

**ATTACHMENT NO. 1**

**FINDINGS AND CONDITIONS OF APPROVAL**

**COASTAL DEVELOPMENT PERMIT NO. 23-012**

**SUGGESTED FINDINGS FOR PROJECTS EXEMPT FROM CEQA:**

The Zoning Administrator finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301 of the CEQA Guidelines because the project would develop an addition less than 50 percent of existing floor area of an existing single-family residence within an existing urbanized residential zone.

**SUGGESTED FINDINGS FOR APPROVAL - COASTAL DEVELOPMENT PERMIT NO. 23-012:**

1. Coastal Development Permit No. 23-012 to permit a 682 sq. ft. second floor addition to an existing 3,210 sq. ft. single family residence at an overall height of 24 ft-1 in., conforms with the General Plan, including the Local Coastal Program because the project is consistent with the Coastal Element Land use Policy C 1.1.1 to encourage new development to locate within, contiguous to or in close proximity to existing developed areas able to accommodate it. The proposed development will occur entirely on a developed site, contiguous to properties developed with existing single-family residential uses.
2. Coastal Development Permit No. 23-012 to permit a 682 sq. ft. second floor addition to an existing 3,210 sq. ft. single family residence at an overall height of 24 ft-1 in. is consistent with the requirements of the CZ Overlay District, the base zoning district, as well as other applicable provisions of the Municipal Code because the project will comply with all applicable development regulations, including maximum building height, minimum yard setbacks, lot coverage, and privacy design standards.
3. At the time of occupancy, the proposed development can be provided with infrastructure in a manner that is consistent with the Local Coastal Program because Coastal Development Permit No. 23-012 to permit a 682 sq. ft. second floor addition to an existing 3,210 sq. ft. single family residence at an overall height of 24 ft-1 in. is located in an urbanized area with all necessary services and infrastructure available, including water, sewer, and roadways.
4. Coastal Development Permit No. 23-012 to permit a 682 sq. ft. second floor addition to an existing 3,410 sq. ft. single family residence at an overall height of 24 ft.-1 in. conforms with the public access and public recreation policies of Chapter 3 of the California Coastal Act in that the project will not impede public access, recreation, or views to coastal resources.
