tonight's agenda to this end, and I wholeheartedly do, it is not enough. The KKK is coming here because they think that you will do nothing. They see bully racists who've come to downtown this past year, in one guise or another, facing zero consequences. They see Tito Ortiz himself spewing hate and lies that Black Lives Matter wanted to burn down the city and other things too disgusting to repeat, only to be named Mayor Pro Tem! They see him engaging in all manner of bad faith provocative behavior - attacking local businesses, school districts, and even this City Council for trying to protect our community, and getting away with it- NO vote to remove him as Mayor Pro Tem, NO vote to censure, only coddling and interacting with him as if he's a child rather than a grown adult man UFC fighter who's used his celebrity and office so that HB makes worldwide headlines as a hub of racists and white supremacy (and please spare us the pretend offense and denials, Mr. Ortiz, that you as a Latino couldn't possibly harbor or express anti black racist hate). It's an embarrassment.

This is on you, Mayor Carr and Council Members, and your lack of leadership. It is serious. It is bad, in the worst of ways, for us and our community. If allowed to happen, it will have lasting consequences. It will not fade away or evaporate afterwards. It will reverberate, for decades to come. It will be your legacy, to the shame of Huntington Beach.

The KKK believes that this Council is weak. They do not believe that you will back up any denouncements of hate crimes and white supremacy with real action in concert with our PD

I beg you to prove them wrong.

Sincerely,

Lisa Marquise

Meeting Date: 4/5/2021

Agenda Item No.: #24(21-292)

My wife and I have lived in Huntington Beach for over 45 years. We moved here because of the beach, friendly residents and close access to metropolitan areas. Our children did all their undergraduate schooling in public schools here. We have been involved in charities, public service and religions in Huntington Beach. We have always supported the diversity of its residents politics, religions and skin color.

Our fathers both fought in WWII to protect our democracy to end the world threat of fascism, Nazis and white supremacy. We were both involved in the turbulent years of the late 60's and the peaceful protests in which the 1st Amendment was regularly challenged. We have always supported free speech for all opinions as long as it is based on truth and does not lead to violence.

The recent white supremacist movement in Huntington Beach has been disturbing to us, especially with the open carry of guns policy that raises the risk of violence. We have discontinued visiting the pier and Main street because of this potential for violence and disregard for masking and social distancing, especially in light of the events of Jan 6th.

We support the city to have all peaceful protests and especially the one for denouncing racism and violence.

There is no room for white supremacists in Huntington Beach and their fomenting of lies, hate and violence. This city should be featured on the news as a safe haven for all people with a focus on truth and antiracism, not what has been recently seen on national news.

Thank you

Tim and Donna Schwab

Subject: Public Comment on Items 20, 21, 24 & 25

Dear Mayor Carr, Mayor Pro Tem Ortiz and Council Members Posey, Kalmick, Delgleize, Peterson, and Moser,

I am writing in support of several agenda items scheduled for the April 5, 2021 City Council Meeting and urge your support as well.

Agenda Item 20: Domestic violence continues to be a scourge in our society. Accepting the state grant to fund a large portion of the cost of providing domestic violence services in Huntington Beach under the authority of the Police Chief is a logical and responsible approach to continuing efforts to reduce and eradicate domestic violence and violence against women. Please adopt item 20.

Agenda Item 21: Huntington Beach is no place for hate. In the past several months, there has been a documented rise in hate crimes and hate incidents nationwide, as well as countywide. This resolution clearly states that Huntington Beach will not tolerate such actions. Please adopt this item.

Agenda Item 24: Please adopt this item. The rise in the brazenness of white supremacists in our area is unacceptable. Huntington Beach must remain a safe and welcoming place for all.

Agenda Item 25: Huntington Beach has maintained a good relationship with OC Human Relations. The city should uplift the efforts of OC Human Relations to facilitate welcoming people from all backgrounds. The virtual event scheduled for April 11 is a good opportunity to do that in an effort to show the true character of Huntington Beach while others are planning on holding a "white lives matter" event. Furthermore, hosting a city-wide event at Central Park on April 18 emphasizing diversity and inclusion is an appropriate expression of the city's values.

Thank you,
Libby Frolichman

Dear
Huntington Beach City Council,

I am 100% in favor of the following agenda items. Huntinton Beach has a history and reputation of white supremacy and bigotry, real or not. We need to make a stand that we will not tolerate hate crimes or white sumpremacy, and that we DO STAND for diversity, equity and inclusion.

Agenda Item 21, submitted by Mayor Carr and Councilman Dan Kalmick.It asks the City Council to denounce all hate crimes and reaffirm the City's commitment to safety and inclusivity for all.

Agenda Item 24,submitted by Councilman Dan Kalmick, and asks the City Council to denounce any movements promoting or supporting white supremacy in our city.

Agenda Item 25, submitted by Councilwoman Natalie Moser, to ask for the City to serve as a co sponsor for a virtual event being hosted by the OC Human Relations on April 11 and to direct staff to develop an outdoor event on April 18 at Central Park that is focused on diversity,equity and inclusion.

Thank you,
Regina Magee

Mayor Carr,

I was disturbed to find out about a "White" lives matter rally planned to take place on Sunday the 11th in downtown. I have lived in Huntington Beach my whole life and it saddens me that racists and bigots feel like Huntington Beach is a place that they can feel free to share their views publicly. As a City I feel like we need to stand against hatred in any form and this starts with you and the other members of the city council coming out publicly and condemning this rally and the organizations. There are so many wonderful reasons to visit Huntington Beach but this rally puts HB in a negative light. Let's show the world that we are SURF City HB and Not HATE City USA.

Thank you,

Teresa McCarthy, 50 year resident of Huntington Beach

Subject: SUPPORT FOR CITY COUNCIL AGENDA ITEMS #20, 21, 24, & 25

Dear City Council,

For far too long hate, racism & intolerance have quietly been associated with the City of Huntington Beach. More recently our city has been publically stained by the takeover of our downtown by conspiracy-soaked dullards and malcontents seeking their 15-minutes of social media fame.

While I can appreciate the Huntington Beach residents who repeatedly claim "this isn't who we are", sadly this is who we are until our city stops passively hosting racists, grifters, and conspiracy theorists.

I believe reaffirming our community values is a very worthwhile first step, but until the City of Huntington Beach actively intervenes to stop the co-opting of our downtown by those seeking to propagate hate, disinformation, and hurtful conspiracies, Huntington Beach will continue to be defined by the malignant opportunists misusing our city's public space.

A simple reminder: hateful and intolerant rhetoric is not "Free Speech". It is Hate Speech. And the City of Huntington Beach in no way benefits from harboring the hateful.

I strongly support the reaffirmation of our values.

Thank You!

Sincerely,
Steve Shepherd
