With all the bad publicity that has/is raining down on HB for just this kind of white supremacist, extremist, anti-mask behavior — can't we at least take a stand against what are effectively Nazis parading through our town? The L.A. times and others say it's the KKK.

Is it Tito and Erik refusing to allow the city to issue a statement? Are we going to continue to let HB become "Angrytown, USA" instead of Surf City?

I'm strongly opposed to any white lives matter gatherings in public HB spaces. It is impossible to believe they are interested in a peaceful event not intended to generate hate messaging.

April 1, 2021

Dear HB Councilmembers:

I support Councilmember items 21, 24 and 25, submitted for the April 5, 2021 HB City Council meeting.

Hate crimes and incidents around the country seem to have recently proliferated, and incidents within HB seem to be on the rise as well, as reported by the Human Relations Task Force.

It is important for the City to make clear that it does not tolerate hate crimes or bigotry. Extremist elements tend to congregate in HB for demonstrations, leaving an impression that the City and its residents tolerate such extremist views. And as you know, HB also has a history of hate-inspired violence.

As a result, it is vital the City continue to counter any impression that it tolerates hate groups. I believe Councilmember items 21, 24 and 25 will help accomplish this goal.

Sincerely,

Dan Jamieson

I applaud this effort. More importantly, while I support freedom of speech, it's unfortunate that we allow demonstrators to block the entrance from main and pch to the entrance of the pier and dukes. Why should people in a crosswalk after walk around these people.

I am sure there is a solution. Please consider options.

Thank You,

Scott

Mayor Kim Carr and fellow Council Members,  
Please don't let the KKK hold an event at the pier of April 11. They are a horrible racist group and should not be allowed in our city. I've lived in Huntington Beach and have seen many groups demonstrate at the pier most are political, which is fine.. Having the KKK there is terrible. I lived in Georgia in the 70's and saw first hand the KKK in Georgia, Alabama and Mississippi. They are a HORRIBLE Racist organization and should not be allowed in our city.

Regards,  
Stephen Edwards

Dear Ms. Carr,

It has come to my attention that a KKK rally or parade has been scheduled for April 11 right here in Huntington Beach. I know that you don't hang with the KKK, nor do you want that group connected with your name in any way. However, as Mayor of our beautiful but highly divided city, I am appalled to think that you seem unable to draw a line between what is acceptable and what is not. THIS IS NOT.

Please take a stand for the side of justice, freedom, and the greater population of Huntington Beach - your constituents. Stand up and defy this group's audacious plan. Tell them in no uncertain words that the people of Huntington Beach are not interested in hearing their hateful rhetoric, and indeed, are eager to see a return to reason and decency in our city's elected offices.

Yours truly,

**Subject:** White Nationalist Rally Apr. 11

To HB City Council Members:

I am concerned and appalled that the city would grant a permit to the White Lives Matter rally scheduled at the Pier on April 11.

Our city should not give a megaphone or a platform to white nationalist groups or KKK members.

Hate speech is not free speech. Our tourism economy and downtown businesses are already hurting, as is the reputation of our city. This will just perpetuate the distinction of Huntington Beach as a breeding ground for white supremacy.

I hope the city sends a strong message against this event and refuses to grant a permit to this group. In addition, I hope our police department investigates who is behind the planning and funding of this event.

Thank you.
