

Voluntary Rate Range Program

Agreements with DHCS & CalOptima
August 18, 2026

Voluntary Rate Range Program

- What is the VRRP?
- Revenue Benefits
- Recommendation for Action

What is the VRRP?

- Intergovernmental Transfer Program (IGT) through California Department of Healthcare Services (DHCS)
- Allows for recovery of unreimbursed costs for providing Emergency Medical Services to CalOptima patients
- City has participated in VRRP since FY 22/23
- Requires upfront cost match payment of \$1,017,485
 - Full amount is reimbursed back to City

Revenue Benefits

- Helps offset for unreimbursed costs for EMS transports
- Payment made to City within 60 days
- Provides additional EMS revenue to general fund
 - NET revenue this FY is approximately \$1,297,405
- Amount varies year to year based on number of transports and number of program participants

Recommended Action

- Authorization to execute agreements and approve payment of \$1,017,485 to DHCS to be send by November 20, 2026
- Alternative Action
 - Do not approve the recommended action and direct staff accordingly
