Hurrah, Huntington Beach City Council!

As a veteran of 20 years with the US Navy, I applaud your City Council for your 2024 city calendar that promotes love of our country, no matter how imperfect it is, and getting rid of celebrating "Woke" ideology.

Your city is so amazing, it even got featured in the podcast below:

<https://youtu.be/1NMJMJhacd8?si=eKSmvQ60kfG93A0p>

May the entirety of California, especially my own City of Chula Vista, follow suit.

I wish every member of the Huntington Beach City Council a Christ-filled, Prosperous, and Fruitful 2024!

Very Respectfully,

Andres Wong

EA1 (SCW/Ret), USN

Thank you for contacting the City of Huntington Beach. Your message is important to us.

If your message is for public comment for a City Council meeting, we will submit the email to supplemental.comm@surfcity-hb.org on your behalf. The cutoff time to add public comment to the supplemental communication is 9AM the day of the meeting.

Your message has been shared with all of our City Council members and associated staff, and they will reach out to you if they have further inquiries about your message.

Thank you.

Just heard about your banning of woke celebrations in Huntington Beach. Good for you for standing up for normalcy, logic, and history in our country and bringing back the important founding and historical values upon which America was built. It is a brave thing to do these days in America, and especially in California. I am proud that patriots still exist and are willing to do what's right for the country as a whole rather than cater to insanity of identity politics dividing our country. Great job!
