In favor of a homeless shelter but not that location! We are small business owners across the street from proposed site. It needs to be by the PD not backing up to a hs! No notifications was given to us as business owners and I find that disturbing Erik. I have lived here my whole life and little care is given to us on the north side. If this were in the richer area of HB you know very well the residents wouldn't stand for it! Why should we? Tired of being treated like the step-child when all the care and concern is given to the wealthy! Gotta be careful come Election Day!

Homeless shelter. I am not insensitive to the needs of some. In fact I am the guardian to an at risk teen whom I do not receive any assistance for and I cover her health insurance and other monetary needs. With that said, I do not agree with enabling the homeless at tax payers expense. This is best handled by non profit organizations. Secondly, rather than throw money at this problem, I recommend issuing permits to private HOAs for existing neighborhoods for public/private ventures of public spaces including parks, sidewalks, greenbelts and other public spaces in the HOA area. This will create a public/PRIVATE venture and allow law enforcement to enforce no camping regulations in those now private venture areas.

#### STREET ADDRESS

#### COMMENTS & ADDITIONAL NOTES

Good morning - I am a resident of Huntington Beach who lives about 1 mile from the proposed homeless shelter. I have several concerns regarding the plan. First, why was there no resident input regarding the shelter location and operations? It appears that a deal was made with the property owner prior to any information being released to the public. Second, I have concerns about the shelter being so close to several schools - backing up to Marina High School, and very close to Circle View Elementary and Village View Elementary. This does not seem like a wise idea. Third, I have many questions regarding operation of the shelter. How will people get to the shelter? Do they walk there? What would be the hours of operation? Where would people from the shelter go during the day? Would they simply disperse to Marina Park or Circle View park or the surrounding businesses? What other services would be provided to people utilizing the shelter? How many people would be expected to use the shelter on a nightly basis? Would operations be the same in summer and winter? It would be very helpful to have full disclosure of information regarding the shelter so that residents can form informed opinions regarding the project. For now, it seems that the location so close to several schools is not a good option. I understand that the issue is scheduled to be discussed at a city council meeting this evening. However, I am a working mother and I have class on Monday evenings. Another option to disseminate the information is helpful. Thank you.

#### COMMENTS & ADDITIONAL NOTES

Proposed Navigation Center I find it outrageous that all of us homeowners as well as parents of children in nearby schools were not given advance notice of this proposal. Most if not all of us, including personnel at Marina High School found out about it by reading the article in the Daily Pilot on March 28 2019! I challenge all council members to HONESTLY tell me they would feel comfortable living within a mile of this homeless shelter, there children attending Marina High School, or the property value of their home not decreasing. There are many other vacant buildings and areas in the city not close to schools, parks and residential neighborhoods if you all feel the need for a homeless shelter or navigation center. I URGE and PLEAD with all of you to VOTE NO on this proposal. Sincerely, Jake Lou Robinwood Neighborhood

City Council Meeting

#### STREET ADDRESS

#### COMMENTS & ADDITIONAL NOTES

I understand that a City Council meeting is taking place today (April 1) to discuss and vote on the possibility of placing a 50 bed homeless shelter near or adjacent to Marina High School in Huntington Beach. I as a parent, with a daughter who attends Marina High School, I wanted to express the following concerns: 1). Have other locations for a homeless shelter that are not near a school been considered? 2). Regardless of where the homeless shelter may be located, has a vetting process to screen homeless entrants for a criminal background been discussed? If any individual trying to access the shelter is found to be a registered sex offender, hopefully Megans law will apply and the public informed. 3). Will the homeless shelter be staffed with security or police regularly patrolling the area in and around the shelter area (again regardless of where it is located)? It should be noted that there is also Pre-School on the Marina High School property, creating further concerns from parents with small children. The homeless issue is a growing and significant concern in all of Orange County. We have seen them all over. I readily agree that it is high time the issue of where to house them be addressed. However, I strongly urge the Huntington Beach City Council to seriously and carefully consider where the homeless shelter should be located. Additionally, there needs to be a screening or vetting process for a criminal background and sex offenses. The concerns of a citizen and parent such as myself needs to be considered in this decision. As mentioned, I agree that we do need some type of housing facility for our growing homeless population in Orange County. I do not, however, feel it a very good idea to put one near a school/pre-school with some 2,500 children attending. The public safety and security of not only our children, but neighboring residents and businesses need to be considered. I appreciate your consideration and taking the time to read my concerns.

