To
Mrs. Gracey Van Der Markthe
Mayor of Huntington Beach
California U.S.A

Dear Gracey,

I hope this message finds you well.

I am excited to officially express our enthusiasm about the recent approval by both our city councils to establish a twin-city relationship between Ramat Gan and Huntington Beach.

During our recent discussions, the proposal to formalize connections between our cities and sign a sister-city agreement was introduced. I truly believe these ties will create a wonderful opportunity for collaboration across various fields, such as culture, education, and the economy.

This partnership presents a unique chance to exchange ideas, foster joint projects, and strengthen the bonds between our residents. It is essential to emphasize that clear and open communication between us will be key to laying a strong foundation for the success of future initiatives.

I look forward to hearing from you and to formally signing the agreement soon.

Sincerely

Carmel Shama Ha-Cohen
Mayor of Ramat-Gan
