COMMENTS & ADDITIONAL NOTES

To all council members, My wife and I have voiced our concerns many times since we first learned on 3-29-2019 of a proposed homeless shelter in the newspaper. I have read all available information. I have family that works in the "social services field" for many years. I realize a viable solution must be reached. But to vote on such an important issue in this manner, as soon as 4-18-2019 during spring break at 4 pm?. Unbelievable. I URGE you all to vote NO. Thank you, Chuck Burns and family Hunt Beach 714 369-7384

COMMENTS & ADDITIONAL NOTES

While I'm all for helping homeless and those in need, I don't believe this location is best suited for this establishment. Due to the number of children's activities so close by. I have family members and friends that use these locations and as a female I would not feel comfortable going to visit due to any potentially uncomfortable run-Ins.

To: CITY COUNCIL <city.council@surfcity-hb.org>
Subject: Homeless Shelter

To Whom it Concerns,

I've been a resident for over 58 years. I absolutely can't imagine that our City Council would allow this to happen to our beautiful city. Our hard working families trying to make a living, pay business licenses, and taxes to have our business's here. These 7 council people having the power to destroy our city and work places? Us citizens have no rights? He have not had the opportunity to vote as a city for this. The property is not zones for this, and who is changing this? Is our City Planning Department involved as well? Lastly, who'd even go to any business even closes to this area, I won't. The needles, crime, trash, even the Santa Ana Court House and city of Anaheim was tired of them.

I guess it's time to "re-locate" my business. Stupidity at it's finest.

Alicia Cullen

voting NO on the homeless shelter proposed for Pipeline near Marina High School. Horrible location---get it out of our City---will only attract more vagrants/don't contribute to society. or the mental ones, need to be hospitalized---where is the state mental institution? this is a beach community/suburb--not downtown LA. Bus them to Beaumont or the desert not to our High School/neighborhoods.

COMMENTS & ADDITIONAL NOTES

To all council members, It comes as a shock to me that this vote has now been changed to Thursday. Only two days ago was the city council meeting where many residents raised concern regarding this "Navigation Center". If it seemed like a small gathering, it's because a 3:30pm meeting is very hard for the majority to attend. There are many questions that have yet to be answered, most importantly why only one area of the city has been targeted. An area of the city that has over 5 schools in a couple mile radius and many children oriented businesses only a few blocks away. Each and everyone one of you know that this will lower property value to all businesses and homes within a mile or so radius. If anything you might be creating an even bigger problem when businesses decide to leave and the homeowners who want to do the same can't as a result of this "Navigation Center". It's truly a shame to me that the people my daughter are supposed to look up to, can turn a blind eye and place a homeless shelter a few blocks from where she's supposed to feel safe. Each and every one of you were elected because residents thought they could trust you, your next decision will determine if they were right.

COMMENTS & ADDITIONAL NOTES

Homeless Shelter on Pipeline I urge all of you to not move forward on this location. The city does not have the funds for this project. Other cities have partnered to share financial burdens of shelters or in some cases, received grants. It is simply irresponsible to allot money for a project that has long term ramifications when so many other things are in a deficit situation. The residents of Huntington Beach simply cannot shoulder the financial burden of acquiring a building particularly when the burden should be falling on the county, with a share of fiscal responsibility coming from individual cities. We are not a charter city and we should not be caving to this. It is wrong in so many aspects including the current selected location. Again I urge all of you to not move forward with this and respect your constituents

Subject: Homeless shelter

I am appalled that our city council is making a decision that impacts our children, homes, and businesses without listening to their constituents . This location is unacceptable!! Please listen to us!! From a resident of Huntington Beach for over 51 years, daughters who went to Marina High School, and now my grandson who is going to Marina I think I should have a vote on this. Please reconsider.

Sincerely,

Linda Falk

Thank you, Mayor Peterson for bringing forward the proposal for the purchase of 15311 Pipeline for use as a navigation center. You and the council know that I support this project and definitely support the purchase of the site. I am confident that the city will provide excellent security and contract with a first class service provider. It's the right thing to do at this time. Please call on me to help in any way.