#### COMMENTS & ADDITIONAL NOTES

03/30/19 Dear Elected Members of the Huntington Beach City Council, I have been a resident of Huntington Beach for close to 40 years and have been a home owner and employee in this City for 22 years. I would like to express my earnest disapproval of your current plan to erect a homeless shelter at 5770 Research Ln. I have researched the topic and I am fully aware that the City has been placed in a difficult position by Judge Carter. I also realize that without a temporary shelter we cannot enforce current camping laws and violations within our City. With these things in mind, I do believe complying with the Judge's unreasonable demand is not an option. However, I would like to share my concerns. Although this seems like it was a done deal long before it was ever made public to the citizens, business owner and tax payers; I feel the need to share and ask that you reconsider and vote NO on this proposal. 1. The homeless shelter or (Navigation Center) is feet away from Marina high school. Additionally, it is a short walk from Scats Gymnastics, Huntington Inline ice-skating rink and Grace Lutheran School. These are all areas where children congregate. It is highly inappropriate, dangerous and irresponsible to place a shelter in such close proximity to children. 2. My home is less than 1 mile from the proposed shelter. My husband and I bought our home in 1996 and have worked hard to pay our mortgage and live in a well maintained and lovely neighborhood. Through layoffs and unemployment in the last 22 years, we have always strived to keep our home, knowing full well that any financial sacrifice we made to keep it would pay off in the end. Not only has our home been a safe haven for raising our children, it has been an investment for our retirement and inheritance for our children. It is highly inappropriate to penalize the hard-working, tax paying residents of Huntington Beach by placing a shelter in such close proximity to our homes, where we'd run the risk of rising crime, decreased home values and unsafe neighborhoods. 3. Although it is said that security will be a high priority at the shelter, you only need to do a quick google search and you will find numerous violent crimes being committed inside and nearby to homeless shelters throughout the country. Our fine Officers of the HBPD work hard. The fact is though, resources are low, and they are already spread thin. This includes our homeless outreach task force. These facts cause our overworked and understaffed Officers to usually only be able to have a reactive response after a crime has occurred. This alone poses a risk to children and citizens. I recently had a conversation with

### SUPPLEMENTAL COMMUNICATION

Meeting Date: 4.1.19

Agenda Item No.: 13(19-394)

my disabled mother that lives with me. I emphasized the need to keep all windows and doors locked and not open them for anyone if the shelter is approved at 5770 Research Ln. Although crime in our neighborhood has increased in recent years with the drug epidemic and halfway houses, I believe the addition of the shelter will only exacerbate the problem. 4. Many homeless are mentally ill and/or addicted. The typical homeless person is not the ones that were just one paycheck away from being on the streets. Those people usually will find the resources to figure things out and get back on their feet. The real homeless in our area are those that are incapable of making sound decisions, those that choose the lifestyle due to an unwillingness or desire not to work, and those that have burned bridges and exhausted resources as a result of their vice and unwillingness or inability to change. These people are the thousands that were living in the OC river bed where there were hundreds of stolen bikes and property along with needles and drugs all over when it was cleaned up. These are the same people that will be here doing drugs and stealing the property of hard-working citizens to support their habits. There are many other reasons why this shelter is not a good idea for our City but like I said, I realize the demand by Judge Carter is beyond the City's control. Therefore, a shelter of some type is inevitable. I encourage you to please say NO to this proposal. It simply doesn't make sense to place our children at risk, nor to devalue neighborhoods where hard-working tax-payers have invested their lives. There are several other locations that can be considered in order to comply with Judge Carter's demands. The alternatives are NOT AS CLOSE to schools and homes within the City. Please look at the alternatives and don't make this decision in haste because of the April 2nd update approaching. I ask you to represent the people that elected you! Look out for their best interest and stand strong even when it's difficult. Sincerely, Dina Walton 6032 Welde Cir. Huntington Beach, CA 92647 cell: 714-362-5720

#### COMMENTS & ADDITIONAL NOTES

I have a friend that is homeless and in a shelter in Santa Ana. I do have some contact with him and he has mental issues and a dining problem. Her tells me of all the drug and alcohol problems that still persist in the facilities in Santa Ana. I have driven around Santa Ana around the facilities and there are constantly people laying in benches, cutbs and sidewalks, too many people loitering in parking lots and in front of businesses. I have eaten at some day food restaurants there and me and my kids were started at by many unkept people, couldn't use the bathroom because of people using them to take a bath and panhandled in and out of the restaurant. I don't live in Huntington Beach but my daughter goes to Marina High School and I don't want these same conditions right around the high school, the businesses and those that live around the Marina High School area.

