FINDINGS AND CONDITIONS OF APPROVAL

CONDITIONAL USE PERMIT NO. 25-027

FINDINGS FOR PROJECTS EXEMPT FROM CEQA:

The Planning Commission finds that the project will not have any significant effect on the environment and is exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15301, Class 1 – Existing Facilities of the CEQA Guidelines, because the project involves negligible or no expansion of the existing use and structure.

FINDINGS FOR APPROVAL - CONDITIONAL USE PERMIT NO. 25-027:

1. Conditional Use Permit No. 25-027 to permit the onsite sale, service, and consumption of alcohol (ABC Type 48 License) within an approved approximately 1,250 sq. ft. eating and drinking establishment in the Beach and Edinger Corridors Specific Plan (BECSP) zoning will not be detrimental to the general welfare of persons working or residing in the vicinity or detrimental to the value of the property and improvements in the neighborhood because the proposed use is located within an existing commercial center with other similar uses. The sale, service, and consumption of alcohol provides an additional service to the community and surrounding regional area which will benefit and serve customers within the community and the surrounding regional area. The eating and drinking establishment is not anticipated to generate additional noise, traffic, or other impacts above existing conditions. The BECSP and General Plan land use designation anticipated eating and drinking establishment uses with alcohol service, sale and consumption in this area. The request for alcohol is an upgrade to an existing eating and drinking establishment use and will serve to augment the overall customer experience. Furthermore, the consumption of alcoholic beverages will be contained within the building's interior only and will not generate detrimental impacts onto surrounding properties. The nearest residential building is approximately 60 ft. to the east of the subject site and is buffered by the building, drive aisle, and block wall. The use will be required to comply with conditions of approval pertaining to alcohol service and operation to assure that any potential impacts to the surrounding properties are minimized.
2. The granting of Conditional Use Permit No. 25-027 to permit the onsite sale, service, and consumption of alcohol (ABC Type 48 License) within an approved approximately 1,250 sq. ft. eating and drinking establishment will not adversely affect the General Plan because it is consistent with the Land Use Element designation of M-sp (Mixed Use – Specific Plan Overlay) on the subject property. In addition, it is consistent with the following goals, policies, and objectives of the City's General Plan as follows:

Land Use Element

Goal LU-11: Commercial land uses provide goods and services to meet regional and local needs.

Policy LU-11 (A): Encourage a variety of commercial uses that cater to local and regional demand to create an environment that meets resident needs and increases the capture of sales tax revenues.

Policy LU-13 (A): Encourage expansion of the range of goods and services provided to accommodate the needs of all residents and the market area.

The request will expand the range of goods and services provided in the area by permitting the upgrade of on-site sales, service and consumption of beer and wine only to full alcohol within an existing approximately 1,250 sq. ft. eating and drinking establishment. The use will operate in a safe manner for residents and customers from the surrounding area because the hours of operation and business functions will remain the same and be contained within the interior of the building. Conditions have been added to the request which limit the use and manner in which alcohol may be sold and consumed to ensure the proposed will be compatible with the surrounding neighborhood while providing a service that will meet the needs of the community and increase sales tax revenue.

3. The granting of Conditional Use Permit No. 25-027 to permit the onsite sale, service, and consumption of alcohol (ABC Type 48 License) within an approved approximately 1,250 sq. ft. eating and drinking establishment will comply with the Town Center Boulevard Segment of the BECSP, and other applicable provisions in Titles 20-25 of the Huntington Beach Zoning and Subdivision Ordinance (HBZSO) because the BECSP allows eating and drinking establishments with alcohol service subject to approval of a Conditional Use Permit. The General Plan land use designation and the BECSP anticipated restaurant uses with alcohol service, sale and consumption in this area. The alcohol service is an upgrade to an existing eating and drinking establishment and will serve to augment the overall customer experience. The proposed use will comply with all building occupancy/exiting requirements.
