**How will your qualifications best serve the citizen advisory group that you are applying for, and why do you wish to serve on this group? \***

I'm really interested in the history of Huntington Beach and preservation and awareness of our past. I strongly believe that we can learn so much from the past both in expanding our understanding of events and how they can shape a community, and in applying what we know about the past to our future conduct. I have done multiple research projects that cover parts of Huntington Beach history over the course of my education, and I'm always interested in learning more. I believe I could be an asset to this board in providing my own perspective and research skills, and I think it would be a great opportunity to learn and collaborate.

**It is the policy of the City Council to make appointments to the citizen commissions, boards, and committees, based on the needs of the city, as well as the interests and qualifications of each applicant.
