Item 7 Public Comment, Tuesday, October 15, 2024

Item 7. 24-728 - INVOCATION -

Approaching, is October 26, which is V for Victory day against totalitarianism in the Pacific theatre, & against these fascist dictatorships all over the world. It marks the last day of the Battle of Leyte Gulf, a complex, & lengthy battle campaign never to be forgotten, at the vertex of millennia of animosity & confusion between peoples. I'm writing in remembrance today, as simple as that. Thanks.
