CONTRACT INFORMATION

TOTAL COMPENSATION

Not To Exceed 300,000.000

TERM OF CONTRACT/AGREEMENT

Amendment for 1 additional year

VENDOR NAME + TYPE OF SERVICE

AESCO, Inc. providing on-call professional engineering, material testing, environmental, and construction support consulting services for McFadden Sewer Lift Station, Admiralty Bridge Rehabilitation Project and other associated project on-call professional services needs.

TYPE OF AGREEMENT *(Professional Services, Service Agreement)*

Amendment 2 will increase the no-to-exceed amount of the on-call professional services agreement with AESCO, Inc. by \$300,000, in addition to extending the term 1 additional year.

PROCUREMENT

Procurement through a Request for Qualifications (RFQual), under which project-specific purchase orders are issued through task orders requests for proposals (TORFP). Currently AESCO, Inc. is providing engineering, materials testing, and environmental consulting support services.

SCOPE OF WORK

Provide staff support for engineering, material testing, environmental, and construction support services for the McFadden Sewer Lift Station and Admiralty Bridge Rehabilitation Projects. Develop Plans, Specifications, Testing, Estimate and Construction support for projects.

OTHER: *Bonds, Special Contract Terms, Emergency*

Professional Services Agreement extension of two years includes AESCO, INC. holding cost not-to-exceed \$300,000 to complete scope of work.