Navigation Center After finding out about this proposal at the last minute like many others, I find it not only perplexing but very disturbing. As a long time resident of this city I have lived across the street from Marina Park and Marina High School. There are far better areas within the city limits that are not close to schools, parks and residential neighborhoods. I respectfully urge and plead with all of you to vote NO and find a better site to provide safety and security for our children and residents. Thank you, Lisbeth Burns

#### COMMENTS & ADDITIONAL NOTES

I urge you to postpone approving approving the lease for the homeless shelter. I do support homeless shelters but feel the nearby residence need more time to discuss the issues this will bring to their neighborhood, and all the details on how the shelter will be operated and to whom it will serve. I just learned of the agenda item to sign a lease for the homeless shelter on Research drive. I live in the housing track just east of the location Will the homeless be bused in or will they be wondering down our residential streets and schools grounds to get to the shelter? What will happen when they leave the facility? Where will the homeless come from. All over the county the state or just Huntington Beach? I like to suggest that the burden be shared throughout the city. The North has had to endure the brunt of the over development which has increased traffic. Multiple shelters should be open throughout the city or several areas should be set aside where buses can pick up the homeless including the South-East area near Brookhurst, service center on Gothard and especially Downtown HB, Warner/Sunset Beach and the Huntington Harbor. The transportation area would be a good place to pick up and drop off but should not be the only place.. I'm also concerned that the shelter will be adjacent to Marina High and urge the City to consider other locations and allow the residence to weigh in.

Mayor Peterson,  
I respectfully question the City Councils proposed site for the homeless navigation center. I am fully 100% against putting the facility adjacent to a High School and park primarily used for little league baseball. Please for the sake of our children's safety relocate the facility to a location away from Schools! We will not stand for this.

**Subject:** Homeless Center Research Dr Huntington Beach

Dear Councilperson Hardy,

This project is a good beginning solution for the homeless problem in Huntington Beach. My understanding this will allow the HBPD to enforce some of the laws that are on the books for regulating loitering, camping beyond curfew and generally having a negative impact on our community. It will assist people who can benefit with help to regain a positive place in our community and take care of themselves.

As for credibility, have lived in Huntington Beach for 20 years, live within walking distance of the area, family business down the street, (when there is a fire/police emergency, they are there "like yesterday", awesome departments.) A family member attends Marina, who will remain anonymous, ( and thinks you are a good teacher, but this is not said to influence your vote )

To conclude this is a good beginning to help take care of a major problem and I urge you to vote yes.

Thank you, Marilyn love

**Subject:** Proposed Homeless Shelter on Research Dr.

Dear Mayor Peterson & Members of the Huntington Beach City Council,

Thank you for your service to the city and efforts to address the issue of homelessness in our community. While a location is necessary, for safety reasons, Research Dr. is not ideal secondary to the fixed position of Marina High School. Traditionally, these two groups decision-making skills are a "work-in-progess" and to place them in such proximity may result in unwanted outcomes.

I suggest there are suitable locations nearer food, transportation and work sources for the population in search of these opportunities.

Your time and energy to reach a solution with this is truly appreciated.

