### Agenda & Public Hearing Comments

#### SUB TYPE

City Council Meeting

#### STREET ADDRESS

#### COMMENTS & ADDITIONAL NOTES

I oppose having a homeless shelter at 17881 Beach Blvd. We already have 5 drug rehab centers within blocks of each other. 18090, 18377, 18582, 18682, 16152 all on Beach Blvd Also there are 2 liquor and a 7-11 store in close proximity of the proposed shelter. This is NOT conducive to substance abuse recovery. The homeowner in this area have already taken on more than our share of the city's homeless problem. Please reconsider and find a more suitable location.

### COMMENTS & ADDITIONAL NOTES

Dear C C Members We, my wife and I, strongly oppose the "homeless" shelter being considered at 17881 Beach Blvd. At 18090, 18337, 18582, 18682. & 16152 there already exists so called drug rehabs. Also 3 liquor stores within walking distance. We, the homeowners, in our track near Beach & Talbert have taken our share of this homeless problem. Thank you, Darrin Horowitz

### AGENDA COMMENT

**From:** berreprincess@aol.com <berreprincess@aol.com>  
**Sent:** Tuesday, September 24, 2019 10:09 AM  
**To:** CITY COUNCIL <city.council@surfcity-hb.org>  
**Subject:** "Navigation Center"

Please just stop with this "Navigation" scam. The facts are its the new word being used for homeless shelters and money maker for whoever is running the place. As well as the fact is the city of HB already wasted over 2 million dollars on a building that can't be used for this whole concept. Stop wasting HB's money on this scam. We all know that its possible to remove those that need to be if there is a hazard of any kind. The San Fernando Valley just proved that with the fact they were removing a homeless encampment in the Sepulveda Basin because it was a hazard in many ways. We have areas here that could be labeled as health hazards when they set up encampments in the parks, wetlands or the beach. As well as around alleyways or businesses. In the case of places like the parks it could also be labeled as a fire hazard with having them there. The fire that happened in the Sepulveda Basin is a perfect example of that and the fact that it has happened in a park here Do we want to see something like that happen again? When you have our own city homeless task force saying most do not want help or a shelter to go to then what? You shove them off to another part of town? The next city over to deal with? How does this fix anything? Instead why are we not letting the Boise case be handled first? You approved our CA to join the fight on allowing these bums to set up camp wherever so why not let that happen? In the meantime, get rid of part of the problem, the sober living homes that are not helping the problem. Deal with those breaking laws each time they do. Go after the ones camping out in the parks and in RVs that are full of bikes and bike parts. You know they are NOT those people's bikes but stolen ones so deal with it! Handle the ones that are threats to the residents here! We all know the ones that want the help will get it but the numbers are small on those that do and the "Navigation" scam is not going to change that or help. It will bring more to the area you try to set it up in and make things worse for those dealing with the homeless already causing havoc. What most homeless need are mental hospitals and legit rehabs. This is what should be fought for. Not a money making business like a "Navigation Center".
