RE: City of Huntington Beach Water Rates

Dear City Clerk Robin Estanislau

This is my signed, written protest against the proposed increases of water and sewer rates for the next 5 years. This letter is written for the City Council Public Hearing meeting scheduled May 20, 2019.

I have been told my meter size is 1 1/2".

My basic water meter **monthly** charge will increase **36%** by FY 23 – 24 to \$57.52.

My water meter capital **monthly** charge will increase **33.4%** by FY 22 – 23 to \$13.34.

These proposed charges do not include my monthly water usage commodity rate.

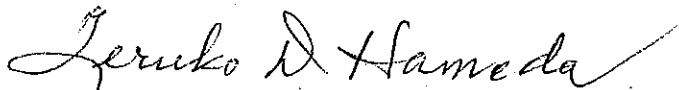

These proposed charges do not include my Orange County Water District charges.

My property tax bill already includes water and sewer related charges for:
Huntington Beach City Sewer District
Metro Water District – MWDOC (Municipal Water District Orange County)
MWD (Municipal Water District) Water Standby Charge
OCSO (Orange County Sanitation District) Sewer User Fee

Thank you for giving my protest letter your serious consideration.

I am a property owner in the city of Huntington Beach, CA.

RE: City of Huntington Beach Water Rates

Dear City Council:

I am contacting you as the property owner of rental property located at the following addresses in Huntington Beach:

7872-7912 Beachpoint Circle and 18351 Beach Blvd – APN 159-031-24

This letter is to protest the increase of water rates.

Parcel owners are currently assessed on their property tax bills annually to cover costs incurred by the City beyond our monthly usage charges. Further, any approved increases would have to be passed on to our residents, who are already struggling to find affordable housing.

In order for private property owners to continue to provide the public with housing at reasonable rates, the City must join that effort by controlling costs and improving efficiency.

Therefore I am opposed to any increase in rates.

Sincerely,

Katherine Johansen

To Whom It May Concern:

We are protesting the proposed adjustment of our water and sewer rates, As noted in your notice to customers about this increase you acknowledge that our rates increase every year, yet now you want to charge another "fee" to increase the amount we pay even more.

Enough is enough – we feel that we are already overburdened by our utility bills and regardless of the amount proposed do not approve of this increase.

Let this letter stand as our formal dispute/protest of this attempt to extract even more from our pockets.

Sincerely,

Julie Nevins-Gabrion
