

Bolsa Chica Street / Valley View Street Regional Traffic Signal Synchronization Project, CC-1622

PROJECT DESCRIPTION

This project provides operational and infrastructure improvements at 22 intersections along Bolsa Chica Street / Valley View Street from Garden Grove to Huntington Beach

Improvements within Huntington Beach included:

- Installation of fiber optic communication cable and conduit
- New traffic signal controllers
- Updated traffic signal timing

The City of Huntington Beach is Lead Agency

- The City of H.B. will manage engineering efforts for the entire corridor
- All OCTA funds will be paid to and disbursed by the City of Huntington Beach

PROJECT DESCRIPTION (CONTINUED)

Recommended City Council Actions:

- Approve the Cooperative Agreement with the Cities of Garden Grove and Westminster. This agreement specifies the responsibilities and funding commitments for each agency.
- Amend the 2022/2023 CIP to include this project.
- Authorize City's project funding.
