C/O Written Water and Sewer Protest

SUBJECT; City of Huntington Beach Water Rates

I protest the increase of the water and sewer rates.

The news and internet are reporting record water levels in the California reservoirs and the snow pack in the Sierra mountains. Please research this and let me know why you want to increase the cost of water. With record levels of water on hand, a reasonable person would think the water rates would go down. As for the sewage cost increase, I would assume that all infrastructure is in place with all upgrades and maintenance cost budgeted into the yearly cost. Why do you need more money for sewage disposal?

I was also disappointed to learn that the Huntington Beach City counsel had a 15-year trash removal contract in place even after the original contractor sold out to a new company. Most cities award a 3-year contract, review the contractor performance yearly and then rebid the contract at the end of the 3-year period. A new 3-year contract should be awarded after a fair evaluation to the lowest cost and best qualified contractor. Awarding a contract longer than 3 years would make it appear that someone took money under the table. Why would any council member want to be place in that uncomfortable position?

This is what I propose, count up all the letters against the rate increase, and count up all the letters that want the rate increase and then use the simple rule of majority rule. I would take a wild guess and say that many more people are against another increase.

You should be spending our tax money like it is coming out of your pocket. Please look at what you are spending and see in you can cut back the city cost by at least 10%.

I will be closely watching what happens with this rate increase and will vote against any council member that votes for the rate increase. Others will be watching also.

Dear Sir or Madam:

Please register my objection to the raising of water and sewer rates by the City of Huntington Beach for the next five years, from July 1, 2019 through June 30, 2024.

This rate increase would present an increased financial hardship for this household. I am the homeowner and sole breadwinner for this property, and am already finding it challenging and stressful to meet current home maintenance expenses. We urge the HB City Council to seek other means and ways to support the infrastructure, and to consider fiscally CONSERVATIVE solutions rather than saddling the shrinking middle-class with yet more increases, taxes, rates, penalties, fees, etc.

Thank you for your serious consideration of this matter.

Statement of Protest:

We the undersigned property owners of the parcel address and assessor's parcel number shown below, protest the increased water and sewer rates to be reviewed at the public hearing to be held on Monday, May 20, 2019. These rate increases are excessively inflationary and do not reflect any reasonable inflationary rate that could be anticipated. Your Basic Water Meter Charge for a $\frac{3}{4}$ " meter changes from \$12.70 in FY 2018-2019 to \$17.28 in FY 2023-2024. This is a 36% increase over five years. Your Capital Charge for a $\frac{3}{4}$ " meter changes from \$3.00 in FY 2018-2019 to \$4.00 in FY 2022-2023. This is a 25% increase over four years.

We are not opposed to reasonable costs for infrastructure maintenance, but these rates are unrealistic.

Water Rates Protest.

PLEASE TAKE NOTICE THAT the City Council of the City of Huntington Beach will conduct a public hearing to consider approval of proposed increases and adjustments to the City's water and sewer rates for the next five years, from July 1, 2019 through June 30, 2024, at the following place and time:

Monday, May 20, 2019, at 6:00 p.m., at the Huntington Beach City Council Chambers, 2000 Main Street, Huntington Beach, California.

At the public hearing, the City Council will hear and consider all testimony to the proposed increases and adjustments to the water and sewer rates described below, and consider whether to adopt the proposed Ordinances and Resolutions amending the water and sewer rates.

As required by Article XIII D, Section 6 of the California Constitution, the City Council also will take all written protests against the proposed adjustment of water and sewer rates, and determine if a majority protest exists. Any property owner or property tenant of the parcel subject to the payment of the water and sewer rates may submit a signed, written protest against the proposed increases. Written protests may be mailed or personally delivered to the City Clerk at City Hall, c/o Written Water and Sewer Protest, 2000 Main Street, 2nd Floor, Huntington Beach, CA 92648. Protests that are mailed or delivered to City Hall must be received by the City Clerk before 5:00 p.m. on May 20, 2019. Written protests also may be delivered to the City Clerk at the May 20, 2019 public hearing until the close of the public hearing. *Written Protest against the proposed increase.*

