

Orange County Transportation Authority Countywide Signal Synchronization Baseline Project

PROJECT DESCRIPTION

This project aims to build and reset the synchronization baseline for Orange County's Signal Synchronization Network (SSN) through the Countywide Signal Synchronization Baseline Project (Project).

Improvements within Huntington Beach included:

- Expansion of arterial street coordination – additional roadways
- Updated traffic signal timing on a consistent basis
- Update traffic volume counts
- Improve traffic delays

Orange County Transportation Authority is the Lead Agency

- OCTA will manage engineering efforts for the entire county network
- Complete project is funded by OCTA
- City of Huntington Beach to provide traffic data and approval review

PROJECT DESCRIPTION (CONTINUED)

Recommended City Council Actions:

- Approve and authorize the Mayor and City Clerk to execute “Cooperative Agreement No. C-3-2417 Between Orange County Transportation Authority and City of Huntington Beach for Countywide Signal Synchronization Baseline Project”

PROJECT COSTS

The Orange County Transportation Authority will be responsible for all project costs. City permit fees will be waived in an annual amount estimated at \$300 total.
