Subject: Homeless Shelter Meetings

Good Morning:

I am wondering if it is possible to schedule the meetings for the Proposed Homeless Shelter with perhaps a little more notice and more convenient times for those of us that work. The Meeting that was scheduled on Monday 4/15 was a 3:30pm start. Just heard that there is another meeting scheduled for tomorrow 4/18 at 4pm. Is it possible to schedule a meeting with more notice and a 6 or 7:00pm start time by any chance. That will allow residents more notice than 1 day and a start time that more residents can perhaps attend.

I was interested to hear about the suggestion of building offices for City Hall Staff in the proposed building that the City of HB is planning to buy and having the shelter at City Hall. Sounds like all the resources that will be needed on Pipeline which is across town won't be needed if the shelter is in City Hall.

Thank you so much. Hope everyone has a great day. It is beautiful outside.

Subject: Homeless Shelter off of Pipeline - Huntington Beach
Importance: High

Good morning all,

I am emailing today as a concerned home owner of Huntington Beach. My office recently received word that there is discussion of putting a homeless shelter, 75-90 beds, down the street from where we work. There are three of us young females that are alone in our office building seven days a week. Unfortunately, we have already encountered problems with homeless in this area without there being a shelter near by. And therefore we would like to protest this location/idea.

If you could please send me information on the meeting tomorrow at 4:00 pm. Where this meeting is taking place, will we be able to express our feelings on the matter and anything else we need to know prior to arriving.

Thank you.

Subject: Homeless Shelter - VOTE NO

As a resident of the Island Track, homeowner, and taxpayer of Huntington Beach, I urge the city council to vote NO on the proposed Homeless Shelter at Pipeline Drive.

To push up the vote, just three days after the last meeting, at 4PM on Thursday, during Spring Break, does not give enough notice to your jurisdiction's people to voice their opinion, in opposition for *or* against.

Several questions have yet to be answered in FULL;

1. What is the success rate of Mercy House and the "clients" that are accepted?
2. Do Navigation Centers reduce homelessness in surrounding areas?
3. Does crime in the local surrounding neighborhoods reduced do to Navigation Centers?
4. What is the funding source?
5. Will this Navigation Center go on in perpetuity?
6. The surrounding neighborhoods, property owners, business owners, whose property values and ability to make money whom will be adversely affected get any subsidies?
7. How will tenant improvements be paid?
8. What are the payment parameters to the operator?
9. How will ongoing maintenance and capital improvements continually be funded, when other sources of the City functions are being cut? See future liabilities, increasing deficits, hiring freezes.
10. Will the funds be taken out of the City Charter-required "15%" infrastructure fund? If yes, what about our already broken roads (see Edinger from Saybrook to Graham as a great example)?
11. Why the sudden increase in potential bed count (75-105) and allocated stay time (180 days)?
12. What is the cost per head?
13. Will there be any tax increases to our city to help fund the Navigation center?

There are many, many more that your cities tax-paying citizens have a right to know, prior to shoving this Navigation Center through at the cost of your constituents.

To all Council members:

I'm asking for your "NO" vote on the proposal this Thursday.
We are reacting too fast to the lawsuit threat, more due diligence is needed.

Thank you for your service to our city.

I am AGAINST the proposed homeless shelter on Pipeline. We have been the victim of petty theft and it's been due to the random homeless young adults and addicts roaming our neighborhoods. Why should we be subjected to more of this? A state solution is needed not shelters in every city, to shift it to a local problem.

Do the right thing here and do NOT approve this homeless shelter.

So you guys are changing the time to vote for April 18. This does not give residents enough time to get down to the meeting and vote. What happened to the vote meeting scheduled for May 6, 2019? Why do you keep changing it? Our school districts are on Spring Break in HB. Some teachers & staff that live & work in the HB area May not have the chance to vote. BTW, I vote NO for the navigational center on pipeline Lane. Thank you, Shannon Young Sent from my iPhone

To whom this may concern,

I am a resident here in Huntington beach for over 30 years and have worked very hard to buy our home here which we did 19 years ago.

I have listened to both sides and am really concerned about having this shelter even be a possibility this close to my home.

This city has changed so much over the years.

I use to be so proud to say I live here. Now with all the high density building and now this proposal of a shelter within 2 miles of my home I'm so embarrassed, scared and very angry.

We voted you all in to make this a better city and yet it's gone to sh@t!!! I'm am constantly harassed by homeless people in local parking lots when I shop and I have had an incident where they have come into my back yard and banged on my door. I dont feel safe anymore. Having a shelter this close to schools and homes cant be a good idea. I'm sure none of you live anywhere near the proposed site.

I am so disgusted with what this beautiful city has become. I definitely will keep who is in office if this passes the next time I vote.

To all council members,

My wife and I have voiced our concerns many times since we first learned on 3-29-2019 of a proposed homeless shelter in the newspaper.

I have read all available information. I have family that works in the "social services field" for many years. I realize a viable solution must be reached.

But to vote on such an important issue in this manner, as soon as 4-18-2019 during spring break at 4 pm?. Unbelievable.

I URGE you all to vote NO.

Thank you,

We have 3 kids 7,8 and 9 at Circle view with an "open campus" concept. We bought our home in 2105 close to this particular school. This would be very dangerous to our children and schools. Please move it somewhere away from our children. I can be reached directly at number below if you need any clarification.

Your help stopping this would be greatly appreciated.

Dear City Council,

Please I implore you not to build this center within the close distance of the schools, Children's areas and daycares. What makes this location any different from the other one? This is not the right place. We need to look at alternative areas for this center. We also need to figure out how this is going to be paid for. Your rushing this, it needs more background work. Based on information that's being circulated this will not be for the homeless that are in our city.

I live near these locations and our area had been neglected for some time. We deal with the Bella Terra high rise apartments and the extra traffic that it brings. Why is it that everything is being done in north Huntington Beach?

Sincerely,
Ginny Bean

Dear City Councilmen,

I am unable to attend the meeting tomorrow at 4:00 since I work but I wanted to make sure I loudly voiced my opinion regarding the proposed homeless shelter. I am deeply disturbed regarding the proximity to our children, our homes, our lives. This is NOT fair!!!! I grew up behind Grace Lutheran and live near Marina Park now. I am a single mother and I am not sleeping at night in fear of my safety and for the fear of my child! This can NOT happen!

Sincerely,
