SUBJECT: I-405 FREEWAY WIDENING PROJECT: PIPELINE ANALYSIS

As reported to the Board at the October 17, 2018 meeting, HDR Engineering had been selected to perform a corrosion condition assessment on sections of the OC-35 pipeline that were removed as part of the freeway widening project. HDR recently completed their analysis of two pipeline samples and have provided staff with draft reports.

Staff is expecting to complete the review of the report by January 23 and HDR will finalize the report by February 14. Results and recommendations from the HDR report will be presented to the Board at the April Board meeting.
