

LEGISLATIVE DRAFT

Chapter 5.56 BURGLAR ALARMS

5.56.010 Purpose

~~The public has purchased burglary and robbery alarm systems which either mechanically malfunction or are not operated properly by their users, causing an increase in false alarm reports which require a response from the Police Department, thus needlessly diverting limited police resources. The purpose of this chapter is to set forth the regulations governing the use of burglary and robbery alarm systems, the requirement for permits and the establishment of fees and penalties for violations. (2025-1/76, 2486-6/81, 3121-1/92)~~

5.56.020 Definitions

~~"Alarm system" means any mechanical or electrical device which is designed or used for the detection of an unauthorized entry into a building, structure or facility, or for alerting others of the commission of an unlawful act within a building, structure or facility, or both, and which emits a sound or transmits a signal or message when activated. Alarm systems include, but are not limited to, indirect digital dial telephone devices, audible alarms and proprietor alarms. Devices which are not designed or used to register alarms that are audible, visible, or perceptible outside of the protected building, structure or facility are not included within this definition nor are telephone devices or auxiliary devices installed by the telephone company to protect telephone company systems which might be damaged or disrupted by the use of an alarm system.~~

~~"Applicant" means a person, firm, or corporation who or which files an application for a permit as provided in this chapter.~~

~~"Audible alarm" means that type of alarm system which, when activated, emits an audible alarm.~~

~~"False alarm" means an alarm signal which requires police response where an emergency situation does not exist.~~

~~"Nonresponse status" shall mean that category in which an alarm system is placed as a result of permit suspension or revocation; therefore, the Police Department will not respond to the alarm system.~~

~~"Notice" means written notice, served personally or mailed, postage prepaid, addressed to the person to be notified at his or her last known address. Service of such notice shall be deemed effective upon completion of personal service or upon deposit of such notice in the United States mail.~~

~~"Proprietor alarm" means an alarm which is not serviced by an alarm business.~~

~~"Standards, regulations, requirements and duties" means the minimum standards and regulations for the construction and maintenance of all alarm systems installed within the City, as prescribed by the Police Chief, and adopted by resolution of the City Council. All devices shall meet or exceed such standards and regulations before permits may be issued pursuant to this chapter. The Police Chief may require inspection and approval of all alarm systems installed within the City.~~

~~"Subscriber" means any person who purchases, leases, contracts for or otherwise obtains an alarm system or for the servicing or maintenance of an alarm system from an alarm business. (2025-1/76, 2486-6/81, 3121-1/92)~~

5.56.030 Registration Required

~~No person shall engage in, manage, conduct or operate an alarm business in the City of Huntington Beach without first registering with the City license division on appropriate forms, and providing the following information:~~

5.56.040 Permit Required

- ~~A. **Alarm System.** No person shall install or use an alarm system without first applying for and receiving an alarm permit therefor in accordance with the provisions of this chapter.~~
- ~~B. It will be the responsibility of the alarm company, and/or the user of an alarm system, to ensure that an original permit has been obtained prior to activation of the system. Failure to do so may constitute grounds to revoke the alarm company's right to install, service and/or monitor alarm systems in Huntington Beach. In the event an alarm permit is not obtained, and after an alarm system user has been notified by mail or by personal service to obtain~~

~~an alarm system permit, they will be given 30 days to comply or the alarm system will be placed on nonresponse.~~

~~C. **Audible Alarm Requirements.** Every person, corporation, or business maintaining an audible alarm shall post a notice containing the name(s) and telephone number(s) of the person(s) to be notified to render repairs or service and secure the premises during any hour of the day or night that the alarm system is activated. Such notice shall be posted near the alarm in such a position as to be legible from ground level adjacent to the building where the alarm system is located.~~

~~D. Alarm companies and/or their monitoring services shall first attempt to verify all alarm activations prior to requesting the police be dispatched. Verification can be accomplished by secondary activation devices, television cameras, telephonic inquiry, or by having a person at the location of the alarm check the system. (2486-6/81, 2593-2/83, 3121-1/92, 3273-1/95)~~

