Dear Ms. Vu:

We have reviewed and processed your obligation submittal for the above-referenced project through Caltrans Headquarters and the Federal Highway Administration (FHWA). You are hereby authorized to begin the Preliminary Engineering phase of your project. Enclosed is a copy of the authorizing document (E-76) for your records.

If you plan to utilize private/outside consultant services, please be reminded of the Consultant Selection and Audit Process as outlined in Chapter 10 of our Local Assistance Procedures Manual (LAPM).

Effective October 1, 2017, if a consultant is to be used to execute the Construction Engineering / Management portion, then local agencies must submit a completed Exhibit 10-C for new or amended federally funded A&E consultant contracts online through <http://dlaeoversight.dot.ca.gov/fmi/webd> for Caltrans review and acceptance prior to contract award. Execution of an A&E consultant contract without Caltrans acceptance of Exhibit 10-C may result in ineligibility for reimbursement. The Office of Guidance and Oversight (GO) will notify the local agency and DLAE of Exhibit 10-C acceptance or rejection within 5 business days. If there are any changes to the contract after Caltrans acceptance of Exhibit 10-C, the local agency must notify the Office of GO and provide a copy of an updated Exhibit 10-C and all contract amendments to aeoversight@dot.ca.gov.

Please be reminded of the invoice processing requirements and reimbursement

process in Chapter 5 of the LAPM. Invoices for reimbursement cannot be submitted until after funds are encumbered via an executed Program Supplemental Agreement (PSA) and an executed Finance Letter.

If you have any questions, please call Mirna Beshay Tadrous at (805)732-8043.

Sincerely,

for Jonathan Lawhead
