

Landify Study Session

August 18, 2026

Purpose of Study Session

The purpose of the Study Session is to collect feedback from City Council regarding entering into a Memorandum of Understanding (MOU) authorizing Landify to conduct a feasibility study to enhance an undeveloped area of Huntington Central Park East.

Landify's Background

- Parent company, ECT, has 50-year operating history
- Over 100 sites completed in France and Europe
- Starting from highly diverse site conditions—including derelict sites, polluted industrial brownfields, quarries, illegal dumpsites, degraded sites, and environmentally sensitive areas
- ECT has successfully transformed these sites into a wide range of high-quality projects, including parks, recreational areas, equestrian centers, and renewable energy facilities

Landify's Background

- Landify is working on more than 12 projects in California including:
 - San Francisco Bay
 - Chula Vista
 - Palm Springs
 - Vacaville
 - Orange
 - Poway

Business Model

- Upcycle excavated inert soils from urban construction for the creation of land-use projects for local communities and partners
- Deliver open space projects at little or no cost for municipalities
- Full traceability and risk monitoring processes
- A unique Public Private Partnership
- Landify will coordinate the study with all relevant regulatory agencies

Landify - What They Do

Origination

Site identification,
conception,
and authorization

Realization of land-use projects

Soils recovery

Landscaping projects for
local communities and
private partners

Project Example

Vacaville Conceptual Plan

Proposed Area of Focus

Huntington Central Park East Gun Range

- 8 Acres (approximate)
- Currently unusable space due to contaminants in the soil
- Land Use Designation OS-PR

Next Steps

- If Council is interested in moving forward with an MOU, staff will develop an MOU for Landify to complete a feasibility study evaluating the potential transformation of Sully Miller Lake / Former Gun Range into future park and open-space
- The MOU will be brought back to City Council for approval at a future meeting date
- Once complete, staff will bring the feasibility study back to City Council for consideration of an agreement for Landify to perform project.
