**Subject:** Do NOT Even Talk About Changing City Charter - Especially Regarding CITY ATTORNEY!!!

Are you people out of your minds? You've already blatantly ignored the will of the people once this week, and now you are trying to change the city charter, and we all know it is to make the City Attorney position YOUR personal choice yet again! **This council is the LAST one I would want to even look at our city charter, let alone try to change anything.** Other than changing your ability to EVER select anyone ever again, because we saw how poorly that worked out this week. Feel free to give that choice back to the people as it SHOULD have been.

But let's focus on, and assume, the real motive behind this, as we know it's been discussed before. **The City Attorney DOES NOT WORK FOR YOU!!!!!!** He works for all of US, as in the COLLECTIVE CITY and its people, not the city council.

You need to **leave Michael Gates alone!** He is the ONLY, and I mean ONLY part of the city (aside from Erik Peterson of course) that seems to actually give a crap about this city and the residents. The only position that I have actually been proud to watch work and get things done. YOU are the ones that keep trying his hands. I FULLY support what he was doing to fight the State against more housing. **Beyond that, he's always received MORE VOTES than ANY OF YOU, even multiple council members combined! He has the trust of this city, unlike our council members.**

Stop doing stupid selfish things that only benefit YOU and focus on fixing the MANY MANY problems you have created and ignored in this city. Ones that actually affect our every day lives. Homelessness, Over-Building, Road Maintenance, Safety, Traffic (because you've already built WAY too much), Police & Fire's ability to respond (because AGAIN you've built too much for our infrastructure). Stop with all of your 'feel good' fluff (that by the way, only a VERY tiny percent of people care about), and get REAL things done that matter to the people of this city.

DO YOUR JOBS!!!!!!!!!!!!!! I've NEVER been so embarrassed by a city council and manager in my entire life (all of which has been in HB). I cannot fathom all of this absolute insanity that you have been pulling since this new council was put in.
