SUPPLEMENTAL COMMUNICATION

Meeting Date: 7-15-2019

Agenda Item No.: 14 (19-783)

ASCON LANDFILL SITE UPDATE

NEXT STEPS BY DTSC & ASCON:

- Installation of 16 foot tall barrier fence to start this week.
- Investigation of feasibility of tenting or enclosure of excavation areas.
- Additional Excavation Cover to seal excavated areas and reduce odors.
- Additional air quality monitoring areas including: 2 locations in the community + Edison Park + Edison High School + Eader Elementary School.
- Will provide updated information on the enhancements and project schedule in the next two weeks.
- DTSC will host a public meeting before restart of remediation work.

• NEXT STEPS BY CITY:

- City of Huntington Beach to contract with Third Party Technical Advisor for city, school, and community assistance.
