Subject: Yes on Agenda Item # 12: 25-830
Date: Sunday, October 19, 2025 3:56:28 PM

Dear Mayor Burns and Council Member Twining,

Thank you for proposing Agenda Item #12 (25-830) to invite the nonpartisan and highly-respected OC Registrar of Voters (OCROV) to present information on voting security at an upcoming City Council meeting. I hope the other Council members will agree with you and vote YES to help educate HB voters about our county's voting system and the steps that the OCROV takes to ensure that voting is safe and secure.

OCROV voting experts are much better prepared at providing accurate information about OC and HB voting than outside political groups like Unite4Freedom, which has a poor track record throughout the country when it comes to identifying and providing accurate voting data.

Thank you,

Carol Daus
Huntington Beach resident

SUPPLEMENTAL COMMUNICATION

It is good to see this item on the agenda as I and many HB residents have written to support having our Registrar of Voters, Bob Page, be invited to present at the City Council meeting, after the shameful presentation last meeting by Unite4Freedom. It is important that you, and the public, hear the truth about our elections in Huntington Beach and Orange County. I would also suggest that YOU on the council take a tour of OC Registrar Voters Operations as soon as you can arrange one. My husband and I went last week and were incredibly impressed by the security in all of the stages of counting the ballots. For those of you who doubt the veracity of the process, you DEFINITELY need to go!!

Thank you,
Jan Madnick

Subject: Yes on Agenda Item #18
Date: Monday, October 20, 2025 12:48:17 PM

Dear Mayor Burns and City Council,

Please vote **yes** on Tuesday's Agenda Item #18 to invite the **Orange County Registrar of Voters** to present the controls and safeguards that ensure secure and accurate elections in our county.

This presentation will provide valuable information—some residents may take these systems for granted, while others may have questions. It's important for our community to better understand the robust measures in place to protect election integrity and ensure public confidence in our local elections.

Thank you for your consideration and your commitment to transparency and voter trust.

Sincerely,

[Pat Goodman](#)

Subject: Vote YES Agenda Item # 12: 25-830
Date: Monday, October 20, 2025 4:15:59 PM

Mayor and Council Members:

I urge you to vote YES and invite the OC Registrar of Voters to present information to a future City Council Meeting. The OC ROV has an impeccable record of transparency and accuracy and this information should be shared with the City's residents.

Depending upon the timing of this presentation, and assuming that the OC ROV accepts the invitation, I encourage each of you to take a guided tour of the OC ROV's facilities and see the ballot distribution, collection, and verification of votes for yourself.

Please see for yourself by taking a tour of the OC ROV's facilities. Several years ago, I participated in one of these tours and invited a friend who was an adamant believer that mail-in balloting is rife with fraud. He came away from the tour believing that the OC ROV accurately collects and counts votes, and he acknowledged this many times to others.
