Subject: Natalie Moser's Agenda Item No.#34 Establishing Rules of Order for City Council Business.

Natalie would have you take away our FREE SPEECH and our First Amendment Right to address our grievances with our local government. In her "Facilitating public comments: She will "Limit Dialog" the use of "Signs" and "Topics" and "Distribution of Materials" and what will she will deem "Disorderly Behavior" Taking away our First Amendment Freedoms and the Right To Free Speech. Our First Amendment gives all of us the right to express our grievances to our Local Government. Free Speech is Not Limited to Words it includes Signs and Banners. This Agenda Item is ILLEGAL by every measure and will be contested in the court and public opinion. This will bring needed attention to our community when it hits the press and the media gets ahold of it, exposing the corruption of this city council for all to see.

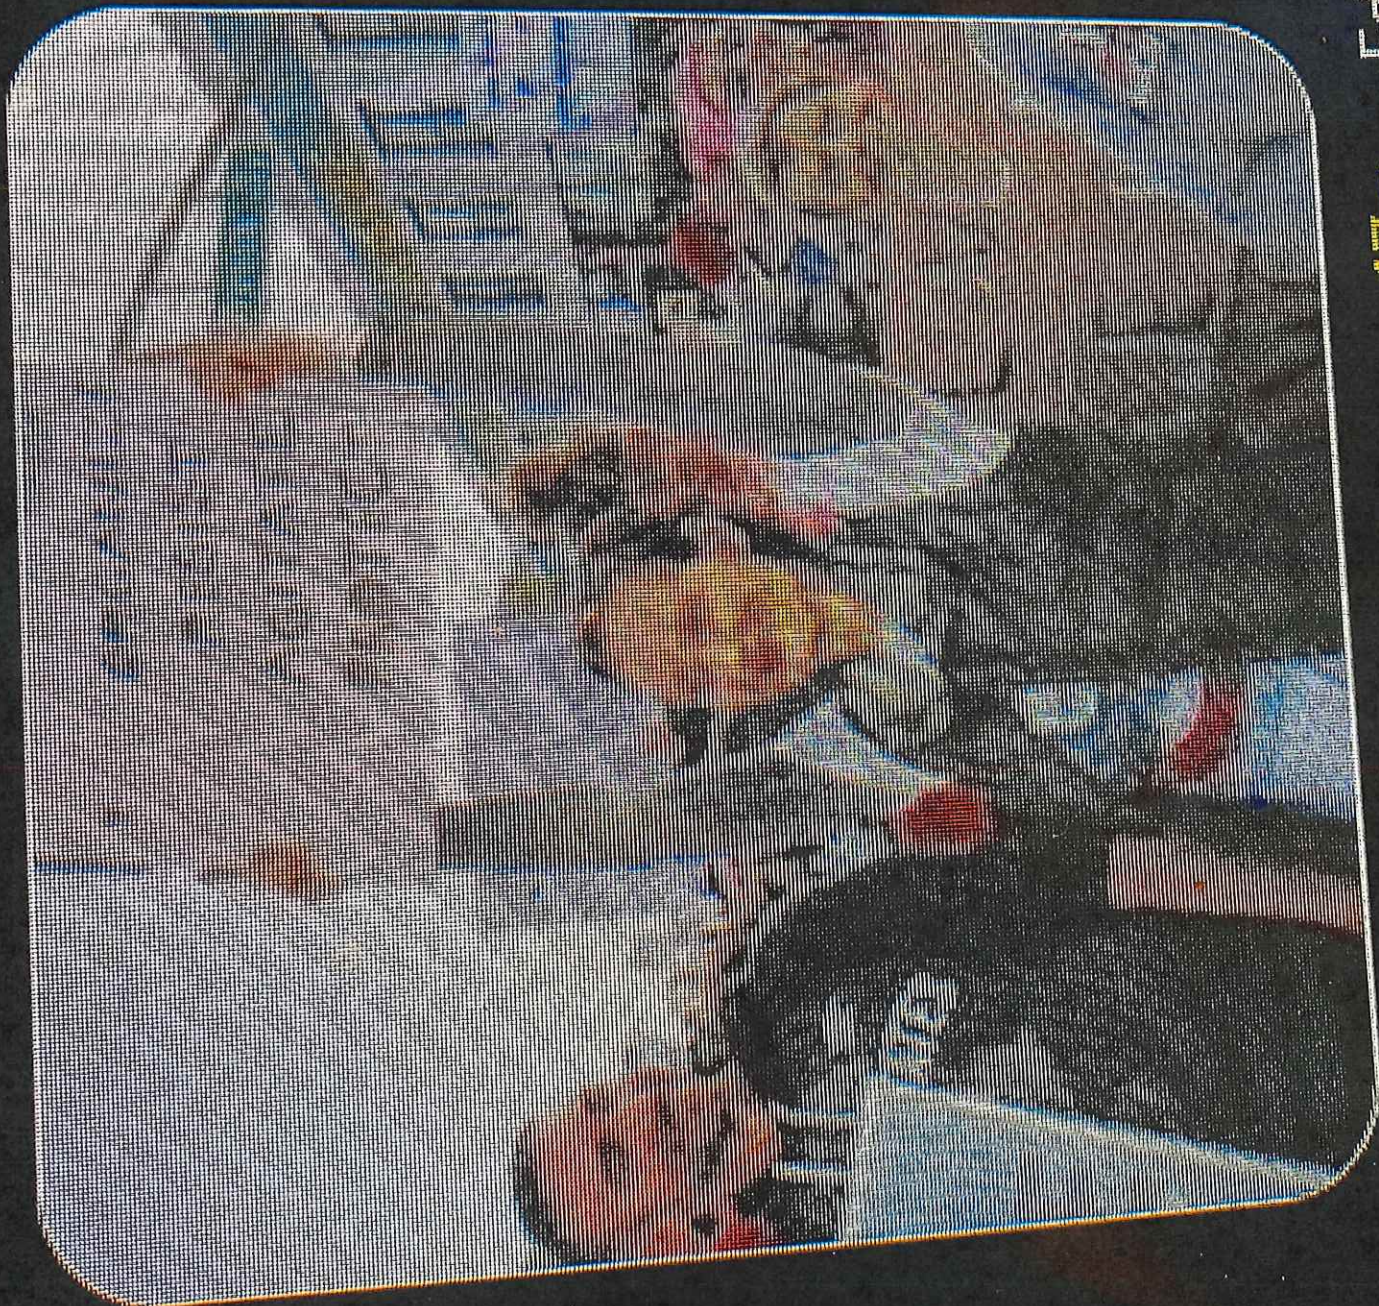

Natalie how can you justify this Agenda Item when you have used these same protections to justify your actions and sign that read RESIST, AGITATE, ORGANISE, and PROTECT and acting Disorderly, when the actions you are trying to exclude are the very same ones that protected you in your protest. If find that Disengenous and Ironic at best, and a Double Standard.

The question for you our City Council Members will you support our Constitution that each of you swore to uphold and our First Amendment Freedoms or side with Natalie Moser and her efforts to Strip Our Rights Away? we will see Tuesday.

Subject: Protecting Free Speech

Natalie Moser is at it again, trying to push her progressive agenda on the citizens of Huntington Beach. Her recommended action, limits the ability for the citizens that council is supposed to be serving in voicing their opposition to the actions of the council.

