1. PROBLEM STATEMENT

Huntington Beach is a unique city given its population of over 200,000, continued growth, ocean front, large entertainment district, traffic volume, and visitors (Est. 16 million beach visitors annually). We have annual public events, which draw tens of thousands of people to a confined area. These events include the Surf City Marathon, 10K Run, Surf City Escape Triathlon, AVP Volleyball competition, 4th of July Parade and Firework Show, US Open of Surfing (9-day event), weekly Main Street Fair, two day Jazz Festival, multiple car shows, and the Great Pacific Airshow with an attendance estimated in excess of 2 million over the three-day event. In addition, there are ten major concert events held on the beach throughout the year with attendance in excess of 20,000, such as the Country Coastal Jam, which in 2019 will feature headliner Tim McGraw. People travel from all over California and the surrounding states to attend these events, which places a significant burden on the Huntington Beach Police Department for emergency services.

In recent years, the Huntington Beach Police Department, along with many other law enforcement agencies throughout the state, have seen operating budgets reduced and depleted. Because of these challenges, departments often look to outside resources such as the Office of Traffic Safety as an additional resource to assist with traffic enforcement and education with the expressed goal of eliminating traffic deaths and injuries, reducing economic losses and increasing public safety. At one time, the Huntington Beach Police Department had two dedicated DUI Officers. However, due to staffing and budgetary issues, we currently have only one grant funded DUI Officer and as a result, we face continuing challenges in meeting our enforcement and educational goals.

There is technology and equipment available which allows officers to complete traffic collision reports in a computer format. The primary focus of utilizing electronic crash reporting and report submissions to the SWITRS is to increase accuracy. These systems also streamline this work product flow ensuring crash data are analyzed in a timely manner by those governmental entities who require this information. All of which allows law enforcement to better work with its counterparts to reduce collisions.

Another important aspect of using technology as a force multiplier is it allows police department staff to more quickly and efficiently handle calls for service, which frees up resources for enforcement and educational opportunities. We are constantly relying on technology as a force multiplier, which allows officers to engage in more enforcement and educational opportunities. With the future of allied agency reporting, new collision reporting technology allows for more efficient and accurate information sharing.

The Huntington Beach Police Department continues to handle an ever-increasing problem involving impaired driving while at the same time managing staffing and funding issues for traffic enforcement and education. In 2017-18, DUI arrests increased 17% (up from 803 the previous year to 941), which reveals an alarming upward trend of impaired drivers being contacted by police. During this time, we experienced 10 fatal collisions involving 12 victims, two of which were DUI related. One of the DUI related accidents resulted in the tragic death of three innocent teenage victims killed by an impaired driver.

Beginning in late 2013, we began analyzing all DUI arrest reports and collecting data from a greater number of categories. This helped us to paint a more realistic, accurate, and timely picture of the gravity of our DUI problem. We were able to better direct grant resources to the modes of transportation commonly involved in injury and fatal collisions, as evidenced by the number of DUI arrests made last year. Through analysis of historic crash data, the Huntington Beach Police Department was able to identify the majority of those arrested for DUI who were involved in traffic collisions are actually residents from surrounding cities and counties. As a result, DUI education remains a priority, for example, HBPD has embraced the "Know Your Limit" campaign and we have become one of the leading agencies in this area. In addition, by using social media, we continue to use these mediums to educate the public, notifying them of rising trends, and creating awareness of the true gravity of our local issues. Our Huntington Beach Police Department Facebook page remains one of the most "Followed" and "Liked" compared to other larger Southern California police agencies. This is significant in that Huntington Beach is a destination city and draws many non-residents to our city for events, beaches, parks, residences, and entertainment districts. We look to education and enforcement to combat our traffic problems.

