

**CITY OF HUNTINGTON BEACH
INTER-DEPARTMENTAL COMMUNICATION
HUMAN RESOURCES**

TO: PERSONNEL COMMISSION

FROM: MICHELE WARREN, DIRECTOR OF HUMAN RESOURCES

SUBJECT: REVISIONS TO WATER DISTRIBUTION MAINTENANCE LEADWORKER
JOB CLASSIFICATION SPECIFICATION

DATE: MARCH 20, 2019

The **Water Distribution Maintenance Leadworker** is a multi-position classification within the wastewater operations job series, represented by the Municipal Employees Association (MEA). A recent vacancy provided the opportunity to review the existing job classification specification and edit as necessary.

Modifications to the **Water Distribution Maintenance Leadworker** job specification are recommended to: 1) provide a greater understanding of the job; 2) declare conformance with DOT regulations governing safety sensitive classifications; 3) provide notification of DMV Employee Pull Notice Program participation; and 4) include language stating the obligation to work as a Disaster Service Worker when necessary. The current pay grade remains the same.

The recommendation presented is based upon input from the Public Works and Human Resources Departments. The City and MEA have met and conferred regarding the changes to the job class specification.

At this time staff requests the Personnel Commission approve the recommendation in accordance with Personnel Rule 12 regarding amendments to the City's Classification Plan.

STAFF RECOMMENDATION

Job Class Title:	Water Distribution Maintenance Leadworker
Pay Grade:	MEA379
Affected Employees:	None
Recommendation:	Approve the updated job class specification
