Have been interested in local politics for several years. Often attend and speak at City Council and other board or committee meetings.

How will your qualifications best serve the citizen advisory group that you are applying for, and why do you wish to serve on this group? *

I consider myself to have a very strong work ethic and take pride in having common sense, the ability to think logically and a strong sense of integrity. Fairness and clarity are of utmost importance to me. I think these qualities are important for anyone wishing to serve in a public role and, particularly on the Mobil Home Advisory Board.

☒ I certify that all statements made on this application are true and correct to the best of my knowledge. I have read and understand the duties and responsibilities of the particular position that I am applying for and authorize the release of this information.