In addition to the aforementioned DUI problem our department faces, additional crash data analysis reveal there is an identifiable pattern of additional behavior such as distracted driving, and other violations of common primary collision factors which lead to collisions. Simply issuing citations for these violations does not address the problem. We have seen success in the form of better coverage, more citizen contacts, educational events, and significant public relations with the increase of Traffic Enforcement, Distracted Driving, DUI Checkpoints and DUI Saturation Patrol categories. We are seeking funding in these categories as well as the "Know Your Limit" campaign to continue to bring awareness and enforcement to the public. In the first quarter of this current grant (FY 2018-19), we conducted 44 operations in the three-month period:

Many of our neighboring cities have smaller police departments with limited traffic enforcement resources, many having only one or two traffic officers. We propose working in concert with these smaller agencies to help them address their individual traffic needs through a collaborative effort of education and enforcement. This will also help to spread the mission of the Office of Traffic Safety to other jurisdictions in need.

B. Objectives:

	Target Number
1. Issue a press release announcing the kick-off of the grant by November 15. The kick-off press releases and media advisories, alerts, and materials must be emailed to the OTS Public Information Officer at pio@ots.ca.gov , and copied to your OTS Coordinator, for approval 14 days prior to the issuance date of the release.	1
2. Participate and report data (as required) in the following campaigns, National Walk to School Day, National Teen Driver Safety Week, NHTSA Winter Mobilization, National Distracted Driving Awareness Month, National Motorcycle Safety Month, National Bicycle Safety Month, National Click it or Ticket Mobilization, NHTSA Summer Mobilization, National Child Passenger Safety Week, and California's Pedestrian Safety Month.	10
3. Develop (by December 31) and/or maintain a "HOT Sheet" program to notify patrol and traffic officers to be on the lookout for identified repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. Updated HOT sheets should be distributed to patrol and traffic officers monthly.	12
4. Send law enforcement personnel to the NHTSA Standardized Field Sobriety Testing (SFST) (minimum 16 hours) POST-certified training.	4
5. Send law enforcement personnel to the NHTSA Advanced Roadside Impaired Driving Enforcement (ARIDE) 16 hour POST-certified training.	4

8. Send law enforcement personnel to SFST Instructor training.	1

9. Send law enforcement personnel to DRE Instructor training.	1
10. Conduct DUI/DL Checkpoints. A minimum of 1 checkpoint should be conducted during the NHTSA Winter Mobilization and 1 during the Summer Mobilization. To enhance the overall deterrent effect and promote high visibility, it is recommended the grantee issue an advance press release and conduct social media activity for each checkpoint. For combination DUI/DL checkpoints, departments should issue press releases that mention DL's will be checked at the DUI/DL checkpoint. Signs for DUI/DL checkpoints should read "DUI/Driver's License Checkpoint Ahead." OTS does not fund or support independent DL checkpoints. Only on an exception basis and with OTS pre-approval will OTS fund checkpoints that begin prior to 1800 hours. When possible, DUI/DL Checkpoint screeners should be DRE- or ARIDE-trained.	6
11. Conduct DUI Saturation Patrol operation(s).	36
12. Conduct Traffic Enforcement operation(s), including but not limited to, primary collision factor violations.	70
13. Conduct highly publicized Distracted Driving enforcement operation(s) targeting drivers using hand held cell phones and texting.	22

