

Eagle Scout Project Recognition

Community & Library Services Commission
August 5, 2026

Hydration for Hounds at Dog Park

Scout **Kenneth Ackert, III**, completed an Eagle Scout project to install a much-needed self-filling watering bowl system at the “little dog” section of Dog Park. To connect the watering bowl to the existing irrigation, Kenny had to trench from the fence line, to the revitalized pit.

Renovation of Horseshoe Pits at Lake Park

Eagle Scout **Emrys Hay**, completed an Eagle Scout project by renovating the horseshoe pits in Lake Park. Emrys chose this project because he felt the public would appreciate brand new horseshoe pits and was happy to have this project connected to the same park as the Troop 1 Paxson Cabin.

Community Seating at Talbert Park

Eagle Scout **Darryl Nguyen**, completed an Eagle Scout project by building and installing a wooden bench and slab at Talbert Park.

**The City of Huntington Beach and
the Community & Library Services
Commission,
“THANK YOU”
for contributing to our Community!**
