Subject: Homelessness in HB

I am disappointed with your decision to drop the shelter plans for the former Al's Woodcraft building. I thought an industrial or commercial location would be great. I believe this is the 2nd or 3rd site you have dropped after some people said not in my backyard. I hear your next location may be in Costa Mesa. At least HB residents can't complain about that location.

Pick a location in our city (not Costa Mesa) and stand by your decision.  
There will always be people who will be upset but it is your job to do what is best for all of HB including our homeless. As long as the shelter is safe and clean for both its residents and the community it will be fine.