Sincerely,

Pat Goodman

From: Janice Goodwin <janice@1ppc.com>
Sent: Wednesday, April 17, 2019 2:29 PM
To: CITY COUNCIL <city.council@surfcity-hb.org>
Subject: homeless shelter in HB

We don't need any more homeless than we already have in the area. They are flocking here like birds of a feather. This population gets the word out to each other and bam they are here. Who would not want to live in HB, but pay to live here like the rest of us. Imagine if they would get a job and become apart of society where they would not known as someone rather than a tilte of "homeless". They don't want to better themselves they want everything for free and this state gives a lot to them. Do you know of all the programs HB churches have providing food (meals & packaged) to them. Even 1 church allows them to shower. It seems the nicer we are they more the expect. Granted not every homeless person is a bad person (some are truly down on their luck), but the majority of them are not willing to work due to their lifestyle. Have you walked the streets or around local parks, there are always signs of drugs and alcohol. I work hard for my money and am honestly tired of prodiving my tax money to a variety of people whom have not a worry in the world as to how life is balanced.

I understand if we have the facility and they choose not to go we can arrest them. What good is this going to do and more tax dollars used on the courts and the police department could be using their skills in a much better way. Even if they have a facility once its full only more will come and we will have them on the streets. They will never not be in presence of the parks, back of buildings, under bridges, in the canals, etc.

Please stop this.

Janice Goodwin

Subject: NO HOMELESS SHELTER BY MY HOME!!!!

Dear City Council,

This homeless shelter in HB is ludicrous! We are hard-working people who live in the tract of homes less than a mile away from this proposed site. With property taxes, we pay about \$4000/month to live here. I'm aghast at the idea of homeless people living for free right next door, not to mention that it's dangerous! Crime will soar and my property value will plummet. We have two sons that attend Marina High School. They would no longer be allowed or encouraged to walk/bike to school. We also own a business in the industrials on Producer Lane. This shelter is a triple threat for us! They've already ruined the local beaches and shopping centers for us; they will NOT ruin my home or impede my safety.

**WE HAVE PLAYED BY THE RULES TO LIVE HERE.
EVERYONE SHOULD!!!!**

VOTE THIS DOWN IMMEDIATELY!

COMMENTS & ADDITIONAL NOTES

Re City Council Special Meeting, April 18, 2019 As residents in north Huntington Beach, near the site of the proposed homeless navigation center, we reiterate our support for the City's efforts to open this facility. Although there are many issues with shelters, and concerns about effects on neighborhoods, any site the City chooses will encounter opposition. The shelter will allow our police officers to get homeless off the streets, and provide temporary housing and badly needed services to a vulnerable population. We urge the City to move forward with the shelter, and ensure it is operated as outlined by City staff. Sincerely, Dan Jamieson Roxanne McMillen

To: CITY COUNCIL <city.council@surfcity-hb.org>
Subject: Proposed "Navigation Center" near my home - unacceptable

Dear City Council Members,

I am and have been in great distress since learning of the opening of a Navigation Center located within one-two miles of my home in Circle View. I have children who attend Marina High School and Circle View, and I am deeply worried about their safety and security in this neighborhood. I have noticed the increasing homeless population already, without the center, and I have heard all of the feedback from other residents who have attended these shady, and useless council meetings with minimal information being provided. The residents are being force-fed a location we do not want.

We were to be provided two weeks before a vote, and we were not. Why are other locations closer to less desirable areas not being considered? Slater and Beach is a much better area than our residential location. Perhaps over near where one of you fine folks live? Wouldn't that be lovely?

The City Council is failing the residents of Huntington Beach, and perhaps someone else would like to pay the tax dollars, and I will take my money and business to another city who cares about the residents' safety.

Best regards,

Jeanette Pattison
Circle View

Subject: Wow, all voices should be heard

Council members, All voices should be heard.
Something stinks about this whole Navigation program.
City members have worked very hard to live here. Why not at least listen.
So much division in our city right now.
Your leadership should be comforting not as it is. Sneaky and not caring for those of us who pay to live here!