Sincerely,

Hello. We wanted to weigh in with our opposition to the proposed 50 bed homeless shelter behind Marina High School. Being so close to a public school is inappropriate, especially in light of more appropriate locations that are not near schools and residences. Thank you for your consideration. Jeff and Judy Burrows 6111 Anacapa Dr HB 92647

### Agenda & Public Hearing Comments

#### SUB TYPE

City Council Meeting

#### STREET ADDRESS

#### COMMENTS & ADDITIONAL NOTES

Re Agenda Item 13, homeless shelter As residents in north Huntington Beach, we support the City's efforts to open a homeless shelter. Although there are many issues with shelters, and concerns about effects on neighborhoods, any site the City chooses will encounter opposition. The shelter will allow our police officers to get homeless off the streets and provide them temporary housing and services. We urge the City to move forward with the shelter, and ensure it is operated as outlined by City staff. Sincerely, Dan Jamieson Roxanne McMillen

COMMENTS & ADDITIONAL NOTES  Homeless Shelter near Marina HS is a bad idea. Let's do what one group is doing with homeless Vets. Take the homeless out to Yucca Valley, train them for a skill & give them inexpensive housing. There's plenty of room out there. I waited 20 years before I could afford a house in HB, why should they squat here for free?

**Subject:** Recent LA Times Article

I know that this has been an issue for the past few years. What irritates me is the Mayor's statement that these discussions have been held behind closed doors. It appears as though this was done so they could limit the amount of opposition from residents in the nearby area. As a long time HB resident, I feel like the Marina side of town always feels like the "wrong side of the tracks".

Good Viking Foundation,

I wanted to make you aware of some information we received this afternoon about the city's plan to place a 50 bed homeless shelter on 5770 Research Drive next to Marina High School. Here is an article about the decision: <https://www.latimes.com/socal/daily-pilot/news/tn-dpt-me-hb-homeless-shelter-20190328-story.html>

As principal, I have some concerns about this decision, but I also thought it was important to reach out to our parent leadership groups for feedback. Please feel free to send me any thoughts, questions, or concerns as this will help drive my conversations with our Huntington Beach City Council members over the next few days.

If you would like to contact them directly, you can email the group at [city.council@surfcity-hb.org](mailto:city.council@surfcity-hb.org)

You can find their individual contact information using this link: <https://www.huntingtonbeachca.gov/government/staff-directory/staff-department.cfm>

Thank you for all that you do to support Marina High School.  
Jessie

On Wed, Mar 20, 2019 at 1:02 PM Viking Foundation <marina.hs.ed.foundation@gmail.com> wrote:

Hey gang,

thanks again for all the effort over the last month contacting possible vendors. I have created a list of the verbal commitments so far. Like to have a minimum of 10 vendors, and we are just there.

Lets focus on trying to lock down some more by next Friday the 29th. That will give us some insurance if anyone gets cold feet and backs out (It has happened in the past).

For the ones on this list, we will need to follow up on the items needed for participation. 1) The commitment form (needs to be filled out and returned, and 2) Insurance certificate. The requirements are listed on the commitment form. The HBUHSD needs to be named as a "Certificate Holder".

I have attached our insurance cert and you can see this in the lower left hand section.

Thanks!

Subject: Homeless shelter

To Whom it May Concern,

Is placing a homeless shelter smack dab in the middle of 3 schools (Marina High School, Clegg Elementary, and Stacey Middle School) the best idea the city of Huntington Beach and Westminster can come up with. I understand there is a problem with the homeless and the police departments inability to enforce laws because there is nowhere else for the homeless to go. However, I do not believe the proposed location is a good solution to the problem.

Dear Members of the Huntington Beach City Council:

This afternoon I tried to reach those of you for whom I have a work or personal telephone number. However, in order to reach those members for whom I do not have personal contact information, I am reaching out to the entire Council in this email message.

On behalf of the Governing Board of the Huntington Beach Union High School District, I wish to convey two serious concerns regarding the proposal to establish a 50-bed homeless shelter on Research Drive adjacent to Marina High School and which the Council is scheduled to consider at its meeting on Monday evening.

1. It is difficult to understand why the District received no notification concerning the proposal until this morning (Thursday), in light of an agendized Council discussion and vote that is scheduled two business days later. Our Board of Trustees and District Administration have endeavored to work closely and cooperatively with the City whenever an issue affects both entities. To a large degree we serve the same constituency and it seems only proper and appropriate that we consult and work jointly in such matters to protect the interests of those we represent. We were very surprised by the late notification and lack of communication. In a conversation with a representative of the proposed facility, a Trustee was informed today "the lease was signed, sealed, and delivered a week ago." To our eyes, it appears this may be a "done deal" especially in light of the media report today.

