Good afternoon all,

In the capacity of Planning Commissioner I am appealing the Zoning Administrator's decision to approve CUP 2024-026 @ 625 Main Street.

The CUP approval is in direct contrast to the residential zoning designation recently granted to the 600 block of Main Street and lacks any compatibility with the adjacent residential homes on our Historic Main Street.

Please acknowledge receipt of this correspondence and advise as to next steps.

Thank you

Don Kennedy
