CIVIC INTERESTS

I was a member of the Environmental Board in the early 1990's, but have not served on a city board since.

I have been active in the Huntington Beach Lions Club, chairing the Student Speakers contest and Ronald MacDonald House dinners, and have participated in numerous Crabfests and pancake breakfasts.

I am also a mentor for American Corporate Partners, and have assisted veterans over the past three years transition to civilian careers by one-on-one coaching.

My interest for Huntington Beach is to make sure we maintain clean water and beaches, and preserve our wetlands and natural spaces.

HOW WILL YOUR QUALIFICATIONS BEST SERVE THE NEEDS OF THE COMMUNITY?

As a long-time resident of Huntington Beach and an environmental engineering professional, I believe I am well qualified to assist the city on making sound decisions on issues impacting the health and welfare of its residents and the surrounding environment. Much of my career has been spent helping the Department of Defense negotiate win-win solutions to complex environmental problems, coming from a position of pragmatism, not activism.

WHY DO YOU WISH TO SERVE ON A VOLUNTEER CITIZEN'S BODY?

I am nearing retirement, plan to stay in Huntington Beach, and would like to use my professional skills to support my community.

Also, I would like to help maintain Huntington Beach as the wonderful place to live it currently is, including making sure we protect our natural spaces and marine environment, conserve water, and make sound decisions on future construction projects.

I would also enjoy interacting with like-minded fellow board members for the betterment of our community.
