Subject: Environmental Board name Change

As a member of he City of Huntington Beach Environmental Board, I propose that the council retain the name "Environmental" in place of the proposed "Sustainability" Sustainability is too general, lacks definitive structure and is subject to interpretation. The mission statement and past and current operations of this board is best defined by the title Environmental Board. Thank you for your consideration.

Sincerely.

Bud J. Benneman
Vice Chair Environmental Board
Professor of Geology and Environmental Science Golden West College