-

5.56.050 Exemptions

~~The provisions of this chapter are not applicable to audible alarms affixed to motor vehicles or to a public utility whose only duty is to furnish telephone service pursuant to tariffs on file with the California Public Utilities Commission. (2486-6/81, 3121-1/92)~~

-

5.56.060 Permit Procedures—Fee

~~Applications for permits, required hereunder, shall be filed, together with payment of a fee established by resolution of the City Council, with the Police Chief on forms furnished by him or her containing necessary information to evaluate and act upon the application including, but not limited to, the name, address and telephone number of the person who will render service or repairs during any hour of the day or night. All permits shall be renewed annually. It shall be the responsibility of the permittee to apply for renewal of the permit at least 10 days prior to the expiration of any existing permit. (2486-6/81, 2593-2/83, 3121-1/92, 3273-1/95)~~

-

5.56.070 Notice of Change

~~Whenever any change occurs relating to the written information required on application forms, the applicant or permittee shall give written notice thereof to the Police Chief within a reasonable time not to exceed 10 days after such change or at any hearing conducted under the provisions of this chapter if such hearing is conducted before the notice required has been given. (2486-6/81, 3121-1/92)~~

-

5.56.080 Permit Revocation

~~A. Upon evidence that any provision of this chapter has been violated, and written notice (of revocation) thereof has been served upon the permittee,~~

either by personal service or by regular mail, the Police Chief may suspend an alarm permit for a period of 15 days, beginning on date of personal service or the day after mailing, during which time such alarm system shall not be used and shall be placed on nonresponse status.

B.—The failure of permittee to repair, replace or operate the system properly, or to pay the alarm permit fee and/or the false alarm prevention fees within the 15-day period, or to file an appeal to the City Council, as provided in this chapter, shall cause the suspended permit to be revoked and the alarm system shall be placed on nonresponse status and shall not be used until a new permit has been issued and all outstanding fines and permit fees have been paid.

C.—However, an alarm system placed on nonresponse status may be reinstated to full response status by complying with the City Alarm Ordinance. To reinstate to full response status, the permittee shall show evidence that the system has been repaired, replaced and/or that the persons who have been operating the system improperly have been duly trained and instructed in the proper operation of the system. The evidence shall consist of work orders, canceled checks, or adequate proof of training and instruction. (2486-6/81, 3121-1/92)

5.56.090 Appeal to City Council

A.—Within the 15-day suspension period, the permittee may appeal to the City Council by filing with the City Clerk a statement, addressed to the City Council, setting forth the facts and circumstances regarding the action to the Police Chief.

B.—The City Clerk shall cause the appeal to be placed on the next available City Council agenda and notify the appellant. The City Council shall consider the appeal and may affirm, overrule, or modify the decision of the Police Chief. The Council may appoint a hearing officer, who shall gather the facts, listen to argument and prepare a report and recommendation to the Council. The hearing officer may be a City employee. The City Council may accept, reject, or modify the officer's recommendation or seek a further report. The decision of the City Council shall be final.

C.—All fees paid by permittee shall be forfeited in the event of revocation. Enforcement of a revocation notice shall be stayed during the pendency of an appeal therefrom, properly and timely filed. (2486-6/81, 3121-1/92)

5.56.100 False Alarm—Prevention Payment

A.—When the emergency alarms, messages, signals or notices received by the Police Department which show a failure to comply with the requirements of this chapter, the Police Chief may demand that the owner or lessee disconnect the alarm system until it is made to comply with such requirements.

