

Fire Signal Installation Heil Avenue Fire Station CC-1673

Fire Signal Installation

Heil Avenue Fire Station

- Fire signal will be installed to stop traffic on Heil Avenue to allow for ingress and egress to and from the fire station
- Modification to driveway approach to conform with current accessibility requirements
- Estimated Cost: \$380,000
- FY 2022/23 CIP Funding: \$290,000 - Traffic Impact Fee Funds
- Estimated increase in costs due to increased material and construction costs over the past 12 months

Hybrid Beacon For Emergency Vehicle Access

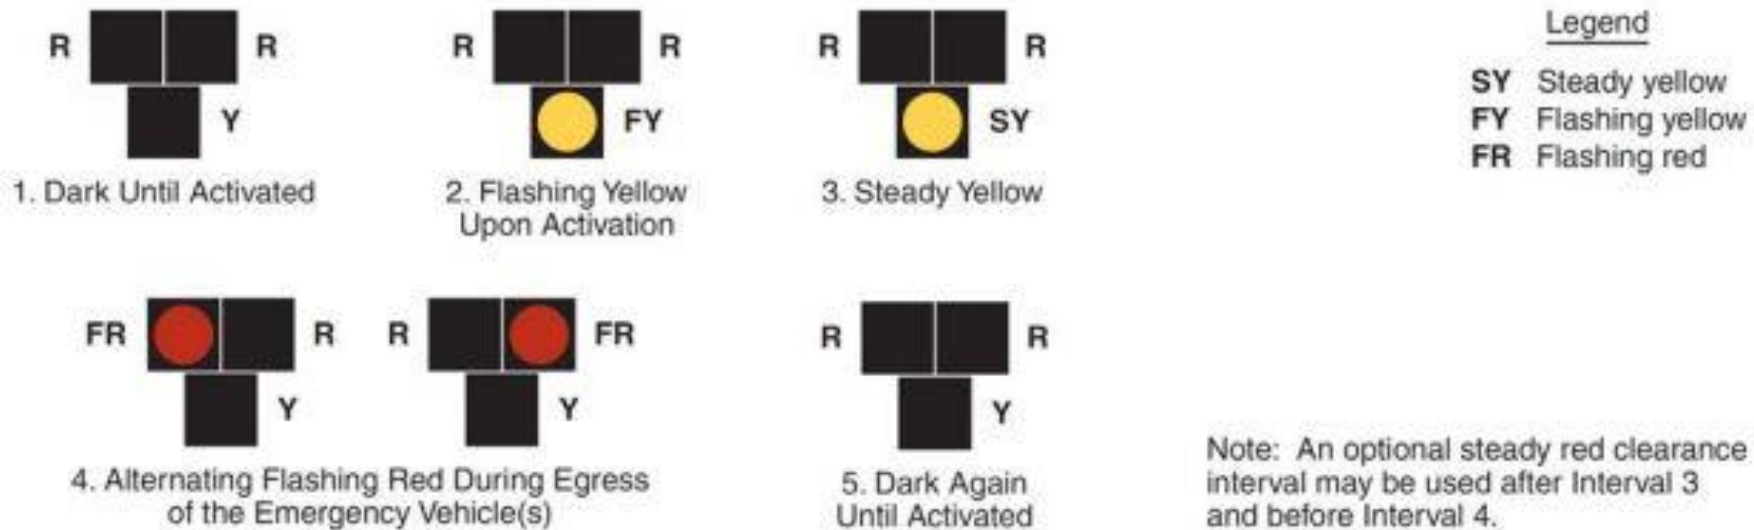

California MUTCD 2014 Edition