Ms. Moser, if you can't take the heat, get out of the kitchen. You were elected to serve the citizens, not silence them. If you cannot take the opposition, then you are not worthy of serving this city.

There will be all sorts of legal actions if the council is not smart enough to vote this down. Do you want this drug through the courts, wasting more of the taxpayers dollars as they do what is in the best interest of the city?

It is clear that Moser is worried about the upcoming election and her progressive cohorts are no longer in the majority, otherwise she would not be trying to push this through before the upcoming election.

This is a no brainer, it must be a no vote for all if you actually believe in free speech. Tonight's vote will be a clear indication as to who is in favor of silencing their constituents. November cannot come fast enough!

**Fed Up Citizen,
Janet Bean**

Subject: 9/5/2022 Agenda Item 34

Mayor and Council Members,

Over the years, I have attended HB City Council meetings numerous times. Sometimes I am supporting an issue and sometimes I am vehemently against an issue. But to my knowledge, I have never knowingly disrespected any elected official, city staff or member of the public in attendance.

Over the past 4-5 years, the level of rancor and disrespect has certainly gotten out of hand. I have even had my hair pulled and gum rubbed into it while sitting in the audience

I fully support Agenda Item 34. It is time to not silence the public, but to firmly establish a level of decorum and respect not only to the elected officials and city staff, but also towards HB voters and members of the community who care enough to attend.

Cathey Ryder
Homeowner and Voter in Huntington Beach since 1985.