~~B.—The owner or lessee of any alarm system which has caused any signal, message, or alarm to be transmitted to the Police Department, either by direct telephone or other direct communication, or by communication from an alarm agent, or an alarm business, or by a person responding to an audible alarm, and which is proved to be a false alarm, shall pay a false alarm prevention fee, established by resolution of the City Council, as follows:~~

~~1.—For false alarms in excess of two received in a 12-month period the owner or lessee shall be assessed a fee for each such alarm, and the fee shall be increased for each subsequent false alarm received in a 12-month period.~~

~~The permittee shall only be charged with one false alarm in any 24-hour period. This allows the permittees adequate time to notify their alarm servicing company and have any repairs, replacement, or adjustments implemented prior to being charged another false alarm.~~

~~2.—Any false alarm indicating robbery is occurring (a violation of California Penal Code Section 211); however, “residential,” “panic” or “hold up” false alarms, classified as 927A, Unknown Trouble Residential Alarm, will be considered as regular false alarms (459s) for fine calculations.~~

~~3.—For false alarms in excess of seven received in a 12-month period by the Police Department, the property owner or lessee, and the systems alarm servicing company shall be notified in writing that the system is to be placed on a nonresponse status and the permit shall be revoked if the problem is not resolved within 15 days.~~

~~C.—**Exception.** If the user shows that the false alarms were the result of conditions beyond his or her control and not the result of negligence on the user’s part or that of his or her employees and the user demonstrates that he or she neither knew of the defect in the alarm system, nor in the exercise of due care, should have known of such defect, such alarm shall not be deemed a “false alarm” within the meaning of this chapter. (Thereupon, a 15-day adjustment period to correct mechanical problems may be allowed for any new, improved or replaced alarm system.) (2025-1/76, 2486-6/81, 3121-1/92, 3273-1/95)~~

5.56.110 Permit Nontransferable

~~No alarm permit issued under the provisions of this chapter shall be assignable or transferable. (2486-6/81, 3121-1/92)~~

5.56.120 Automatic Shutoff Requirements—Audible

~~All audible alarm systems, excluding fire alarms which indicate the activation of an automatic fire sprinkler system, shall include a device which will limit the generation of the audible sound of the system to no longer than 10 minutes after~~

activation when the alarm system is protecting a residential structure, and 15 minutes when the alarm system is protecting a commercial structure. Said system, however, shall include an automatic resetting device which shall cause the system to rearm upon automatic shutoff. (2486-6/81, 3121-1/92)

5.56.130 Repair

After a false alarm caused by a malfunction of the alarm system, the alarm system permittee shall repair the alarm system in order to eliminate such malfunction before reactivating the alarm. No person shall reactivate such alarm until such repairs have been made. (2486-6/81, 3121-1/92)

5.56.140 Testing Alarm

Permittees shall notify the police communication bureau prior to any service, test, repair, maintenance, adjustment, alteration, or installation of systems which would normally result in a police response to a false alarm. Any alarm activated where such prior notice has been given shall not constitute a false alarm, as defined in this chapter. (2025-1/76, 2486-6/81, 3121-1/92)

5.56.150 Prohibitions

It shall be unlawful to install or use an alarm system which upon activation emits a sound similar to sirens used on emergency vehicles or for civil defense purposes. (2486-6/81, 3121-1/92)

5.56.160 Limitation on Liability

The City of Huntington Beach is under no obligation or duty to any permittee or any other person by reason of any provision of this chapter, or by the exercise of any privilege by any permittee hereunder including, but not limited to, any defects in a police or fire alarm system, any delay in transmitting an alarm message to any emergency unit or damage caused by delay in responding to any alarm by any City officer, employee or agent. (2486-6/81, 3121-1/92)

5.56.220 Enforcement Provision

~~The Police Department is directed to administer and enforce the provisions of this chapter. (2486-6/81, 3121-1/92, 3273-1/95)~~

5.56.230 Constitutionality

~~If any section, subsection, sentence, clause, phrase or portion of this chapter is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this chapter. The City Council of the City of Huntington Beach hereby declares that it would have adopted this chapter and each section, subsection, sentence, clause, phrase, or portions thereof, and amendments thereto, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases or portions, or amendments be declared invalid or unconstitutional. 5.56.240 Adoption/Repeal

