**Subject:** Agenda Item 12 / Animal Welfare / City Council Mtg. Sept. 19

It is disappointing to see the lack of engagement and interest by the HB City Council regarding animal welfare and the Grand Jury's report on the OC Animal Care facility and its management. This is a resource that many HB residents must use and one would hope that our Council members would care about how animals are treated at this facility.

I get that you cannot be subject management experts on every issue, but it seems like you should care more about what happens to animals at OC Animal Care since many of your constituents use it. At the very least, there should be a liaison or POC between the city and the shelter, or a committee / commission tasked with that role.