Subject: Against Pipeline Navigation Center

AGENDA COMMENT

Vannia Peirce is completely against the Navigation Center as it is less than one mile from her home, Family Facilities and schools are nearby. She also thinks that having this meeting on April 18 is deceptive because many are on spring break or working and cannot attend.

Johanna Dombo

COMMENTS & ADDITIONAL NOTES

Re: Navigation Center/ Homeless Shelter - 15311 Pipeline Ln. HB Dear Mayor and City Council. My name is Vannia Peirce and have been a resident of Huntington Beach for almost 18 years. And want my opinion to be heard and counted against the proposed Homeless Shelter location at Pipeline Ln. The new proposed location is not viable for a Homeless Shelter and am completely against it. There are too many children school and children/family programs and facilities close by. Elementary Schools 1 mile away, Marina HS less than a mile away, SCATS Gymnastics at 200 yards away, The Rinks at 300 yards away, Get Air Trampolines, Bounce U, The Rinks, Grace Lutheran School 1300 yards. Why are you guys obsessing over this area of Huntington Beach? Why not right next to the police station and City Hall, which is actually a more appropriate location since it is close to all the facilities a shelter of this type requires for running on a daily basis. This sudden special meeting and agenda feels very deceptive to all HB residents and business owners. Why is it being held on a Thursday afternoon before all residents are back from work and most city officials and families are for the most part traveling this day for spring break? So shady, are you trying to take advantage of having less public comment at tomorrow's meeting? This vote could have been planned for next week and still satisfied the deadline. I would completely support the City of Huntington Beach if our City Attorney would appeal to the Supreme Court, instead of spending over 6 million dollars on an idea that will never work. Please do the right thing and urge you to vote NO. Sincerely, Vannia Alvarado-Peirce

COMMENTS & ADDITIONAL NOTES

Pipeline Homeless Shelter - again another meeting scheduled for s time when the majority of working taxpayers cannot attend. It's deplorable. I urge each of you to not move forward with the proposed homeless shelter on Pipeline. It is fraught with issues. In addition to the location being too close to schools and other facilities frequented by children, it is far too costly. Already we allegedly have a shortfall of funds in Huntington Beach in spite of the high taxes we pay. By allowing this you are pulling funds from other areas in our city that are already in desperate need such as our police department. This proposal to buy a building which will need significant tenant improvements in order to make it usable is irresponsible behavior in your fiduciary duties to the citizens of Huntington Beach. I implore you to not move forward on this project and also to make transparent to the citizens all the locations that have been considered for such project.

I'm more than disappointed with the ethics of you all. I guess the show at the library last weekend was just fluff... wish some of you would have taken what the majority of the residents said to heart. Guess you have to care about whom you're representing and have a heart first.

A vote during Easter break when most of your constituents are either working or on vacation with families. You are all a piece of work.

Subject: No Homeless shelter

Dear City Council,

I have little kids who attend schools and activities within walking distance from the proposed Pipeline homeless shelter location. I do not feel safe having a homeless shelter that close to my kids. This shelter is too close too many schools and children's youth activities. I worry for my kids safety and for the safety of all the children. Please consider a different location farther from the schools.

Sincerely,

Arlynn Vizcarra
HB resident and home owner

Sent: Wednesday, April 17, 2019 11:53 PM
To: CITY COUNCIL <city.council@surfcity-hb.org>
Subject: Fwd: HB Navigation Center

Dear City Counsel Members,

I don't know how much effort or who exactly is looking for other more suitable locations for the navigation center but this newly listed property (link below) would be an excellent long term location with room for expansion.

I mentioned this property in the private meeting today with City Attorney, Mike Gates, and Councilwoman Kim Carr but here are the actual details. It could house 4-5 times the amount of people as Pipeline and their pets. It's further from schools, would require way less over haul, on a much less congested street and is further away from residential and neighboring buildings with enough room for parking/ dog runs. Yes it's more expensive 8-9 mil but a better long term solution for the expected much higher PIT count coming this month. The building layout is much more of a turnkey solution than Pipeline.

