

Amendment No. 3 HDR Engineering, Inc.

May 7, 2024

BACKGROUND

- Residents expressed many concerns over on-going clean-up at the former Ascon Landfill site at the southwest corner of Magnolia and Hamilton. These concerns prompted city staff to hire HDR Engineering, Inc. to act as an independent, third-party technical advisor.

Details

HDR Engineering, Inc. services provided in relation to the Ascon Landfill site clean-up include:

- Site visits to observe testing
- Attend meetings with stakeholders
- Regular reports to city staff regarding on-going work
- Responses to resident's questions submitted to Hbtechnicaladvisor@hdrinc.com

Details

The landfill site clean-up is still underway, so city staff is requesting an additional two-years to be added to the term of the existing Professional Services Contract for On-Call Water and Engineering Services with HDR Engineering, Inc.
