### AGENDA COMMENT

**Subject** Community Choice Energy Feasibility Study  
**Name** Rachel Mireles  
**Email** rsampang@gmail.com

#### Comments

I would like to urge all council members to move forward with the Community Choice Energy Feasibility Study proposed by Council Members Carr and Delgleize. I think this is very beneficial option that will allow for more local control of a critical utility, including rates, investments, infrastructure, and other issues related to electrical utilities. Not only local control, but a CCE would give us a choice for residents and businesses to decide what is right for our own needs. As noted in the interoffice communication from Council members Carr and Delgleize dated July 23, 2019, this study is not a commitment or change or any kind, but only an investigation to the benefits and downfalls of such a program for HB.

Thank you for considering this, Rachel Mireles Nashville Ave., HB 92648

### SUPPLEMENTAL COMMUNICATION

Meeting Date: 8-5-19

Agenda Item No.: 21 (19-825)
