Our food offerings feature a wide range of traditional ballpark fare with an elevated level of quality, providing something for everyone, including a value minded kids menu and a robust offering of traditional snack bar selections. Our beverage offerings are designed to compliment our food, with a curated selection of local craft beer, wine, and an extensive selection of non-alcoholic offerings.

Our multi-faceted concept offers many ways to serve our guests. For those on the go, we have two quick-service windows to order food and non-alcoholic beverages. Our enclosed patio will offer full table service, where guests can scan a QR code to order food and beverages, as well as order through our dedicated service staff. Once ordered, their alcoholic beverages will be delivered to them by our staff. Our patio bar will offer comfortable seating as well, providing an additional full service option for guests to order food and beverages.

Our second location on the Southside is open weekends, 8 AM- 8 PM, with additional days of operation in coordination with planned events on that side.

Restrooms are provided for all Sports complex guests, with 8 stalls and 1 ADA restroom at each location. These are accessible to guests of 1909 by walking outside of the defined dining area fencing, where they will find the restrooms that are openly accessible to all park visitors who can in turn utilize the restrooms without the need to enter the 1909 dining area.
