Subject: Public Comment Item 20, Tuesday, June 4, 2024
Date: Sunday, June 2, 2024 12:55:27 AM

Gutend Abend Stadtrat,

I'm writing in support of Item 20. WATER IS WET; THE SKY IS BLUE. This important affirmation is relative to the entire constitution & the most fundamental environmental systems. The city council has also not listed a dedicated item number on the city council meeting agenda, strictly for residents who wish to attach non-agenized only, public comments, sent in by email. In the age of online supplemental communication, this is even more burdensome & discriminatory during emergencies. Please consider doing so.

Non-agenized - Wanted to emphasize that the denial of the desalination plant in the city is a major victory. Desalination plants permanently destroy the ocean's magnesium, this is a fundamental threat to the human body & the existence of a fishing industry. Also, carbon

dioxide annihilation plants permanently destroy an atmospheric layer. The promotion of these plants is disinformation to a population, its investors & is a money pot of corruption. It's important that they be shut down & outlawed. This is what is really at the heart of the discussion & national security.

These are the maps of desalination plants & some other types that are destroying the ocean. The element levels are permanently lowered & altered. Ocean water, the ozone qualities, ect. are not intended to be strip mines, & although that is difficult to accept, WATER IS WET; THE SKY IS BLUE resonates as the most important guideline in moving forward. Without this, this revocation of promises stands in the way of the city attorney's honorable intentions. Danke - Ben

Subject: Council Member Items 20 and 21
Date: Sunday, June 2, 2024 1:46:54 PM

Dear City Council,

I am writing with respect to these items for the Council Agenda on June 4, 2024. I continue to be disappointed that this council spends more time on things that are not related to the governance of and support for the City of Huntington Beach. These 2 items reflect that no return to polite political discourse will happen anytime soon.

As to Mr. Kalmick's item, it reflects deep frustration and well understood why this is. However, I do think it does not move the city forward in any regard and do not support the item.

Mr. Burns' item is simply not appropriate for a HB City Council member to put his PERSONAL national view of the world into a City Council meeting. The time he spent drafting this item would have been better spent educating himself on any number of items that ALL residents agree are important: Clean water, well paved streets, homelessness support, affordable housing etc....so much real work to be done and yet.... In watching most City Council meetings, I have been underwhelmed with the lack of critical thinking by this council member. Please stop the grandstanding and blowing the dog whistle. The residents are very clear on your views on all manner of things, just not clear that your priority is to serve the city.

Thank you.
Janet Michels
HB Resident for 29 years

Subject: Council Meeting Date 6/4/2024 Agenda Item #20 (24-433) Item Submitted by Council Member Kalmick - Water is Wet, Sky is Blue
Date: Monday, June 3, 2024 3:43:36 PM

Hello Honorable Mayor & Council Members,

RE: Council Meeting Date 6/4/2024 Agenda Item #20 (24-433) Item Submitted by Council Member Kalmick - Water is Wet, Sky is Blue

This agenda item is divisive in itself. I cannot believe our city staff|council members are wasting time on such an item.

The division that Kalmick, Moser & Bolton sow on social media is more often than not generally based on a misrepresentation of the facts or assumptions based on rumors. This causes great division and fights within the community. Just visit Nextdoor to see what Dan Kalmicks + 2's political rhetoric has caused. Kalmick, I saw you smirk when your followers were reprimanded for outbursts at a city meeting. Unfortunately they do not know that you are just using them for your own selfish purposes and really do not care about them. This agenda is a waste of time, how did it even get put on the agenda?

Thank you for your time, Renette Mazza | HB Resident

File #24-433, Agenda # 20

I do not support this agenda item.

This is a complete waste of time. Everyone has busy schedules and our City council has much bigger issues to address. This little playground banter of blue skies and wet water is ridiculous..

Are we expecting to much from you Dan?

Please refrain from this infantile behavior moving forward.

Subject: Objection to both 24-433 and 24-427
Date: Tuesday, June 4, 2024 7:54:37 AM

This is a plea that our City Council restrict its actions to those needed by our city. These include but are not limited to infrastructure that badly needs repair, homelessness, and e-bike regulation. Why can't the fountain in the library be fixed for the 50th anniversary celebration?

Instead, our City Council is doing what the OC Register called "political theater." I have been a homeowner and resident of this city for 39 years. Until last year, I never concerned myself with city politics. This CC has made me an activist.

Firstly, I understand Mr. Kalmick's intent with this resolution. I understand his frustration. And am reminded of the quote "You are entitled to your own opinion, but not your own facts." But this resolution wastes valuable time.

Secondly, I very much object to 24-427. It is extremely partisan and will further divide the city. I respect Mayor Pro Tem Burns, but I think this is both unnecessary and divisive.

Please - get back to your real job of running this city and leave the grandstanding to national politicians and actors.

Sue Brewsaugh
39 year resident of Huntington Beach

Mayor, Mayor Pro Tem, and Council Members

I encourage you to vote Yes on 24-433 and provide proof to the residents of the City that you can agree on at least two basic facts.

Some Council members may think that this Agenda Item is a waste of time; however, it is no more a waste of time than the item that follows on the agenda.

Paula A. Schaefer