3. METHOD OF PROCEDURE	
A. <u>Phase 1 – Program Preparation</u> (1st Quarter of Grant Year)	
<ul style="list-style-type: none"> The department will develop operational plans to implement the “best practice” strategies outlined in the objectives section. All training needed to implement the program should be conducted this quarter. All grant related purchases needed to implement the program should be made this quarter. In order to develop/maintain the “Hot Sheets,” research will be conducted to identify the “worst of the worst” repeat DUI offenders with a suspended or revoked license as a result of DUI convictions. The Hot Sheets may include the driver’s name, last known address, DOB, description, current license status, and the number of times suspended or revoked for DUI. Hot Sheets should be updated and distributed to traffic and patrol officers at least monthly. Implementation of the STEP grant activities will be accomplished by deploying personnel at high collision locations. 	
<u>Media Requirements</u>	
<ul style="list-style-type: none"> Issue a press release announcing the kick-off of the grant by November 15, but no earlier than October 1. If unable to meet the November 15 date, communicate reasons to your OTS Coordinator. The kick-off press releases and any related media advisories, alerts, and materials must be emailed for approval to the OTS Public Information Officer at pio@ots.ca.gov, and copied to your OTS Coordinator, 14 days prior to the issuance date of the release. 	
B. <u>Phase 2 – Program Operations</u> (Throughout Grant Year)	
<ul style="list-style-type: none"> The department will work to create media opportunities throughout the grant period to call attention to the innovative program strategies and outcomes. 	
<u>Media Requirements</u>	
<ul style="list-style-type: none"> Send all grant-related activity press releases, media advisories, alerts and general public materials to the OTS Public Information Officer (PIO) at pio@ots.ca.gov, with a copy to your OTS Coordinator. The following requirements are for grant-related activities and are different from those regarding any grant kick-off release or announcement. 	

- If an OTS-supplied, template-based press release is used, there is no need for pre-approval, however, the OTS PIO and Coordinator should be copied when at the same time as the release is distributed to the press.
- If an OTS-supplied template is not used, or is substantially changed, a draft press release shall be sent to the OTS PIO for approval. Optimum lead-time would be 10 days prior to the release distribution date, but should be no less than 5 working days prior to the release distribution date.
- Press releases reporting the immediate and time-valued results of grant activities such as enforcement operations are exempt from the recommended advance approval process, but still should be copied to the OTS PIO and Coordinator when the release is distributed to the press.
- Use the following standard language in all press, media, and printed materials: Funding for this program was provided by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration.
- Email the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator at least 30 days in advance, a short description of any significant grant-related traffic safety event or program so OTS has sufficient notice to arrange for attendance and/or participation in the event.
- Submit a draft or rough-cut of all printed or recorded material (brochures, posters, scripts, artwork, trailer graphics, etc.) to the OTS PIO at pio@ots.ca.gov and copy your OTS Coordinator for approval 14 days prior to the production or duplication.
- Space permitting, include the OTS logo, on grant-funded print materials; consult your OTS Coordinator for specifics and format-appropriate logos.
- Contact the OTS PIO or your OTS Coordinator, sufficiently far enough in advance of need, for consultation when deviation from any of the above requirements might be contemplated

C. Phase 3 – Data Collection & Reporting (Throughout Grant Year)

- Invoice Claims (due January 30, April 30, July 30, and October 30)
- Quarterly Performance Reports (due January 30, April 30, July 30, and October 30)
 - Collect and report quarterly, appropriate data that supports the progress of goals and objectives.
 - Provide a brief list of activity conducted, procurement of grant-funded items, and significant media activities. Include status of grant-funded personnel, status of contracts, challenges, or special accomplishments.
 - Provide a brief summary of quarterly accomplishments and explanations for objectives not completed or plans for upcoming activities.
 - Collect, analyze and report statistical data relating to the grant goals and objectives.

4. METHOD OF EVALUATION

Using the data compiled during the grant, the Grant Director will complete the “Final Evaluation” section in the fourth/final Quarterly Performance Report (QPR). The Final Evaluation should provide a brief summary of the grant’s accomplishments, challenges and significant activities. This narrative should also include whether goals and objectives were met, exceeded, or an explanation of why objectives were not completed.

5. ADMINISTRATIVE SUPPORT

This program has full administrative support, and every effort will be made to continue the grant activities after grant conclusion.

Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

The prospective primary tier participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary tier participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

BUY AMERICA ACT

(applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

LAW ENFORCEMENT AGENCIES

All subrecipient law enforcement agencies shall comply with California law regarding profiling. Penal Code section 13519.4, subdivision (e), defines "racial profiling" as the "practice of detaining a suspect based on a broad set of criteria which casts suspicion on an entire class of people without any individualized suspicion of the particular person being stopped." Then, subdivision (f) of that section goes on to provide, "A law enforcement officer shall not engage in racial profiling."