~~Neither the adoption of this chapter nor the repeal of any ordinance shall in any manner affect the prosecution for violation of ordinances which violations were committed prior to the effective date hereof, nor be construed as affecting any of the provisions of such ordinance relating to the collection of any license or penalty of the penal provisions applicable to any violation thereof, required to be posted, filed or deposited pursuant to any ordinance and all rights and obligations thereunder appertaining shall continue in full force and effect. ALARM SYSTEMS

5.56.010 Purpose

The City of Huntington Beach Council finds and declares that:

B. The decision shall affirm or reverse the decision or action taken by the Alarm Administrator.

3. Filing of an appeal stays any action by the Alarm Administrator to suspend an Alarm Registration or require the payment of a fee or fine until the appeal process has been exhausted. This provision applies only to the action of the Alarm Administrator that is the subject of the appeal. This provision does not operate as a bar to enforcement action on violations of this section that occur thereafter.

D. The Alarm Administrator or the Police Chief, or their respective designees, may adjust the count of False Alarms or assessed fees based on:

1. Evidence that a False Alarm was caused by action of a communications services provider (i.e., telephone, cellular, cable company);

3. Evidence that an Alarm Dispatch Request was not a False Alarm;

4. The occurrence of multiple alarms within a 24-hour period, which may be considered as one False Alarm if the Alarm User has taken corrective action, unless the False Alarms are directly caused by the Alarm User.

E. The Alarm Administrator may waive all or part of a False Alarm fine due to extenuating circumstances or to encourage corrective action with supervisor approval.

5.56.150 Reinstatement of Suspended Alarm Registrations

A. The Police Chief or Command Staff designee may suspend Police response to an Alarm Dispatch Request from an Alarm Installation Company or Monitoring Company if it is determined that:

C. A suspension of Police response made pursuant to this subsection is subject to the appeal process provided for within this Chapter. In addition, the Alarm Administrator has the ability to accept a workable solution from the affected party prior to an appeal. The affected party has sixty (60) days after the

written notice of suspension before Police response is suspended to its alarm customers.

D. The Alarm Administrator shall notify all known Alarm Users subscribing to an Alarm Installation Company or an Alarm Monitoring Company that the Police Department has suspended response to the company's Alarm Dispatch Requests.

E. The City shall assess the Alarm Installation Company or Monitoring Company a reinstatement fee in an amount established by resolution of the city council. 5.56.170 Police Department Response

A. Subject to the suspension provisions in section 5.56.130 above and the discretion discussed in section 5.56.190 below, the Police Department at its discretion will respond to all "in progress" Robbery, Panic or Burglar Alarms as promptly as possible, taking into account pending calls for service and any policy establishing priority of dispatched calls following notification of the receipt of the alarm from the Monitoring Company. Police supervisors may, in their discretion, cancel a Police response to any or all alarms based on weather or other factors affecting Police service needs.

B. The Police Chief or his or her designee may re-prioritize assignment of Burglar Alarms and response time at any time during a 24-hour period as may be necessary due to the service needs of the community.

5.56.180 Confidentiality of Alarm Information

Per California Government Code 6254(f).

5.56.190 Scope of Police duty; Immunities Preserved

The issuance of Alarm Registrations does not create a contract between the Police Department and/or the City of Huntington Beach and any Alarm User, Alarm Installation Company or Monitoring Company, nor does it create a duty or obligation, either expressed or implied, on the Police Department to respond to any alarm. Any and all liability and consequential damage resulting from the failure of the Police Department to respond to an Alarm Dispatch Request is hereby disclaimed and full governmental immunity as provided by law is retained. By applying for an Alarm Registration, the Alarm User acknowledges that the Police Department response is influenced by the availability of officers, priority of calls, traffic conditions, weather conditions, emergency conditions, staffing levels, prior response history and administrative actions."
