Notes
So is the park on Seapoint going to remain a private park for the homeowners there? It's outrageous. People who live in other parts of the city deal with MUCH worse issues than rowdy high schoolers. HB government is so corrupt. Money buys everything here.

Hi! I would like to let anyone that wants to know that Huntington Beach beaches are being use like we are in summer Vacation, people at little harbor are acting like they are the pandemic is just happening around the world but not in HB, people are having picnics at the parks 11th st and main, this city is not taking this serious, some one has to let the world know please.

Notes
Huntington Beach Strand: No walking on the grass?? I appreciate the Strand remaining open, but what about walking on the grass. How do you get to the strand without walking on the grass?? Social distancing is difficult if you can not pass some by walking on the grass. No using the benches without walking on the grass. It is hard to understand the reasoning. A suggestion if crowding is a problem, make the strand available to HB residents only and eliminate the pch parking.

Notes

Please, please make Huntington Beach safer during this COVID-19 crisis. Driving past downtown HB, I was deeply concerned about the big groups still gathering and not practicing social distancing as well as just so many people along the sidewalks by the beach. My family is doing shelter in place and being careful as all our friends are. We want to flatten the curve. However, the massive groups downtown deeply worry me that Huntington Beach will suffer for it, especially with spring break. Thanks for listening and take care.

Notes
Bauer Park & Edison Park - please tape off playground equipment and basketball hoops at the parks so people don't use. The signs are doing nothing to stop people as they ignore them. Also signs about not having small groups meet would be great as I see small groups meeting at Bauer Park every afternoon. Lots of people on playground equip & basketball courts at both parks all the time.

Notes

The beach parking is closed but beach and parking on both sides of PCH is open. Everyday Beach is busy and full of people surfing, walking and no social distancing. People from surrounding cities are coming to HB to have fun. HB residents are staying home and social distancing, but not the people coming from other cities. We went to San Clements and back to HB today and no other cities or beaches were as crowded as HB. Please help. Thanks.

Why are HB beaches still open. This is appalling. I could not believe it when I saw it on the news and the ignorance of the people interviewed. Yet, these will be the same people demanding medical care in my surge units. These are the same people who will contaminate others for they may be asymptomatic.

Notes

This is my second request to you to close our beaches. I live on 22nd Street and I have excessive surfer and dog beach foot traffic in front of my house, which makes it impossible to safely go out on my front patio for fresh air. There are too many people in one area that makes it impossible to practice social distancing. All LA beaches have been closed and people are coming to HB in large crowds. I urge you to shut our beaches down next week, or I will pursue other means to remedy this irresponsible situation. I am not alone with this concern, many residents are appalled with the lack of regard from our city leadership on this issue.

Coronavirus precautions. Long time resident in HB. As much as I don't want this we should shut the beach's down completely. I walk dog beach 4 days a week. But, to control the virus is worth a few months of sacrifice. Surf city should be put on hold. Do the right thing like LA county. Thank you
