**Subject:** Item #5: City Attorney's Update on the Community Prosecutor Program

Is there supposed to be a report attached to this item?

A set of goals and targets, with progress towards them benchmarked and analyzed?

A break-down of demographics for those convicted vs. the city as a whole to ensure inadvertent bias hasn't been applied?

Perhaps a workflow showing how those facing mental health, addiction and/or homelessness are diverted from the criminal justice system and into assistance programs, resulting in a safer community?

Are there details on how outside groups that instigate or provoke violence against protected groups are shown a zero-tolerance policy when it comes to prosecution?

Is there a list of community groups that provide input and oversight for the program?
