Charter Amendment Measure No. 1

Section 807 . ENVIRONMENTAL PROTECTION.

No City initiated general plan amendment or zoning change may be approved by the City where the related environmental review (EIR) finds the same proposed general plan update or zoning change presents significant and unavoidable negative impacts to the environment, without first receiving approval by the affirmative vote of at least a majority of the electors voting on such proposition at a general or special election at which such proposition is submitted. City Planning and Zoning is a local, municipal affair, beyond the reach of State control or interference, a local activity reserved for the City and its people, not the State.