(1) Name Thomas M. Li (2) Address 6772 FINDLEY CIRCLE HIB CA 92648

To be valid, a protest must include: (1) the name of the parcel owner or tenant of the owner; (2) the parcel address and/or assessor's parcel number; (3) a statement of protest ("I/we protest the increase of water rates" will suffice); and (4) bear the original signature of the parcel owner or tenant. Please also write "City of Huntington Beach Water Rates" on your written protest. Email protests and protests by telephone will not be accepted or counted. Only one written protest per parcel will be counted. Please note each owner and/or tenant of record on the same parcel will be counted as a single vote, regardless of the number of persons receiving water and sewer service. *Signature*

(3) I protest the increase of water rates. (4) Thomas M. Li ("City of Huntington Beach Water Rates")
In the event of a majority protest, the proposed adjustment of water and sewer rates shall not be adopted. A majority protest shall exist only in the event that a majority of owners and tenants of the parcels subject to the water and sewer rates timely submit written protests against the proposed rate increase to the City of Huntington Beach.

For additional information, please call (714) 374-1641.

Explanation of Proposed Water Service Rate Action

The City of Huntington Beach is dedicated to providing reliable water and sewer services in a cost-effective manner while protecting water resources and the public's health. The City's proposed water rate structure includes three components: (1) a water commodity charge based upon the amount of water consumed; (2) a flat monthly fee, based upon the size of the water meter, and, (3) a capital charge based upon the size of the meter.

Water Usage/Commodity Rate - The water usage or "commodity" rate is based on actual meter readings. The monthly billing statement shows current use in units of 100 cubic feet (ccf) of water, which equals 748 gallons.

The City's primary water sources are groundwater, which is managed by the Orange County Water District (OCWD), and imported water from the Municipal Water District of Orange County (MWDOC). Since 2002, the City has utilized pass-through formulas to adjust the commodity rate based on changes to the rates charged by OCWD and MWDOC and the allowable ground water basin pumping percentage (BPP) set by the OCWD. It is proposed that the City Council continue this practice from July 1, 2019 through June 30, 2024.

Basic Water Meter Charge – The current fixed meter charge for a typical, single family home 3/4-inch meter is \$12.70 per month. Rates charged for larger meters are shown in the table below.

Since 2003, fixed meter charges have been adjusted annually by the annual percentage change available on July 1 in the Consumer Price Index for All Urban Consumers ("CPIU") in Los Angeles, Orange and Riverside counties established by the U.S. Bureau of Labor Statistics. In order to make up the revenue requirements to operate the system safely and effectively, a three year rate phased adjustment will be implemented. Beginning July 1, 2019, the basic meter fee will be adjusted by one dollar. On July 1, 2020, the basic meter fee will be adjusted by one dollar plus the year over year change in the CPIU. On July 1, 2021, the basic meter fee will be adjusted by one dollar plus the year over year change in the CPIU. Larger meters will be adjusted proportionately. On July 2, 2022 and July 1, 2023, the meter fees will be adjusted by the year over year change in the CPIU.

From: Ronald M. Frontino

Huntington Beach, Ca 92647

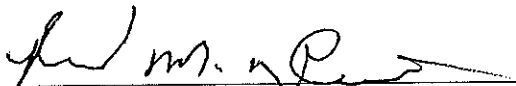

Subject: Protest to the City of Huntington Beach Water Rate Increase

As a homeowner in Huntington Beach, I protest the proposed water rate increases as outlined in the letter to City property owners. I also protest the proposed Capitol Charge increase.

The City is asking for a 7.3% raise in rates for 2019/2020, an estimated 9% raise in 20/21, an estimated 8.4% raise in 21/22, an estimated 2 ½% in 22/23, and an estimated 2 ½ % in 23/24.

Based on a 42 year carrier with a Utility, I understand why rates need to change. However, I have never received any notice from the City to lower rates. Additionally, the City receives a 5% utility charge from the serving Public Utilities on every residents and businesses monthly bills. The City has never written to explain how this money is used.

It's time for the City to begin reviewing their internal staff requirements in relationship to the hard working field employees who actually do the work that keeps the City functioning and safe.

To Whom It Concerns,

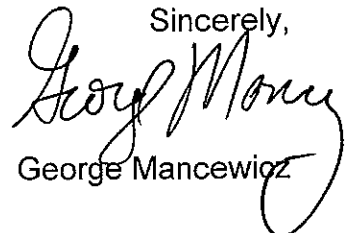

"City of Huntington Beach Water Rates"

I am protesting the increase of water rates!