Our business is located next door to the proposed Pipeline location and we are extremely concerned on so many levels. I am also a parent of a marina high grad who has been verbally assaulted walking home from Marina HS by homeless people and a homeowner across from the school.

This vote has been forced through without allowing enough time for proper location analysis, impact studies and consideration. I strongly propose taking a little more time to thoroughly look at all options versus this short term band aid of an acquisition.

The Homeless shelter Location * Barbara, This is ruining the value of all of our properties, It already has and its just NOT SAFE!!!! I am seeing so many mentally challenged individuals walking into my neighborhood daily NOW. You guys spent all this money on Pacific City and tourism but let these dirty vagrants just walk around doing what they want. It's Not Fair to us law abiding TAX PAYING Homeowners / citizens who by the way have lived here for 54 years and I've never wanted to leave until now. I never thought I would ever want to leave my birthplace but greed is changing everything and we don't like it. You need to fit for your city NOW and back the residence instead of politics

Comments

Dear City Council Members, I am writing today, on the eve of tonight's vote regarding the Pipeline Drive property and its future use as a homeless shelter, to congratulate you.

While I wish I was writing to offer sincere congratulations for all your forward-thinking efforts and local actions aimed at making today's Huntington Beach a more mindful and compassionate community, sadly I am not.

Tonight, rather than having a substantive discussion and debate with community members about how to best address the local and regional issue of homelessness, you will be forced to face an angry mob armed with personal grievance and a deep sense of victimization. During the Public Comments (as well as in the written comments like this one) there will be a seemingly endless array of stories and personal recollections of nostalgic memories of "... the Huntington Beach I once knew ..." and "... our sleepy little beach town ...", and then these warm and comforting tales will be dramatically contrast against today's Huntington Beach where danger and peril have overtaken every neighborhood and long-time HB residents are now embarrassed to call our city their home.

Even with a 4pm weekday meeting start-time and a limit of 3 minutes per speaker, these types of public comments could go on for hours. There won't be any mention of constructive alternative for using the Pipeline Drive property nor any expressed compassion for those the Navigation Center seeks to help. And perhaps inevitably there will be absolutely zero understanding or acknowledgement of your situation as an elected official and the difficulty of this decision.

Tonight's Public Comments will bring you face-to-face with a vivid snapshot of politics today Huntington Beach. Most of the loudest voices will represent opinions limited to immediate self-interest at the expense of constructive and appropriate governance. As much as you may wish to have this mob of constituents understand and appreciate the potential liability and consequences for the City should you fail to act, all they will care about, shout about, and demonize you for is the belief that YOU are undermining their neighborhood and our city.

Although I strongly support the City of Huntington Beach taking constructive action to provide local services for the homeless community, in the end that's not really what this comment is about. Instead this is an opportunity to ask each council member to consider making a concerted attempt to be more mindful in your rhetoric and more focused on constructive and meaningful governance. I do not envy your task today, but I am hopeful that it may serve to inspire a more cooperative and civil environment for our city's future.

Thank you.

COMMENTS & ADDITIONAL NOTES

Homeless shelter - I cannot attend a 4 pm meeting to discuss your proposal for a 2nd site. HB needs to do its share and I strongly urge you to move this forward. No site is going to be perfect or have full support from citizens. However, it does not serve the homeless or our community to keep withdrawing proposals. Sometimes one needs to act on an unpopular idea to serve the needs of the community. I strongly urge you to do so.

COMMENTS & ADDITIONAL NOTES

The location of the Homeless navigation site is still unacceptable. Way too close to schools, scats, outbreak, the rinks, and parks. I aware that the upper middle class and upper echelon of Huntington Beach want the homeless out of their area but it seems as if this council is hell bent on a location in North Huntington. What a pity that this part of the city will greatly be affected. I do not feel safe or comfortable having a shelter within such a close distance to my kid's school. When the homeless leave in the morning where do you think they will go? Right into Robinwood Park, Carr Park and other surrounding neighborhoods. The fact you will allow addicts into the shelter scares me even further. Please for the sake of the schools in the area, move the location.
