**Summary:** Under current law, a person who lodges in a public or private place without permission is guilty of disorderly conduct, a misdemeanor. Current law also provides that a person who willfully and maliciously obstructs the free movement of any person on any street, sidewalk, or other public place is guilty of a misdemeanor. Under existing law, a public nuisance is anything that is injurious to health, or is indecent or offensive to the senses, so as to interfere with the comfortable enjoyment of life or

property by an entire community, neighborhood, or considerable number of persons. Current law provides various remedies against a public nuisance, including abatement by any public body or officer authorized by law. This bill would prohibit a person from sitting, lying, sleeping, or storing, using, maintaining, or placing personal property upon any street, sidewalk, or other public right-of-way within 1000 feet of a sensitive area, as defined. The bill would specify that a violation of this prohibition is a public nuisance that can be abated and prevented, as provided.

**Summary:** Current law prescribes requirements for the disposal of land determined to be surplus land by a local agency. Those requirements include a requirement that a local agency, prior to disposing of a property or participating in negotiations to dispose of that property with a prospective transferee, send a written notice of availability of the property to specified entities, depending on the property's intended use, and send specified information in regard to the disposal of the parcel of surplus land to the Department of Housing and Community Development. Current law, among other enforcement provisions, makes a local agency that disposes of land in violation of these disposal provisions, after receiving notification of violation from the department, liable for a penalty of 30% of the final sale price of the land sold in violation for a first violation and 50% for any subsequent violation. Under current law, except as specified, a local agency has 60 days to cure or correct an alleged violation before an enforcement action may be brought. Current law provides for the deposit and use of penalty revenues for housing, as prescribed. This bill, until January 1, 2030, would require the County of Orange, or any city located within Orange County, if notified by the department that its planned sale of surplus land is in violation of existing law, to cure or correct the alleged violation within 60 days, as prescribed.

**Summary:** The Medicinal and Adult-Use Cannabis Regulation and Safety Act (MAUCRSA), for purposes of the California Cannabis Equity Act, defines local equity program as a program adopted or operated by a local jurisdiction that focuses on inclusion and support of individuals and communities in California's cannabis industry who are linked to populations or neighborhoods that were negatively or disproportionately impacted by cannabis criminalization, as specified. MAUCRSA requires the Governor's Office of Business and Economic Development (GO-Biz) to administer a grant program to assist a local jurisdiction with the development of a local equity program or to assist local equity applicants and local equity licensees through a local equity program, as specified. MAUCRSA, until June 30, 2023, authorizes the Department of Cannabis Control, in its sole discretion, to issue a provisional license for a local equity license application if the applicant meets specified requirements. MAUCRSA prohibits the Department of Cannabis Control from renewing a provisional license after January 1, 2025, and provides that no provisional license is effective after January 1, 2026. This bill would additionally authorize the Department of Cannabis Control, in its sole discretion, to issue a provisional license for a local equity applicant for retailer activities, indefinitely, if the applicant meets specified requirements. This bill would authorize the department, in its sole discretion, to renew a provisional license until it issues or denies the provisional licensee's annual license, subject to specified requirements, or until 5 years from the date the provisional license was issued, whichever is earlier. By extending provisional licensure, the applications for which are required to be signed under penalty of perjury, the bill would

expand the scope of the crime of perjury, and would thereby impose a state-mandated local program.

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 provides the sole and exclusive authority and procedure for the initiation, conduct, and completion of changes of organization and reorganization for cities and districts. **Summary:** The California Environmental Quality Act (CEQA) requires a state agency or a local agency that approves or determines to carry out a project subject to CEQA to file a notice of determination with the Office of Planning and Research or the county clerk of each county in which the project will be located, as provided. CEQA authorizes a state agency or a local agency that determines that a project is not subject to CEQA to file a notice of exemption with the office or the county clerk of each county in which the project will be located, as provided. If a person has made a written request to a public agency for a copy of a notice of determination or notice of exemption for a project before the date on which the public agency approves or determines to carry out the project, CEQA requires the public agency, no later than 5 days from the date of the public agency's action, to deposit a copy of the written notice addressed to that person in the United States mail, first-class postage prepaid. CEQA provides that the date upon which the notice is mailed does not affect the limitations periods applicable to specified actions or proceedings to attack, review, set aside, void, or annul specified acts or decisions of a public agency on the grounds of noncompliance with CEQA. The bill would require a public agency to provide both the notice and any subsequent amended, corrected, or revised notice, as specified, in response to a written request for the notice, regardless of the delivery method. By requiring a local agency to provide a copy of any subsequent amended, corrected, or revised notice, along with the notice, the bill would impose a state-mandated local program.

**Summary:** Current law provides for various annual fees for the issuance of alcoholic beverage licenses, depending upon the type of license issued. Current law authorizes the Department of Alcoholic Beverage Control to issue a music venue license, as defined, that would allow the licensee to

sell beer, wine, and distilled spirits at retail for consumption on the premises in a music entertainment facility, as defined. This bill would authorize a licensee under a music venue license to apply to the department for a caterer's permit that would authorize the sale of beer, wine, and distilled spirits for consumption at events only upon the licensed music entertainment facility premises. The bill would also authorize a music venue license to apply to the department for an event permit, as specified. The bill would impose a fee for a caterer's permit for a licensee under a music venue license and for an event permit for a licensee under a music venue license, which would be deposited in the Alcohol Beverage Control Fund, and would make other conforming changes.

**Summary:** Current law requires operators of refineries in the state that produce gasoline meeting California specifications, within 30 days of the end of each calendar month, to submit a report to the State Energy Resources Conservation and Development Commission containing certain information regarding its refining activities related to the production of gasoline in that month. Current law requires the commission to notify a refiner that has failed to timely provide the required information and imposes a civil penalty on the refiner that fails to submit the required information within 5 days of being notified of the failure. This bill would establish a maximum gross gasoline refining margin at an unspecified amount per gallon and would authorize the commission to annually adjust the maximum gross gasoline refining margin, as provided. The bill would authorize the commission to petition the court to enjoin a refiner from exceeding the maximum gross gasoline refining margin. The bill would also authorize the commission to assess an administrative civil penalty on a refiner for exceeding the maximum gross gasoline refining margin, as provided. The bill would authorize the commission to grant a refiner's request for an exemption from the maximum gross gasoline refining margin upon a showing by the refiner of reasonable cause, and to subject the refiner to alternative maximum margins or other conditions set by the commission. The bill would require a refiner seeking an exemption to file a statement under the penalty of perjury setting forth the basis of the request for exemption.