2. The safety of our students' is our primary concern. We are aware that when homeless individuals enter the Marina High School campus our staff is required to escort them off the grounds. Sometimes they have been found loitering near the girls restrooms. I fear that if the Shelter is established as proposed, in the mornings, those individuals who were housed there during the night will leave the facility traveling down Graham Street or Springdale Street. Such a route will bring them directly in front of, or in back of, Marina High School, as well as the park by the tennis courts.

While not insensitive to the City's dilemma in needing to secure a shelter location in order to enforce its anti-camping ordinance, the safety of our children and youth must be your primary concern. I urge you to cast a "No" vote on any proposal to locate a homeless shelter adjacent to a school in our community.

Yours truly,

Duane Dishno, Ed.D.

President, Huntington Beach Union High School District Board of Trustees

**To:** CITY COUNCIL <city.council@surfcity-hb.org>  
**Subject:** 4/1/19 Agenda Item 13 "Navigation Center"

City Council Members and Mayor Peterson I urge you to please reconsider the placement of the 50 Bed Navigation Center that is proposed on Research Drive sharing a common wall with Marina High School. If our council really wants to help our homeless community, we would be placing the Navigation Center closer to resources needed by homeless individuals, i.e. medical and transportation facilities. I understand no one wants this in their neighborhood, but I feel more research needs to be conducted on location that best provides services need and to select a building on Research Drive is/was a rush decision.

Sincerely,  
Elizabeth Esparza

Notes

I just learned that you are scheduled to vote Monday on the Huntington Beach 50 bed homeless shelter in close proximity to Marina High School and several residential areas. I urge you to take into consideration that a homeless shelter placed next to a school is an extremely poor idea. Many homeless shelters are prone to violence particularly towards women and can house people with mental illnesses. It would be irresponsible to place this shelter so close to our children at MHS. We all remember the fatal shooting across the street from MHS in September of 2017. I do not disagree with the need for homeless shelters nor do I discount the good they do. I just think there is better judgement needed on where to place it. Thank you.

Dear Huntington Beach City Council,

I was recently informed of the city's plan to place a 50 bed homeless shelter on 5770 Research Drive next to Marina High School. As an administrator of this school it my charge to ensure the safety of our students and our community. I love the idea of a homeless shelter in the city of Huntington Beach, but respectfully request that you seek out a different site for this shelter that is not in such close proximity to our school or any others.

I greatly appreciate your consideration in this matter and thank you for all that you do for our city and our students.

With smiles,

**Subject:** Proposed Homeless Shelter

Dear Huntington Beach City Council,

This afternoon I was informed of the city's plan to place a 50 bed homeless shelter on 5770 Research Drive next to Marina High School. As you know, the safety of our students and our community is a top priority. We respectfully request that you seek out a different site for this shelter that is not in such close proximity to our school or any others. I have contacted each of you individually and am looking forward to speaking with you about this issue.

So many of you are connected to Marina High School in such positive ways, and we have always appreciated your support. Thank you for all of the work that you do for the city of Huntington Beach.

Thank You,  
Jessie Marion

**Subject:** Homeless Shelter

Good afternoon Council Members,

I am writing to express my concern with your proposed homeless shelter location, which will share a common wall with Marina High School. Although, I do not have a student attending Marina, at this time, I have one who would be starting in 2022.

I am sure you are aware this shelter will have many unintended consequences on the children you have been tasked with protecting. Not only will Marina High School students be put at risk, all of the local sports teams who use the field will also be negatively impacted.

I am not saying that all homeless individuals pose a risk to the children, but is it really worth the risk? Many individuals in the homeless population suffer from various types of mental illness. Without proper treatment this leaves them very unpredictable. Also, there is the element of drugs, alcohol, public health concerns, and increased criminal behavior. In July of 2017, there were nearly 7,000 registered sex offenders who were reported to be homeless. Can you imagine how much that number has increased since then?

I understand you all have a difficult job between satisfying state mandates and keeping the citizens of Huntington Beach safe. I am begging you all to think first about protecting these children. None of you can possibly think that a homeless shelter directly connected to a high school is a good idea.

<https://www.google.com/amp/s/www.nbclosangeles.com/news/local/Calif-Seeks-Solutions-Homeless-Sex-Offender-Rate-437395123.html%3famp=y>

Thank you for your time. I look forward to hearing from you.