	Year #	1	2	3	4	5	
	2019	2020	2021	2022	2023	2024	Average
3/4" Rate	\$ 12.70	\$ 13.70	\$ 15.05	\$ 16.43	\$ 16.85	\$ 17.28	\$ 15.86
Annual Increase		7.30%	8.97%	8.40%	2.49%	2.49%	5.93%
Total Increase		7.30%	15.61%	22.70%	24.63%	26.50%	19.35%

The rates being proposed are over and above existing inflation rates of less than 3%. This proposal is outrageous!

I am totally against these proposed rates!

I Protest the increase in Water rates:

Rates already were raised this past year once. I own a 4-plex and my bills have increased \$30 to \$35 a month with no increase in usage. The charts you sent are impossible to figure out how much more the increases will be. Numbers don't match up with billing figures.

I am protesting the City of Huntington Beach's Water Rates. Everywhere are "rate" increased with little regard to the citizens. Enough is enough. Many citizens are on fixed incomes. Tenants are facing soaring rents. And you gleefully hand out raises to your civic servants.

Instead of the same hefty financial burdens on the "civil servants" a competitive system will leave bidders to pay off the system through cost savings, lower taxes and, at least, inventive and creative providers. Business shouldn't be business as usual.

I/we protest the increase of water rates!

I understand and agree that we need to safely operate, replace and improve the water/sewer infrastructure. But, I don't approve of increasing rates/taxes for a long-term infrastructure problem you all knew we needed to eventually fix. This should have been budgeted and execute under the previous rates. It is unfair to continue to hike rates/taxes because you fail to balance and plan out your budgets correctly. Where is the accountability? Why is the answer always to ask or force tax payers to fork out more money for the incompetence of our elected officials? The City of Huntington Beach continues to develop high density housing, new hotels/retail, and increase tourism to bring in plenty of additional revenue to help pay for the outdated infrastructure. Stop passing the buck to us tax paying residents!

RE: City of Huntington Beach Water Rates

Dear City Clerk Robin Estanislau

This is my signed, written protest against the proposed increases of water and sewer rates for the next 5 years. This letter is written for the City Council Public Hearing meeting scheduled May 20, 2019.

I have been told my meter size is 1 1/2".

My basic water meter **monthly** charge will increase 36% by FY 23 – 24 to \$57.52.

My water meter capital **monthly** charge will increase 33.4% by FY 22 – 23 to \$13.34.

These proposed charges do not include my monthly water usage commodity rate.

These proposed charges do not include my Orange County Water District charges.

My property tax bill already includes water and sewer related charges for:

Huntington Beach City Sewer District
Metro Water District – MWDOC (Municipal Water District Orange County)
MWD (Municipal Water District) Water Standby Charge
OCSD (Orange County Sanitation District) Sewer User Fee

Thank you for giving my protest letter your serious consideration.

I am a property owner in the city of Huntington Beach, CA.

The Council should consider efficient money management before increasing water rates.

A suitable cost saver would be the elimination of random patrolling by the HBPD Air Unit. Keep it manned and pre-flighted but grounded until needed.

We object strenuously to further fee increases, and we vote.

COMMENTS & ADDITIONAL NOTES

Raising water and sewer rates 36% - why?? We've lived here for 47 years and haven't had an increase this high. We oppose it. Thank you.

Status Changed: 05/14/2019 10:00 AM

Work Order #158605 status has changed from assigned to resolved.
Thank you for your feedback. A copy of your comment submitted today will be provided to the City Council but does not qualify as a valid protest letter. Please know that in order for your opposition to the increase of water and sewer rates to be counted as a valid protest against the increase, the protest must be mailed or personally delivered to the City Clerk at City Hall, 2000 Main Street, 2nd Floor, Huntington Beach, CA 92648. Protests that are mailed or delivered to City Hall must be received by the City Clerk before 5:00 p.m. on May 20, 2019. Written protests also may be delivered to the City Clerk at the May 20, 2019 public hearing until the close of the public hearing. Email protests and protests by telephone will not be accepted or counted.
