LOCATION:

16612 Beach Boulevard, Suite C, 92647 (East side of Beach Boulevard and South of Heil Avenue)

RECOMMENDED ACTION:

That the Planning Commission take the following actions:

- A) Find the proposed project categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301, Class 1.
- B) Approve Conditional Use Permit No. 25-027 with suggested findings and conditions of approval (Attachment No. 1).

The Commission made the following disclosures:

- Vice-Chair Babineau spoke with Mayor Pro-Tem Twining and Commissioner Thienes.
- Chair Bush spoke with Commissioner McGee and Councilmember Williams.
- Commissioner Thienes spoke with Mayor McKeon, Councilmember Burns, Vice-Chair Babineau, and Commissioner Palmer.
- Commissioner Palmer spoke with Commissioner Thienes, Mayor Pro-Tem Twining, and Mayor McKeon.

Marco Cuevas, Jr., Associate Planner, gave the staff presentation for the proposed project.

There was discussion on the following items: the police calls for service for the subject site and surrounding area, the training required for Alcoholic Beverage Control (ABC), the concentration of ABC licenses in the surrounding area, the distance between the subject site and the nearby elementary school, the history of the business, and the business's current security.

THE PUBLIC HEARING WAS OPENED.

Keith Farrow, Ocean View School District, spoke in opposition to Item No. 26-264, citing concerns with potential negative safety impacts to students and adjacent residents. Mr. Farrow noted that there are multiple ABC licenses in the area.

Peter Blied, Distractions, spoke in support of Item No. 26-264, noting that the business has been in operation since the 1980s. Mr. Blied stated that the business has worked closely with Police Department staff to improve safety and that the conversion to a Type 48 ABC license would help secure the future of the business. Mr. Blied noted that the Conditional Use Permit also allows the Planning Commission to place conditions on the business that would not be allowed otherwise.

WITH NO ONE ELSE PRESENT TO SPEAK, THE PUBLIC HEARING WAS CLOSED.

There was lengthy discussion regarding the following items: the site's proximity to the elementary school, the number of police service calls to the subject area, the difference between ABC licenses, the impact of Beach Boulevard on the student egress and ingress, the proposed conditions requiring security onsite, the increase in restrictions due to having conditions of approval for the ABC license, the potential for addressing the concentration of ABC licenses through the zoning code, the need for upgrades for the onsite restrooms with the addition of doors, and the Police Department's review process.

A MOTION WAS MADE BY THIENES, SECONDED BY BABINEAU, TO FIND THE PROPOSED PROJECT CATEGORICALLY EXEMPT FROM THE CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA) PURSUANT TO SECTION 15301, CLASS 1; AND APPROVE CONDITIONAL USE PERMIT NO. 25-027 WITH SUGGESTED FINDINGS AND MODIFIED CONDITIONS OF

FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Planning Commission finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301, Class 1 – Existing Facilities of the CEQA Guidelines, because the project involves negligible or no expansion of the existing use and structure.

FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 25-027:

1. Conditional Use Permit No. 25-027 to permit the onsite sale, service, and consumption of alcohol (ABC Type 48 License) within an approved approximately 1,250 sq. ft. eating and drinking establishment in the Beach and Edinger Corridors Specific Plan (BECSP) zoning will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood because the proposed use is located within an existing commercial center with other similar uses. The sale, service, and consumption of alcohol provides an additional service to the community and surrounding regional area which will benefit and serve customers within the community and the surrounding regional area. The eating and drinking establishment is not anticipated to generate additional noise, traffic, or other impacts above existing conditions. The BECSP and General Plan land use designation anticipated eating and drinking establishment uses with alcohol service, sale and consumption in this area. The request for alcohol is an upgrade to an existing eating and drinking establishment use and will serve to augment the overall customer experience. Furthermore, the consumption of alcoholic beverages will be contained within the building's interior only and will not generate detrimental impacts onto surrounding properties. The nearest residential building is approximately 60 ft. to the east of the subject site and is buffered by the building, drive aisle, and block wall. The use will be required to comply with conditions of approval pertaining to alcohol service and operation to assure that any potential impacts to the surrounding properties are minimized.
2. The granting of Conditional Use Permit No. 25-027 to permit the onsite sale, service, and consumption of alcohol (ABC Type 48 License) within an approved approximately 1,250 sq. ft. eating and drinking establishment will not adversely affect the General Plan because it is consistent with the Land Use Element designation of M-sp (Mixed Use – Specific Plan Overlay) on the subject property. In addition, it is consistent with the following goals, policies, and objectives of the City's General Plan as follows:

Land Use Element

Goal LU-11: Commercial land uses provide goods and services to meet regional and local needs.

Policy LU-11 (A): Encourage a variety of commercial uses that cater to local and regional demand to create an environment that meets resident needs and increases the capture of sales tax revenues.

Policy LU-13 (A): Encourage expansion of the range of goods and services provided to accommodate the needs of all residents and the market area.

The request will expand the range of goods and services provided in the area by permitting the upgrade of on-site sales, service and consumption of beer and wine only to full alcohol within an existing approximately 1,250 sq. ft. eating and drinking establishment. The use will operate in a safe manner for residents and customers from the surrounding area because the hours of operation and business functions will remain the same and be contained within the interior of the building. Conditions have been added to the request which limit the use and manner in which alcohol may be sold and consumed to ensure the proposed will be compatible with the surrounding neighborhood while providing a service that will meet the needs of the community and increase sales tax revenue.

3. The granting of Conditional Use Permit No. 25-027 to permit the onsite sale, service, and consumption of alcohol (ABC Type 48 License) within an approved approximately 1,250 sq. ft. eating and drinking establishment will comply with the Town Center Boulevard Segment of the BECSP, and other applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance (HBZSO) because the BECSP allows eating and drinking establishments with alcohol service subject to approval of a Conditional Use Permit. The General Plan land use designation and the BECSP anticipated restaurant uses with alcohol service, sale and consumption in this area. The alcohol service is an upgrade to an existing eating and drinking establishment and will serve to augment the overall customer experience. The proposed use will comply with all building occupancy/exiting requirements.