Delany Pratt

**Subject:** Homeless shelter concern

Hi City Council,

I am a current resident of HB. I have lived here for 40 years. I have two children that the homeless shelter location will impact. I am very concerned that the homeless shelter will be near Marina HS, Grace Lutheran preschool, Elementary School and Middle school along with Huntington West Little League. This is very concerning! This location will potentially be impacting children in preschool all the way through HS.

Please reconsider this proposal and find a location away from our children!!

Thanks!

Amber

### AGENDA COMMENT

**From:** Cory Rasmussen (MHS) <csrasmussen@hbuhsd.edu>  
**Sent:** Thursday, March 28, 2019 4:52 PM  
**To:** CITY COUNCIL <city.council@surfcity-hb.org>  
**Subject:** Homeless Shelter in Proximity to Marina

To the members of City Council (Erik Peterson, Lyn Semeta, Patrick Brenden, Kim Carr, Barbara Delgleize, Jill Hardy, and Mikey Posey)

I am a teacher at Marina High School who was recently told of a decision to build a 50-bed homeless shelter in direct proximity to our school campus. As a teacher who greatly cares for the wellbeing of our students, I feel this is not a good solution and puts our students in direct danger, especially since the public park near the proposed homeless shelter is directly adjacent to our campus with no barrier or protection.

While I understand the pressure to build affordable housing and shelters because of the California lawsuit against Huntington Beach, I also understand that there has to be other, more viable options to consider that give needed beds to the homeless without jeopardizing the safety of our community's children.

According to a recent study, entitled "Effect of Emergency Winter Homeless Shelters on Property Crime," the researches concluded that they "found strong evidence that the presence of a shelter is associated with an increase in property and mischief crime, with a decreasing effect with increasing distance from the shelter" (Faraji 7).

These types of shelters often bring in mentally unstable adults, who have drug and alcoholic addictions. Your decision to build the shelter so close to Marina puts our students right in the pathway of avoidable hazards and "mischief crime."

Let it be on record that you have been made aware of the possible dangers involved with this decision. If anything should happen to our students, you will be directly responsible.

Please find another location. This is not a good decision for any party involved.

A concerned teacher,

*Mr. Cory Rasmussen*

**Subject:** Homeless shelter

Dear Council Members,

I question the location of the proposed homeless shelter near McFadden and Springdale. I do not think putting a homeless shelter that close to Marina High School is a good idea. Student safety should be a top consideration.

**Subject:** Homeless Shelter

Dear City Council,

My name is Natasha Souders and I am a teacher at Marina High School. I also live in Huntington Beach and have lived here almost my entire life. I'm writing to express my concern over the proposed homeless shelter at 5770 Research Drive. This is extremely close to our high school campus, and I'm worried it would cause problems. Maybe you can put the shelter a few blocks further at the spot where they are reconstructing Boeing's parking lot.

Thanks,  
Natasha Souders

What are you thinking putting that with in a 3 mile radius of a school & park? It will attract crime & mischief which usually follows people of the homeless. So what's next?? We don't have Head Start programming & low income housing in the zip code of 92647 to accommodate these people trying to make it on their feet. Please go back to the federal judge & Sacramento to re-route these shelter accommodations in cities that have programs in place. The Tax/Income ratio in 92647 is to high & to expensive for the average income family as it is. We don't have enough resources to be able to handle what's going to happen (a massive amount of homeless migration moving in).

Notes

Homeless shelter proposed near Marina High School. I live in HB but work in Santa Ana Civic Center. We had a homeless encampment next to our building and it was a nightmare. There is the Courtyard Shelter just a few blocks away and we are still having problems with the homeless. No shelter should be near residential areas or schools because it brings crime, property damage and drugs. Keep our neighborhoods and schools safe and do not allow this shelter in this area.

#### COMMENTS & ADDITIONAL NOTES

To just dump a homeless shelter in ANY neighborhood without taking into account the affect on the taxpaying residents is grossly negligent on the part of the city. I am going to present the attached at the meeting on Monday. One big question: what happens when the police find camping homeless? Are they arrested or are they transported to the shelter, thereby dumping a citywide problem into one neighborhood?
